What they were made standpoint and call attention from out of she forebore to consider. But time to time to some of our local the edict has gone forth, and the women to present any subject which knows she looks well in feathers. The they deem of interest to women or Woman's Club says she shall not the public in general.

What Woman's Club Work Means The organization of women is one of the achievements of the nineteenth century. Up to that time, women's lives had been isolated. They lived as separate individuals.

The prejudice against woman's organizations which was almost universal in 1868, the year in which the first woman's club was founded, has pass ed away. Today woman's club work is recognized as an important factor in the world's progress.

Through the influence of the club women of the United States, public sentiment on many questions has been directed to the right and much good work has been done. So much for generalities. Now a few words about our State work. It was through the influence of Oregon's Federation of Woman's Clubs that we have our State library law, our pure food law and the improved method of transportating the insane. The Federation working jointly with the State Board of Charities and Corrections, had the Child La-bor Law passed. That Oregon is to care for the feeble minded is also largely the work of the club women. The Scholarship Loan Fund for the benefit of young women is of itself a

the State Federation. The reports of the individual clubs which forms such an interesting feature of each year's convention pro-ceedings shows that the incrests of the club women of our State are legion. Every kind of work is undertaken from the excluding of cows from a village street to the founding of libraries for the large cities, Al-most every public library in the State had its begining through the efforts

We believe there is much that organized women might accomplish here at home and we hope that this column will be freely used by all who have some helpful practical idea and that the setting forth of these thoughts together with calling attention to what organized women are doprove an inspira women of Oregon City and Clackamas County to work for the accomplishment of some one of the things which they believe to be for the betterment of our community.

of a woman's club.

We hope that every woman who reads the president's letter will pass it on to some other woman.

Do not be afraid of the term "Wom-an's Club;" almost all our women belong to some club, the Grange, the after-noon sewing circle, the Aid societies are all clubs. We want to hear what women are doing in other parts of our County. Our aim is to make this a reciprocity column-an exchange of varied interests.

No matter how homely the subject some has a suggestion that will benefit some one else. Exchange of thoughts and experiences broadens the minds and interests of women, and makes the routine of daily work interesting and less common-place.

SINGLE TAX AMENDMENT.

Robert Ginther Comes Out in Defense of New System

SHUBEL, Or., April 7 .- (Editor of the Enterprise.)—There seems to be a movement on foot to discredit the constitution of Oregon. It is not sur-prising to find a difference of opinion existing among our citizens on this question, for it is not to be expected that men will accept new ideas however beneficial and righteous in appearance, without investigation. And this is right. Whenever you find the citizens of a country or state following some leader, whether it be a combination of politicians or a newspaper coterie owned or controlled by vested interests, you will find a government that is a travesty on justice, dishonesty and corruption oppress the people, and happiness and prosperity is a farce. In the contest of opinion that is now on in our state, a new system of taxation is pitted against the old. Those who favor a juster system have many difficulties to overcome. The natural inclination of man to cling to old systems, however oppressive, is the greatest of these. A lack of knowledge concerning new propositions coupled with sullen indifference by the average man is another mighty pow-er hard to overcome. And yet if a measure is right, it wins the support of, and becomes the living factor of a governing system ultimately. When you find the leading newspapers of a state the mouthplece of these few men who own the railroad lands so-called, the timber land, and city real estate by the acre within the state fighting a new system of taxation, isn't it a good idea for the balance of us to look with suspicion apon their pretended interest in our welfare? When a newspaper and its hirelings, of the Oregonian type, has for forty-odd years surreptitiously worked against and in nearly every instance destroyed the movements made for the general good of all our people, and in this movement for a better system of taxation it again affects to be speaking for the dear farmer, hadn't we better break away from its feigned preten-tions? The farmers of Oregon have borne the burden of taxation for these many years, with a continuous increase in their assessments. The few men who own the great bulk of Orecome therefrom exceeds the total value of all our farms, have paid a very small per cent of the total taxes. The new system of taxation proposed, will arrange the taxable property of our state in such form that the land sharks, timber sharks, and money nothing to fear from this new system. rerhart & Co. ... 3.50 If you desire to lighten your burden and compel equality in taxation, vote Busch ... ... ... 7.25 yes No. 322 in the forthcoming elecory & Thomas ... ... 8.20 tion.

PREJUDICE AGAINST SCHOOL. Salary of Football Coach Paid From Receipts of Games.

EUGENE, Or., April 15,.—An at-tempt is being made by the enemies of the University of Oregon to crem Wiesmandle ....... 54.13 ate prejudice against the appropriation ank Jaggar ... ... ... ... ... 11.00 bill through misrepresentation. They Guillam ... ... ... ... 2.00 claim that the University hires a footarles Robinson ... 2.00 ball coach at \$1500 for a little more that two months' "instruction." As a Vanhoy ... ... ... .2.90 matter of fact, the University has Oss ... ... ... ... 1.50 nothing to do with the hiring of a the right kind of a man. Neither have Eggeman ... ... 2.00 the students ever paid \$1500 for a Muralt ... 2.50 coach, and further, the coach's salary is paid entirely from the gate receipts of such games as the ones with the Oregon Agricultural College and Multnomah. They say the increase in the appropriation is 300 per cent, when they know that the University has received \$78,500 for the past two years, and the increase can only be 59 per cent. Even if the one item of \$47,500 of the old appropriation bill were taken, the increase would be only a little over half of what they claim, They also say the University showed bad faith in pushing this bill by going to the courts on technicali-ties. As a matter of record, the enemies of the University were the first to appeal to the courts, when the Secretary of State refused to file their petitions, and later carried the case to the Supreme Court. The friends of the University have appealed to the courts only once, and then when the title was manifestly unjust and misleading. These are but examples of the misrepresentation used by the opposition throughout their arguments.

PREACHER WINS PRIZE.

Former Chautauqua Lecturer Gets \$1000 For a Story.

Interest in community publicity reached a climax in Portland last week when the eighty prizes offered by the Portland Commercial Club for articles on the Pacific Northwest printed in papers outside of Oregon and Washington, were awarded and the money distributed the same day. The judges were Messrs, James F. Ewing, of Portland Academy, J. F. Tyler, news editor of the Oregon Journal, and W. J. Cuddy, editor of the Weekly Oregonian, and they have spent two and one-half months reading the more than one million words submitted by various contestants, Rev. Roach Stratton, pastor of the Seventh Baptist Church, of Baltimore, Maryland, was the winner of the grand prize of \$1000. He was in Portland last summer for a short visit, Miss Manteel Howe, of Portland, was awarded the second prise of \$500. Articles were in competition from every state in the Union, and almost every state had its representative among the win-
