COUNTY DEATHS

Mrs. Winnie C. Howard.

Mrs. Winnie C. Howard died suddenly Wednesday night at the home of her brother-in-law, Mr. Kerr, on the Clackamas River road at Lower Logan. For a long while she had been troubled with smothering spells and on Wednesday night she ate a hearty meal, assisting with the house hold work, but was taken ill in about an hour and died. Her age was 62 years.

Rev. G. Essig.

Rev. G. Essig, who was formerly pastor of the German Evangelical Church of this city, died suddenly yesterday at his home near Beaver Creek, of heart disease.

George Saurm.

The funeral of the late George Saurm took place at 2 o'clock Sunday afternoon from the Stafford church, Rev. Wachite officiating. Deceased is survived by two children, Mrs. O. Zelligen, of Stafford, and S. D. Saurm, of Winlock, Washington. He died last Friday, after a long illness. He was born in Germany 62 years ago.

A. P. Cleveland.

The remains of A. P. Cleveland who was killed last week at Vancouver, Washington, by falling from a bridge, were brought here and the funeral was held from the residence of R. G. Pierce, of Falls View. Rev. John M. Linden, pastor of the First Baptist Church, officiating. Mr. Cleveland was a brother of Mrs. Pierce, and was aged 58 years. The interment was in Mountain View cemetery.

Brownell Closes Campaign.

George C. Brownell was the center of attraction Thursday night in the closing meeting of the campaign in Shively's opera-house. The attendance was about the same as at the Fulton meeting on the previous evening. Mr. Brownell's audience was with him and cheered and every time he mentioned a popular issue. He talked in his usual entertaining style and the meeting was presided over by Judge Gordon E. Hayes, who introduced the speakers.

Mr. Brownell delivered a hearty roast to Ex-Secretary of the Interior Hitchcock, who he accused of prosecuting the "little fellows" and letting men like Paul Morton, a cabinet officer of Roosevelt, go scot free.

Mr. Brownell argued in favor of Proposition No. 1, the recall, the proportional representation, amendment the peoples' instruction amendment and the corrupt practices Act. At the close of his address, a number of the candidates for county offices talked.

CATARRH IS CURABLE.

Successful Experiments in Abating and Curing this Disease.

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyemel is so generally known and has made so many cures in Oregon City and other towns.

Modern science has proved the old theory that catarrh was a blood disease. It is a germ trouble and the remedy is Hyemel, which medicates the air you breathe, killing the catarrhal germs.

As there is life and health in the air of the pine forests, filled with fragrant and healing balsams, so there is life and health in breathing Hyemel.

So sure is the prescription to cure even the worst cases of catarrh, that Huntley Bros. Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

MARKETS

EGGS HAVE ADVANCED.

Oregon Rhubarb is in the Market, Commanding 5 Cents Per Pound. Eggs have taken a brace and have advanced in price from 15 cents to 17 1/2 cents the dozen. Butter is plentiful, but the price still remains firm. Oregon rhubarb has hit the local markets, to the utter rout of the California product, and is commanding 5 cents a pound. As yet, local garden truck has not appeared on the markets, and the dealers rely on California for their supply of fresh vegetables, and in the case of onions, on Mexico. There are a few changes in the prices of millstuffs.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy. All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right, you will have no trouble with your kidneys.

E. W. Midlam, living at 410 Main St., Oregon City, Or., says: "Kidney and bladder trouble became very serious with me about six months ago, and the remedies I used did me no good as the trouble only became aggravated. I consulted a physician and although I faithfully followed the treatment, instead of getting any results I got worse, if anything. The kidney secretions were accompanied by pain and a burning sensation during the passage and their too frequent action was annoying and embarrassing. I got Doan's Kidney Pills at Huntley Bros. Drug Store and it was astonishing the effective way in which they acted on the kidneys. In a short time all symptoms of the trouble had disappeared, and the secretions were restored to a natural condition and the pain did not bother me. I can do nothing else than give all the credit for this to Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foste-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

SPRINKLE STREETS AT NIGHT. Traction Company to Keep Main Thoroughfare Free From Dust. There will be no dust on Oregon City's main streets this year. This assurance Mayor Carl has received from the officials of the Portland Railway, Light & Power Company, who have agreed to sprinkle from Green Point to Canemah with sprinkling cars. The company will run its car every night during the summer and the street will receive a thorough drenching that will result in the formation of a crust that will keep the dust down all of the following day. This is believed to be a far better plan than to sprinkle during the day.

The caring for of Main street by the railway company without cost to Oregon City is a clever stroke on the part of Mayor Carl, who states that the City's sprinkling cart can be used for the hill section, and that the lower part of the city will be kept free from dust during the entire summer, and the only thing that the city has to do is to furnish the water for the sprinkling car.

STATE WILL DOUBLE ITS FRUIT INDUSTRY

THIRTY THOUSAND ACRES TO BE ADDED TO OREGON LANDS IN HORTICULTURE.

What are deemed fair estimates, made as the result of personal observation and on the reports of inspectors in five horticultural districts of the State, with all due allowance for varying conditions, show that approximately an additional fruit acreage of 30,000 has been planted during the last year. Members of the State Board of Horticultural Commissioners are a unit in asserting that with good crops the commercial output of the State in fruit this year will be worth about \$9,000,000.

This means that Oregon in the past year has made a tremendous stride forward in the horticultural field. The estimate of the value of the commercial crop last year was about \$4,250,000. The members of the board say that this was \$500,000 short of the actual value. Taking the true value of the commercial crop last year as about \$4,750,000, it will be seen that the value of the commercial crop, under favorable conditions, has almost if not quite doubled.

This is the most remarkable showing ever made in the history of the State and gives an idea of the enormous proportions which the fruit industry is attaining in Oregon. It comes close to the dairy industry which has largely a local market only, while the fruit market is almost entirely foreign.

The figures show that during the last year there was ten times as much spraying of orchards as during the preceding year. Those who objected strenuously to do the work of the commission at first, declaring that it was an unwarranted invasion of personal rights, are reported now to be in entire sympathy with its work and to form valuable adjuncts in carrying on that work. With the enlightened sentiment of fruitgrowers behind it, the commission has succeeded in accomplishing great things in spraying an old orchard, especially in the Willamette Valley, which a year or two ago were a menace to the young orchards on account of being breeding grounds for pests, have in large measure been cleaned out and placed in sanitary condition. This change in sentiment on the part of fruitgrowers, with the practical results accruing from it, is one of the most favorable indications of the trend of the times.

Sunday School at Willamette. The Methodist Episcopal Church of this city has organized a Sunday School at Willamette Falls which was opened last Sunday. Rev. R. C. Blackhall is superintendent of the Sunday School, which meets Sunday afternoons at 2:30 o'clock in the Batdorf Hall.
