STAND BY EDUCATION.

Certain countries of Europe possess a double headed school system. There is a crowded and insufficient course up to twelve years of age for the children of the farmer and the workman; who then leave and go to work; for the children of the so-called upper-class, there is a long and complete course of study made so expensive that none but the children of the rich may avail themselves of it. Is it surprising that in these countries the working men and farmers do not get their rights? The classes who have the training and knowledge inevitably control the nation. Do we want such a condition following in Oregon? Jefferson and the fathers of 1787 foresaw this danger and laid the foundations of the present system which provides free common-school education up to fourteen years of age, free high school education until eighteen years of age and after that free university education for those who are prepared for it. In this way, thorough training is the monopoly of no one class as in Europe. As a matter of fact a large percentage of the students in state institutions are children of poor men, many of whom earn their way through. In the University of Oregon more than half the men belong to this class. Yet a dastardly attempt is being made to cripple the institution in Oregon which stands for the thorough equipment of every boy and girl of ability, regardless of wealth or social rank.

MATTER OF REGRET.

The absolute supineness of Congress in failing to extend the parcels post and establish postal savings banks must be an occasion of regret to every loyal Republican. Constant complaint is being made of the great expense of the postal service and especially of the rural routes. Postmaster General Meyer has pointed out that the reason rural routes and indeed the entire service, do not pay is because Congress refuses to authorize extensions which would immensely benefit the people and would injure no one, but a few bankers and the express companies have long enjoyed an unwarrantable monopoly and have neglected the people mercilessly. If Speaker Cannon could be prevailed upon to let the House express itself on these subjects the legislation would go through with a rush.

SUPPORT YOUR SCHOOLS.

The eyes of hundreds of Grangers were opened at Eugene when they saw the splendid work that is being done by the University of Oregon. This institution should be Oregon's pride and its support is necessary. The cry that it is a rich man's school is not true, for the editor of this newspaper was fortunately able to attend school there, and if it had been a rich man's school, he would have been elsewhere.

The tendency to frown upon the advancement of education in Oregon is viewed with regret. Men with earnest purpose are working for the establishment of a high school in Clackamas, that will enable every child in the county to procure a better education, yet there are people who are shortsighted and are trying to array Oregon City against the county and are urging the voters to kill the measure. We cannot have too many educational institutions in Oregon and the common school is only a stepping stone to something better.

The last week of the campaign is close at hand and prospects for Republican success are more than bright. The fact that Oregon will sound the gun for the whole nation in anticipation of the Presidential election will impel the Republicans of Clackamas County to vote their ticket straight from top to bottom. Another good reason that is appealing strongly to the Republicans is the fact that defeat of Republican nominees will have a tendency to deal a death blow to the primary nominating system and

cause a return to boss rule and conventions. The direct primary is on trial this year and its perpetuation depends largely on the success or failure of the Republicans to support their entire ticket.

There is every indication that Clackamas County Republicans are going to stand faithfully by their nominees. There is a noticeable effort being made in some localities to discredit the candidates for sheriff, assessor and commissioner, and the Democrats have no hope of electing any of their candidates except Beale, Jack and Smith, and they are moving every wheel to persuade good Republicans to forsake their party nominees and vote for Democrats, on the old worn out plea that there should be no politics in elections, and that it is a fine thing to divide up the offices. Republicans however, have been victims of this game before, and are bullet proof against the blandishments of the minority.

The attendance at the Republican meetings in most cases has been over average and great interest is being taken. The candidates for county offices have been this week addressing the voters at Mulino, Macksburg, Clackamas and Killin. Tonight they go to Boring and tomorrow talk at Highland and Molalla. The itinerary for next week follows: Canby, Monday; Sandy, Tuesday; Damascus, Wednesday; Beaver Creek, Thursday; Milwaukie, Friday.

Two years ago the Democrats started out to elect their nominees for clerk and sheriff, but dissension arose and after the election was over, Howard Latourette, the Democratic candidate for clerk, openly accused members of his party of trading hi moff and throwing him down for Mr. Beale. Information has reached The Enterprise from county precincts that every effort is being made through trading to accomplish the election of Beale, Jack and Smith, but the Republicans have their eyes open to the game.

The coming election will be from one standpoint, the most critical in the history of Oregon. All the other states in the union will look to the election returns on the second of June to see how the initiative and referendum works in practice. If the results show that this new method of legislation leads to safe and conservative law making, that the safety of essential state interest and institutions are thereby safeguarded, we may look to the rapid adoption of direct legislation throughout the country. But if the returns show that the majority of the people are too indifferent to express themselves at the polls, then other communities will undoubtedly pause and the progress of direct legislation will be jeopardized.

The ballot at the coming election will be an amazing sheet of paper. The initiative and referendum amendments take up nearly half of the ballot space, though set in the finest type, and it is safe to say that few voters will be able to wade through this mess understandingly. The very last thing is the Prohibition amendment, but it is not last in the minds of the saloon keepers and their friends, nor in the minds of the men who are working every minute to place Clackamas in the dry column.

No man is a good Republican who declines, without reason, to support his party ticket, or any part of it. He may claim to be a Republican, but he is not. Long memories in politics may

A Mistaken Idea

Some people have an idea that in order to have a bank account, they must have a large sum to deposit; that the bank does not care to be bothered by small accounts.

This, however, is not true of the Bank of Oregon City, which welcomes new accounts, whether of \$1, or \$1000, and the same courtesy and service is accorded the small depositor as those in more fortunate circumstances.

It is our object and wish to serve the public in financial matters in a manner that shall be satisfactory to all—old or young, rich or poor.

We want your banking business and will be pleased to have you open an account with us.

come to the men who are fighting the party nominees in this campaign. Some day some of these men will ask for something at the hands of the party and then they will be remembered by the men and the friends of the men who were knifed. This should not be forgotten by those who are either quietly or openly antagonizing the Republican nominees for sheriff, assessor or commissioner.

The Oregon delegation to the National Retail Grocers' Association just adjourned at Boston, won a signal victory in securing the 1909 convention for Portland. When one considers that the retail grocers are more numerous than any other class of business men, it gives an idea of the immense audience of merchants throughout this country who will be interested in hearing from Oregon during the next twelve months.

HUNTLEY DELEGATE TO NATIONAL CONVENTION

CLACKAMAS COUNTY MAN WILL GO TO CHICAGO TO HELP NOMINATE PRESIDENT.

Republicans are congratulating C. G. Huntley over his election by the Republican State Convention as a delegate-at-large to the national convention which meets next month at Chicago. Mr. Huntley was enthusiastically endorsed and warmly supported by the delegation of 11 men from Clackamas County and the fact that they worked heartily for his election had a great deal to do with the result. Mr. Huntley, while a comparatively young man, has been deeply interested in Republican success in Clackamas county for many years. He served three consecutive terms in the state legislature, being one of the very few men to be elected to a third term from Clackamas County, where there is seemingly a deep rooted prejudice against third terms. Mr. Huntley stood staunchly by Senator Fulton in the fight for re-election by the latter, and he is showing his consistent Republicanism by working for the election of H. M. Cake, as against a Democrat. Clackamas County has been fortunate in obtaining a delegate to the national convention this year, as Representative James U. Campbell was a national delegate four years ago.

SOCIETY

The Derthick Club held a meeting Friday at the home of Mrs. C. G. Miller, and arranged for a recital to be held Friday at the home of Mrs. Charles H. Canfield. CASE AFTER CASE. Plenty More Like This in Oregon City.

Scores of Oregon City people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Theodore Heurth, living at Park-place, about two miles from Oregon City, Ore., says: "I found Doan's Kidney Pills do just what is claimed for them. For a long time I suffered a good deal with lameness and aching over the kidneys and irregularity of the action of the kidneys. The trouble was not severe enough to lay me up, but was very annoying and made it difficult for me to stoop or lift anything without my back paining me. I was induced to try Doan's Kidney Pills from the recommendation of a friend, and went to Huntley Bros. drug store for them. Their use absolutely removed the trouble with the kidneys, strengthened my back and in every way proved your remedy to be worthy of all confidence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DATE FOR ROSE SHOW DETERMINED SATURDAY

CANBY STRAWBERRY GROWERS WILL ASSIST IN FESTIVAL EARLY IN JUNE.

The definite date for the coming second annual Rose Show will be determined next Saturday afternoon by the Oregon City Rose and Carnation Society. The heavy rains have played havoc with the roses in some instances, but indications now point to better weather and the flower enthusiasts are looking forward to the time when a multitude of the beautiful blooms will unfold. It is probable that the Rose Show will be held the first week in June, though it may be deferred until the

second week. The affair will last two days and will take place in either the Armory or Willemette Hall. It is planned to have an attractive programme on one of the evenings, and the local society are rejoicing over the offer of the Canby Strawberry Union to exhibit their luscious berries, which will later be sold to the accompaniment of cream and sugar. R. S. Coe, of Canby, is taking an active interest in the show. Many handsome prizes have been donated by local merchants and are being admired by hundreds of growers who will exhibit at the Show.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Hendricks.

Mr. and Mrs. R. O. Woodward are here on a visit to their son, R. E. Woodward. They have been residents of Los Angeles for many years, but are old Oregonians and think there is no place like home. Mr. and Mrs. Woodward will probably locate here, in the belief that the climate is superior to that of California.
