

WOMEN'S COLUMN

EDITED BY OREGON CITY WOMEN'S CLUB.

SOME TIMELY SUGGESTIONS.

When all housewives shall have adopted modern methods in housecleaning the "funny-man" of the newspapers will be deprived of some of his most cherished material.

The careful housewife will begin her housecleaning some weeks before it is time to call in the scrub woman to assist.

Clean one room at a time. If possible begin with the guest-room, as that method will be least likely to disturb the family.

If the carpet has been taken up sweep the floor thoroughly first and then have it scrubbed with good soap and hot water.

After housecleaning the housewife is often confronted with a heap of old carpeting. Some may be fairly good, some much worn, some ingrained, and some Brussels, and she is at her wits ends to know what to do with it.

The weavers understanding mixing them in such a manner that the most unlikely combinations come out very well.

The bedsteads of a good housewife should be above suspicion; but especially in our big cities, and in rented houses, undesirable inhabitants will get in.

A communication has been received calling attention of women to the careless and in some cases unclean manner of displaying groceries, vegetables, etc., for sale.

Another article is lettuce, it is often put in boxes eight or ten inches high and set on the floor or on a small bench, where it is likely to be noticed by the first dog that comes along.

A very pretty custom in Japan is to plant a tree for every baby born. These birth trees are carefully tended until the wedding day of the child.

College and Kitchen Chemistry. A Chicago clergyman recently said, in an address to the young married women of his church: "The cook in the kitchen who can make better bread than her mistress is to that extent better educated, though the mistress may greatly adorn literary society."

equality with her cook." These are words of wisdom which behooves all housewives to "read, mark, learn and inwardly digest."

JANE CALHOUN, in Harper's Bazar.

APPEALS FOR WOMEN.

Mrs. Robert Jonrud Speaks for Suffragists.

ORIENT, Or., R. F. D. No. 1 May 26.—(Editor of the Enterprise.)—It may be truly said that the progress of any country can be measured by the rights and privileges given to the women.

In the Declaration of Independence we read that governments have been instituted among men deriving their just power by the consent of the governed.

Government begins in the home. There the child learns the first principles of government. Upon the mother falls by far the heaviest part of the duty in rearing and training the children, who will be the future citizens.

A foreigner may live here for only a short time and be given the right to vote, while woman, though native born and far more intelligent may not have her inborn rights.

Woman does not want to take any rights from man, nor their office, it is only the very few, anyway, who can hold office and it should be filled by the person, regardless of sex, who is in every way best fitted for it.

MRS. ROBERT JONSRUD.

DR. CLARENCE TRUE WILSON ON WOMAN SUFFRAGE.

The question is not whether the women have a right to vote, but it is whether we have a right to compel them all to vote at the dictation of a very small majority of their own number.

College and Kitchen Chemistry. A Chicago clergyman recently said, in an address to the young married women of his church: "The cook in the kitchen who can make better bread than her mistress is to that extent better educated, though the mistress may greatly adorn literary society."

untried experiment. Four states have given the ballot to women unconditionally, and after 30 years of women's voting, politics has not arrived at the moral standard of our own state, in Wyoming, Colorado, Idaho or Utah.

Can Give Specific Incidents.

I can give specific incidents, with names, places and dates, where women, desiring to be assistant county clerks, etc., are sent from the candidate's offices to the political boss to there offer her all at the shrine of a man, who, but for politics, would not be allowed to enter her home.

Mrs. Ferdinand Miller.

Mrs. Ferdinand Miller died here of heart trouble Thursday evening. Mrs. Miller was 63 years of age. She was born in Germany and has been a resident of Oregon City nearly all her life.

CASTORIA. The Kind You Have Always Bought.

Robbins for Representative.

L. W. Robbins, Democratic candidate for Representative for Clackamas County, is a native son of Oregon and Clackamas County, having been born at Molalla in 1876 and is the son of Levi Robbins, one of the old settlers of Molalla.

When a mere boy he took a position as clerk in the General Merchandise store then conducted by Robbins & Son at Molalla and filled the position so well that when in 1896 the partnership of Robbins & Co. was dissolved, though only twenty years of age, he was placed in charge of the store, which he reorganized under the firm name of Robbins Brothers Company and of which he is still the manager and principal owner.

A. KING WILSON

Attorney at Law, 631 Chamber of Commerce, Oswego, Clackamas Co., Oregon.

Candidate for Multnomah and Clackamas Counties. MY PLATFORM: STATEMENT NUMBER ONE.

MR. MOODY WILL WIN. Republican Candidate For Assessor Has Back-bone.

Harry Moody, who is the candidate for assessor on the Republican ticket, has put up a clean and manly campaign, and will undoubtedly win out on June the 1st.

Mr. Moody began life for himself, as a school teacher in New York State. He taught two very successful terms, but being seized with the Western fever, came to Oregon some 20 years ago. He worked for four years as a millwright for the Willamette Pulp and Paper Company, he then worked for some time for the Portland General Electric Company, and later was employed by the City of Oregon City as Inspector and Superintendent, in laying down the brick street when Oregon City improved Main street.

MARKETS

STRAWBERRIES 15 CENTS. Crop Is Delayed But Heavy Yield Is Promised.

During the past few weeks the rains have delayed the strawberry market, and very few have been brought into the local markets this season. The first that were shipped in brought 15 cents per box retail, and they were much better than those that have been received from California.

The apple crop throughout the county will be up to the average, while the prune crop will be short. The cherry yield will be immense this year. All kinds of garden truck are arriving in the markets daily.

WHOLESALE QUOTATIONS.
