

Milwaukee and Vicinity

MILWAUKEE.

The concert given by the Milwaukee Band, Saturday evening was a decided success. They cleared about \$140. The organization deserves a great deal of praise. It was incorporated in 1906, when through the generosity of the school authorities a building was secured for a hall, and by the efforts of its members the lot was purchased on which the building stands, and the building remodelled and placed thereon. The band has always employed efficient instructors, and its present director, H. G. Burles, is a leading musician of Portland.

The membership is not restricted to Milwaukee, a number of the members residing in Oak Grove, and others outside of Milwaukee's limits. Rehearsals have been held regularly each week, and at present are held on Tuesday nights at the Band Hall. The discipline required in a band, the subordination of one's personal desires to the interests of the whole, is of value in itself, aside from the musical knowledge which can be acquired in such an institution. The band will receive any one resident in this vicinity who will take the trouble to get necessary preliminary knowledge of any band instrument. They will give another concert in the near future.

F. C. Harlow, the real estate man, sold lots 1, 2, 3 and 7 of block 29, Robertson, to E. Johnson, of Milwaukee. The consideration was \$900. These lots were owned by Mary E. Adams of Salem.

Miss Hattie Keck is sick with tonsillitis.

Miss Margaret Squires, of 11 Jessup street, Portland, was united in holy wedlock to Herbert O. Rima, at the bride's home last Monday evening. A large number of friends were present. Miss Squires spent most of her girlhood in Milwaukee and graduated from the school here. Mr. Rima is an engineer on one of the large river steamers.

Through some mistake a number of people were wrongly informed that C. F. Witte would have a formal opening of Crystal Lake last Sunday and quite a crowd visited the grounds. The proprietor was in no way ready for them, but he was equal to the occasion and saw to it that every one had a good time. Mr. Witte has received a fine Axetophone that will play the best of the world's music for the dances in the pavilion. He also purchased a 4000 brook trout last Friday. The grounds are well lighted, the fish bite well and everything is being done that can be done for the pleasure seeker's comfort.

The following resolution was unanimously adopted:

"Resolved, That we, the members of the Oregon City High School Alumni Association, heartily endorse the action of the taxpayers and the board of directors of School District No. 62, for the establishment of a 4-year high school course, and we express the hope that the full course will continue to be maintained."

It is probable that the association will hold a reunion at Gladstone Park July 18, in the evening, during the coming session of the Willamette Valley Chautauque Assembly.

Excursion to Camas Saturday.

It is very probable that several hundred people will go to Camas, Wash., to spend their Fourth of July next Saturday. The Oregon City Grays have chartered the ballast steamer George Houston, and will leave Oregon City early Saturday morning, making the pleasant trip down the river and joining with Camas in the celebration of the glorious Fourth. In the afternoon there will be a baseball game between Camas and the Grays and there will be school athletic sports of interest. Many of the fans who are enthusiastic in support of the Grays have announced their intention of going on the excursion and many will take their families on the trip.

CLACKAMAS RIVER IS IN FEDERAL CHARGE

GOVERNMENT WILL DIRECT THE WORK OF PROPAGATION OF SALMON.

On July 1 the Clackamas River, including the Cazadero hatchery station, will be turned over by the state authorities to the United States Commissioner of Fisheries. The Government has agreed to turn over to the state any eggs it might require.

Master Fish Warden McAllister has been directed to establish a hatchery at Bonneville, if he found conditions satisfactory, and the appointment of J. W. Berrian as superintendent of this proposed hatchery was approved as follows: E. C. Greenman, A. J. Sprague, J. W. Talbert and Bliss Thorn.

Mr. McAllister also reported that he had found it almost impossible to visit the different hatcheries as often as he deemed it advisable. He said he had found at such hatcheries as he had visited that the ex-Master Fish Warden had not visited them for the last three or four years, due to the fact that the duties of the office required the greater part of his time. Mr. McAllister's suggestion that an inspector of hatcheries be appointed to visit these stations at least twice a year was endorsed. The board appointed Charles Babcock, of Oregon City, to fill that position at a salary of \$85 per month.
