KNOCKED WIFE DOWN AND ABDUCTED BOY

CHARGE BROUGHT IN DIVORCE SUIT BY MAY HICKLIN AGAINST HUSBAND.

FARMERS MAY KILL INJURED LIVESTOCK

Salem, July 18—Farmers along the Heppner branch of the O. R. & N. and in some other sections of the state have in a number of instances permitted their horses and cattle to linger near the tracks when passing by railway trains, this practice being due to a commonly accepted belief that the owners could not recover damages if they killed the injured stock.

The Oregon Railroad commission has taken the matter up with the O. R. & N. officials and has been informed that the railroad has made no rule and has pursued no policy which prevents a farmer from killing stock that has been so seriously injured that it should be killed. It has been the practice of some farmers to let injured stock lie beside the track and suffer until railroad employes came and killed the animals.

The railroad commission has ascertained that a farmer does not in any way prejudice his claim for damages by killing his stock, though in such cases he should always take witness to see the stock, so that he will be able to prove the injury.

The interest the commission has taken in the matter will result in more humane treatment of injured stock.

There's a Reason for Everything

The reason we enjoy the largest dental practice in Oregon City is because we try to excel in our work. Our work lasts, we never do poor work. The people know it. Our constant effort is to give not "just as good" but the best work, and that for as little money as possible.

Our recent trip East to the great centers of dental education, was for the purpose of giving you the latest and best, up-to-date dentistry. Our seventeen years of successful practice in Oregon City is the best guarantee any dentist can give you. A guarantee is good only as long as you can find one who gives it, and then not always. We are careful not to hurt you, as we have feelings ourselves. We want your work and want you to send us your friends. Have an eastern expert graduate assistant dentist. We put our own name back of our practice. Our prices are the lowest in the city for good work.
