

Estacada and Eastern Clackamas

ESTACADA.
Mrs. Ruby Yocum, nee Wagner, a bride of a year, died at the home of her father-in-law, Thomas Yocum, Saturday night. She died a martyr to that peril that every mother has braved. Mrs. Yocum was about 21 years of age and for the past 11 years has resided in this community. She was a member of Garfield Grange, No. 317, for several years. In April, 1907, she was married to Lloyd Yocum, a young engineer and sawmill man of this place, who by his enterprise had saved a competency and was looking forward to a long and happy home life. Mrs. Yocum, or Ruby, as we called her here, was always kind and faithful, and true to all her duties that devolved upon her in school, in home and society. She was a Christian and hope of that faith cheered her dying hour. The entire community mourns her demise, and extends its sincere sympathy to the husband, father, mother, sisters and brothers in their hour of bereavement. The funeral services were held Monday at Mt. Zion Church. Rev. M. B. Paroungian was the pastor in charge and the Rebekahs assisted with their beautiful service.

The Russellville Grange Dramatic Club of Multnomah county gave their play, "A Family Affair," Saturday night at the grange hall to an audience of 80. The proceeds were for the benefit of the Homesteaders, a new fraternal organization recently organized here. The play was highly appreciated by the audience. There was a laugh in every line. The audience was kept in a continuous uproar of laughter, but splendid order was maintained.

The players were R. W. Gill, E. C. Huffman, Carl Emery, Bertha Pollock, Anna Anderson and Clara Anderson. Miss Watts was prompter. R. W. Gill gave a comic Irish recitation which tickled the audience. At the close of the entertainment, oyster soup was served in the dining room. The gross income of the evening was \$24.30.

F. M. Gill closed a seven months' term of school at George Friday. The total days attendance was 2233; days' absence, 432; times late, 38; average number belonging, 195; average daily attendance, 167. Flora Johnson and Flora Lins were on the roll of honor for the entire seven months.

DODGE

SANDY
Sandy Lodge, No. 195, celebrated the 89th anniversary of the founding of the Order Saturday afternoon, April 25, from 2 to 6 o'clock. The new I. O. O. F. hall, erected at a cost of \$3028, was dedicated with appropriate ceremonies, and Judge Thomas F. Ryan, of Oregon City, made a pleasing address that was enthusiastically applauded. Late in the afternoon an elaborate banquet was served at the Sandy Hotel. The Sandy Lodge was organized only 16 months ago and now has a membership of nearly 100, and it is proposed to institute a lodge of Rebekahs in a few weeks. The hall is nearly paid for, the debt remaining being only \$800. At the dedication ceremonies there were 280 people present, a large delegation coming from Gresham.

TALK SCHOOL AT ESTACADA.
Better Educational Advantages For County Are Urged.

Attorney C. Schuebel, Clarence L. Eaton and Prof. L. A. Read, of Park, place, went to Estacada Monday night and held a meeting in the interest of the proposed county high school. The attendance was fair, and Mr. Schuebel presented a mass of statistics showing that the financial burden would not fall upon the county, and that while the taxpayers of Oregon City and vicinity would pay two-thirds of the tax, that the same section of the county would have only one-third of the students. Mr. Schuebel went into the financial side of the question, and Mr. Read, whose long years of experience in educational work in Clackamas County, has made him familiar with the needs of the county in improved school facilities, talked entertainingly along educational lines, telling his hearers of the benefits to be obtained from a county high school. The next meeting of this kind will be held some time next week at Clackamas. The proposition to establish a county high school will be submitted to the voters at the June election.

Mr. Dimick's future is nearly all before him and his platform embraces some admirable planks.

MAKES WORK EASIER.
Oregon City People Are Pleased to Learn How It Is Done.
It's pretty hard to attend to duties with a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill. E. E. Gillan, proprietor of livery and feed stable, at 62 Ferry St., and living at 332 Water St., Salem, Ore., says: "Years of almost constant driving and a fall I got several years ago which wrenched my back badly had tended to hurt my kidneys which I felt in severe backaches and lameness so that at times I could hardly straighten up. Sharp pains caught me when I arose after sitting. None of the remedies I tried did me any good until a short time ago I was induced to get Doan's Kidney Pills. In a short time I obtained more relief from the backache and disordered condition of the kidneys, than I had had for years. I know of neighbors who have also used your remedy, and they all speak of it as the best kidney medicine there is and I believe this to be so."

Plenty more proof like this from Oregon City people. Call at Huntley Bros' drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Kids in Trouble.

Three of our young American citizens were up before the bar of justice Monday for mischievously displacing freight and otherwise conducting themselves unbecomingly around the new freight shed of the O. W. P. railway. City Recorder Fred Lehmann heard the case and gave the boys some sound fatherly advice which it will be well for them to heed. Innocent pranks are easily overlooked, but destruction of property and insubordination to authority is bound to lead to trouble.

EQUAL SCHOOL PRIVILEGES.

To Pupils of Every District in Clackamas County.

The County high school question will be before the voter of Clackamas County in the June election.

A vote to establish a county high school next June empowers the county court to fix the location, which means a county high school at some one central place supported by the tax payers of every district in the county. The districts not having this high school will be at a disadvantage to send their children away from home to the County high school, where the expenses will be as much as at the State Institutions.

I believe in equal school privileges for every district in Clackamas county. The law now provides for the establishment of a high school by any district that wants it or the consolidation of two or more for high school advantages, when they agree upon such arrangements.

The consolidated high school would be near the homes of the children, where they could attend after finishing the lower grades.

They would take a pride in their own high school and it would be an incentive for the pupils in the lower grades to remain in school longer and do better work, knowing they have a good high school near by to attend when they are prepared.

Every district in Clackamas County should have the best school possible for the district or the consolidated districts to provide.
