# There's a Reason for Everything

The reason we enjoy the largest dental practice in Oregon City is because we try to excel in our work. Our work lasts, we never do poor work. The people know it. Our constant effort is to give not "just as good" but the best work, and that for as little money as

possible. Our recent trip East to the great centers of dental education, was for the purpose of giving you the latest and best, up-to-date dentistry. Our seventeen years of successful practice in Oregon City is the best guarantee any dentist can give you. A guarantee is good only as long as you can find one who gives it, and then not always. We are careful not to hurt you, as we have feelings ourselves. We want your work and want you to send us your friends. Have an eastern expert graduate assistant dentist. We put our own name back of our practice. Our prices are the lowest in the city for good work.
