MOLALLA.

The annual meeting of the South Clackamas Bounty Club took place on the 7th of October. The old executive committee was re-elected, with the exception of one new member.

The by-laws were amended by taking the bounty off of cougars and wildcats.

During the year past 31 coyotes, two cougars and 73 wildcat scalps were presented, and 371 was collected and \$370.52 paid out by the secretary-treasurer, leaving 48 cents on hand; \$112 is due the club from delinquent

members; \$66 is due and payable on scalps. The fifth levy has been made, and notice of the assessments, Nos. 21 to 25 inclusive, will be mailed all members not more than \$2 in arrears.

When you get right down to thinking and realizing the good the club has done during the past year by exterminating these 106 wild animals, just for a moment imagine all these 106 flesh eaters fenced in on a section of land and all the meat in the shape of sheep, goats, fowls and deer it would take to "feed them for even one month"—then get down an old sheep pelt and hide your face and regret you have not been helping exterminate these wild beasts. But then you have got the benefit indirectly, at least.

Five cents—5 cts.—V—a nickel a head—is all it cost any member to have all these "flesh eaters" destroyed. Some members hung back in the traces and got it done, all the way from 1, 2, 3 and 4 cents a head, and no doubt they feel like they have made a good pull for their country and are "ahead" of their neighbors just so much; but there are many yet "ahead" of them—the many that stand by and let the other fellows do all the paying. O. W. Robbins, the secretary, and treasurer-elect, will take your name for renewals, so correspond with Mr. Robbins hereafter.
