**DO YOUR WHOLE DUTY.**  
 Is Clackamas County going to do her share toward rolling up a huge majority for the Republican State ticket next Monday. This is the question that is most pertinent and to which every voter will have to give an answer for himself. Let no Republican be fooled with the thought that a Republican legislature will elect George Chamberlain to the United States Senate from Oregon City—Statement No. 1 to the contrary notwithstanding.  
 This is no time to flirt with warring elements in the party. The Republican voters have a duty to their nominees, who are entitled to the loyal support of every man who is affiliated with the Grand Old Party that presents an unbroken record from Lincoln to Roosevelt for great and patriotic deeds. The Republican party is the affirmative party, always first in advancement along the lines of a better civilization, and the Democratic party has always been a negative party, placing stumbling blocks in the way of progress, from the days of slavery down to the present day. This is the history of it.  
 So we say it is the real duty of every Republican to stand by his party colors, and this is true along the line. Vote the ticket straight. Place your little personal likes and dislikes in your pocket, just forget them, for there may come a day when some of you will aspire to office, and you have no right then to expect the solid support of your party unless you give as you would receive. But, aside from this feature of the campaign, there is a principle involved, and this is the principle of Republicanism. Be a Republican all the way down the ticket, or don't be anything. You cannot vote for a lot of Democrats or yet for one Democrat and claim allegiance to the Republican party with good grace.  
 Prospects are excellent for a splendid victory next Monday, for if all the Republicans of Clackamas County do what they ought to do, there will be no question. Campaign farces have been tossed about in the hope of benefit to Democratic and so-called Republican candidates. Every one of them has been nulled. The story that Harry Moody, the Republican nominee for Assessor, is to appoint John C. Bradley for chief deputy is simply circulated to injure Mr. Moody and has no foundation in fact, though there is no good reason why Mr. Bradley would not make a competent Deputy Assessor, and no right-minded man expects Mr. Moody to turn down his friends. The tale of the Prohibition speech that Superintendent of Schools Gary never made at Estacada is being industriously passed around, and is manufactured out of whole cloth. Mr. Gary is making his own campaign and has no interest in the fight for or against Prohibition beyond that of any other good citizen.  
 It is all up to the Republicans of Clackamas County. No Democrat can be elected to office here without the aid of Republican votes. It is to your interest, as a Republican, to offer no aid to the members of the minority party, who are asking you to vote against your own good nominees.

**VOTE "YES" ON THE U. OF O.**  
 It begins to look as if the vote for the University appropriation will be almost unanimous, as it should be. Everyone interested in the welfare and development of the State will vote for the bill. A vote against it is a vote against Oregon. The immigration boosters in the State of Washington are already using Oregon's attitude on the University of Oregon appropriation bill as an argument for the purpose of diverting home-seekers to their State.  
 Since the form of the ballot title is, shall the appropriation be sustained, all friends of education should vote "yes." If you want the appropriation to become effective, mark your ballot between 314 and "Yes."

**A Mistaken Idea**  
 Some people have an idea that in order to have a bank account, they must have a large sum to deposit; that the bank does not care to be bothered by small accounts.  
 This, however, is not true of the Bank of Oregon City, which welcomes new accounts, whether of \$1, or \$1000, and the same courtesy and service is accorded the small depositor as those in more fortunate circumstances.  
 It is our object and wish to serve the public in financial matters in a manner that shall be satisfactory to all—old or young, rich or poor.  
 We want your banking business and will be pleased to have you open an account with us.

## ARMORIES ARE NECESSARY.

Commodious and comfortable armories, well equipped for the purposes are absolutely necessary for the proper training of the men in the art of self defense in time of war. At the present time the State is paying out in rent for armories between \$7000 and \$8000 a year and in most of the towns, the armories are mere rookeries, unadapted for the purposes and without proper facilities for the storing of the property the Government has entrusted to the Company commanders, and for which they are required to give bond in the sum of \$2000 for the safe keeping thereof, and for which they must pay if there be any loss, damage or stealage. As a business proposition, is it not better for the State to have its own armories, than to continue as a renter, to say nothing about the many other advantages incident to State ownership? The State will in ten or twelve years have saved in rentals alone sufficient to pay for these armories. Again, the property will greatly increase in value as the years go by, so that this appropriation will be more in the nature of a good investment on the part of the state, than that of a gift to the National Guard. Again, every dollar of the State's money, under this law, will go into the actual building and construction of the armories, as most of the towns where armories will be built have signified through their public bodies, a willingness to give the ground upon which they are to be constructed, to the State, and at no cost to the State.

While a large amount of unfinished business will be left by Congress for completion next winter, there is no doubt that the close of this session will present a record of achievement far in excess of the popular impression, and distinctly creditable to the Republican majorities in the two houses.

Oswego, one of the oldest and best known of Portland's suburban towns, is determined to organize, incorporate and give other live Oregon communities proof that an old town beats them all growing when she gets started good and proper.

Do you believe in education? Do you want a State University? If so, vote "yes" No. 314 on the official ballot on election day. The passage of this bill will increase your taxes a little more than 2 cents if you pay taxes on \$1,000 worth of property. All progressive citizens should support the bill.

Vote for the increased appropriation for the University of Oregon. Don't brand Oregon as a "mossback" state. Vote "yes" on election day. The bill has been endorsed by all the Oregon Commercial Clubs, Teachers' Associations, The State Federation of Labor and the Tax Payers' League.

The beautiful spring weather that is being enjoyed everywhere in Oregon is sufficient to make every man, woman and child in every village, town and city, and upon every farm, feel as though theirs was the best place in the wide, wide world to live.

From Astoria to Huntington, and from Portland to Ashland, the baseball craze has full hold of the state, and every vacant lot is being utilized in preparing for later contests.

## MOTORCYCLE SCARES DEMOCRATIC STEED

CANDIDATES ROBBINS AND JACK EXPERIENCE HIGH TIME ON WAY TO A MEETING.

Willard Cheney's motorcycle, which was the cause of a runaway last Saturday evening, started another Tuesday night on the road out of the city leading to the Abernethy section. The road is rather narrow at this point, and has no railing, but is banked up high on both sides and is a very dangerous place in case of an accident. The highway runs close to the Southern Pacific tracks. Tuesday night L. W. Robbins, candidate for Representative, and J. E. Jack, candidate for assessor, started out of the city in a buggy bound for Clackamas Station to attend a Democratic rally. When a short distance out they met young Cheney, on his high-sounding spit-spit machine. The boy slowed down, and Mr. Robbins, who was driving had no fears for his mare until she was abreast the motor cycle, when the animal reared up and plunged over the grade, overturning the buggy and throwing out the candidates. Mr. Jack's face was slightly scratched and Mr. Robbins was uninjured. The latter succeeded in stopping his mare and the buggy was righted and they proceeded on to Clackamas in time to be present at the meeting.

**MT. PLEASANT SCHOOL CLOSES.**  
 The Mount Pleasant School closed an eight months' term yesterday afternoon with a picnic in Holmes Park that was attended by about 100 pupils and their parents and friends. There was an interesting program of recitations, songs and drills by the pupils of the grades below the seventh, and their work reflects much credit on their teacher, Mrs. Helen Grisez, Superintendent of Schools Gary was there and made a talk to the pupils and the afternoon was spent socially, a toothsome lunch being served. It is the expectation of the people of Mount Pleasant to have two teachers next year, as there are now 50 pupils enrolled and the number is constantly increasing.

 Theodore Heurth, living at Park place, about two miles from Oregon City, Ore., says: "I found Doan's Kidney Pills do just what is claimed for them. For a long time I suffered a good deal with lameness and aching over the kidneys and irregularity of the action of the kidneys. The trouble was not severe enough to lay me up, but was very annoying and made it difficult for me to stoop or lift anything without my back aching me. I was induced to try Doan's Kidney Pills from the recommendation of a friend, and went to Huntley Bros' drug store for them. Their use absolutely removed the trouble with the kidneys, strengthened my back and in every way proved your remedy to be worthy of all confidence."
