LEADING GRANGER ASKS FOR WARM SUPPORT OF FINE SCHOOL.

EQUIPMENT IS NEEDED

Let Us Economize in Other Directions But We Should Heartily Favor This Appropriation For Education.

ESTACADA, May 25.—(Editor of the Enterprise.)—Next Monday, the voters of Clackamas County will have the opportunity of voting for or against the appropriation of \$125,000 for the University of Oregon. I have been through the university twice and have seen with my own eyes the needs of the university. The university campus consists of 27 acres which is too small for the present needs of the

University. The Oregon Agricultural College has 320 acres of land and much more commodious buildings. It is proposed to purchase 25 acres on the west side of 13th street at a price of \$25,000, which will be added to the college grounds. The price of land is increasing very rapidly in Eugene. An option is now held by the university on those 25 acres, but if this option is allowed to expire the land will no doubt be so increased in value by the advent of the street car lines that it will then probably take \$40,000 to buy this land.

A small dormitory capable of accommodating about 20 girls has been built, but owing to the referendum, was not furnished and hence was not used at all this season.

Some of the class rooms were not used because there was not enough money to equip them. Many of the departments are crowded and the need of finance is apparent on every hand.

The Board of Regents, the president, the faculty, the treasurer and all connected with the university in an official capacity are men of the highest integrity and the finances of the institution are expended most economically and judiciously. The tax necessary to produce \$125,000 will only amount to 2.15 mills per \$1000 on this year's assessment. If we must economize, and we should, let us economize on such luxuries as armory appropriations, and such things. It would be a regretted thing to

CAR-FARE ALLOWED ON ALL PURCHASES OF \$10.00 AND OVER

see the University so hampered that it cannot open its doors next fall, as may be the case if this appropriation fails of enactment. I hope that the voters may vote to sustain the appropriation for the university and economize in another direction by voting down the County high school proposition which will cost the citizens of Clackamas a dollar, or more, per \$1,000 assessment instead of 2½ cents. On the official ballot the appropriation will be 314—YES and 315—NO. I hope the voters will place a X between 314 and Yes and thereby sustain the good name of the State of Oregon. F. M. GILL.

BEST OF PROOF.

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousand, many of them from Oregon City and nearby towns, saying that Hyomei absolutely cures all catarrhal troubles. The best proof of its unusual curative powers is the guarantee that Huntley Bros. Co., give with ever youthful they sell, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is freely given to physicians who want to know what they are using when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by Serial No. 1418. There is no dangerous stomach drugging when Hyomei is used. Its healing medication is breathed through a neat pocket inhaler, reaching every part of the air passages, destroying all catarrhal germs and curing the disease.

Notice to Creditors.

In the County Court of the State of Oregon, for the County of Clackamas.

In the Matter of the Estate of Ethel Knight, deceased.

Notice is hereby given that the undersigned has been by the above entitled court appointed administrator of the estate of Ethel Knight, deceased. All persons having claims against the said estate are hereby required to present the same, properly verified, to the undersigned at the office of Hedges & Griffith in Oregon City, Oregon, within six months from the date of

the first publication of this notice. GEORGE D. ELY, Administrator of the Estate of Ethel Knight, deceased. HEDGES & GRIFFITH, Attorneys for Administrator. First Publication May 29, 1908.

THE MAN FOR THE PLACE.

J. W. Gray Has Had Many Years of Experience in Educational Work.

Joseph W. Gray has announced his candidacy for County School Superintendent and his name will be on the ballot for this office at the June election. Mr. Gray, who is an independent candidate and is independent in every sense of the word and is not affiliated with any parties or factions and solicits the support of all voters who desire to see the office of School Superintendent occupied by a man who is highly qualified for the position.

Mr. Gray stands high in the educational ranks of the State. He was for many years identified with the educational interests of Clackamas County as vice-principal of the Oregon City schools, and was for nine years principal of the Parkplace high school. Prof. Gray was one of the originators of the Clackamas County Teachers' Association and when he resigned his position to go North, he was serving on the county examination board. As secretary of the Willamette Valley Chautauqua Association for four years Prof. Gray formed a wide acquaintance.

He was educated in Northern Indiana Normal School and also in the Business College of the same place. He holds a life diploma from the State of Oregon and is in every way qualified for the position to which he aspires. Prof. Gray is a man of family, 44 years of age and a taxpayer of Clackamas County. He has served 17 years in the schoolroom as a teacher and knows fully the needs of the common schools.

Mr. and Mrs. W. H. Howell have returned from Salem, where they have been attending the Odd Fellows Grand lodge.

Charles Gallogly and family have pitched their camp on the river bank near the home of Mr. Avon. They intend to camp there this summer. Mr. Gallogly is rapidly recovering from the injuries he received recently on the construction work in the Hawley Paper mill.

The family of the Rex. Mr. Mulkey, Christian Minister of Gladstone, arrived in Gladstone from Brownsville the middle of the week. They are making their home in the old Garrow property.

Street paving and hard surface paving of the metropolitan type has become the rule throughout the cities and towns of Oregon. Many hundred thousands of dollars will be invested in hard surface pavements in Oregon, outside of Portland, and during the present season Portland is doing more paving than at any time in her history.

James Benson was thrown from his wagon while driving along the Hog Hollow road last Wednesday. The accident was caused by a deep rut in the road. Benson had several ribs

broken and suffered several other internal injuries which while not extremely serious will lay him up for some time. Mr. Benson is over 70 years of age.

Tax Payers of Clackamas County

Do you know who gets the benefit of the saloon license money?

This money is used exclusively in the cities and towns where the saloon is licensed.

Do you know where the bulk of the crime of Clackamas County is produced?

The Court Records show that it is produced in those places where the saloon exists.

Bear this in mind, namely: That the County does not get one cent of the Saloon License money.

Who then pays for the prosecution of the crime produced by the licensed liquor saloon? The Clackamas County tax-payer pays it. Not one cent of the saloon license money is used to prosecute the crime which the saloon business produces.

Since your tax money pays for the prosecution of crime, and the bulk of crime is caused by liquor isn't it your privilege of saying whether saloons shall or shall not exist in Clackamas County, no matter how far or near from saloon centers you may live?

Why not remove the crime producers in Clackamas County,—namely: the licensed liquor saloon and reduce our taxes or apply our good and hard earned tax money in legitimate channels.

Is the licensed saloon a benefit to Clackamas County tax payers? NO, NO, NO! Therefore let us vote it out June 1, 1908.

The saloon in our county is not a paying investment.
