# SHARE OF **CLACKAMAS**

Apportionment of State School Fund Gives This County \$13,454.90

Clackamas county will receive from the state school fund this year the sum of \$13,454.90, on a per capita of tween the ages of 4 and 20 years,

The apportionment was made at The apportionment was made at Salem Thursday by State Treasurer county, Pa. This remedy is for sale George A Steel. The total amount of by Howell & Jones. the fund is \$247,289.13. The total school population is 157,509. Multnomah county of course leads with 35,688 of school age and \$56,030.16 as its share of school money.

Marion county has next the largest number of school age, 10,399, and receives \$16,326.43. Lane is third and just ahead of Clackamas with 8,859 children and \$13,908.63 in money.

Clackamas is fourth and the number of school age in some of the other leading counties follow in order: Linn 6625, Umatilla 6316, Washington 6227. Jackson 5616, Douglas 5594, Yambill 5559, Union 5419, Wasco 5399, Baker 5302. Curry brings up the rear with only 633 children of school age. The rapid growth of Coos county is shown by its school population of 4649.

The total state fund is \$18,703 less than last year and the per capita is 13 cents less. This is accounted for by the fact that the wholesale cancellation of school-land certificates, in connection with the land-fraud investigations last year, and the repayment of purchase price upon same, also necessitated the repayment of \$13,420.59 of interest paid on such certificates and out of the interest fund. These repayments were made upon certificates held by Kelliher, Palmer

Aside from this, there were certifi- in this county. cates representing 41,186.45 acres of school land sold at \$1.25 per acre that were cancelled and repurchased at \$2.50, by which transaction schoolfund principal gained approximately \$52,000, which is now drawing interby A. T. Kelliher and were cancelled Haywood, now make no secret of their Scheubel was in office." and which remain unsold. Socialist and puts interests of party strengthen the eligestion try a few This, added to the profit upon the 41. before interests of men on trial for 186.45 acres cancelled at \$1.25 and retheir lives. sold at \$2.50 per acre, amounting to \$53,983.06, brings the total gain to the school-fund principal up to \$180,092.43.

A general idea of the prosperous condition of the state generally may be gained from the statement that of over 3000 loans that are now outstanding of the school-fund principal, there is less than I per cent of delinquencies.
