

# NEWS OF THE COUNTY

**CLARKES.**  
The weather is beautiful now and everything indicates good crops. Oats and wheat heading out well.  
Making hay is the order, should the week remain dry.  
The sawmill and shingle mill are busy filling orders.  
Strawberries are plentiful for home use.

Mrs. Stella Larkins-Graves visited with her mother last week and was joined by her husband and sister-in-law, Elmer Graves and Miss Graves, the Fourth.  
The celebration on the Fourth was well attended, and all enjoyed the exercises of the day. Credit is due the leaders of the program.

Mr. and Mrs. Martin, of Eastern Oregon, are visiting the latter's parents, Mr. and Mrs. Marshall.  
Elmer Graves and wife went to Kelso, Wash., where Mr. Graves is employed as a barber. The many friends of Mrs. Graves regret her leaving this community, but our loss is Kelso's gain. May success attend them through life is our wish.

Mrs. Force and daughter Kate visited Clarkes over the Fourth. Force and son have a very good store at this place.  
Miss Olive Withee entertained her Sunday School class recently at her pretty little home, in the form of a social, which is the first of a series which will be held from time to time. Leaders were chosen for the different departments, social, etc., and a chap-erone was named. Games of proper kind are engaged in and oftentimes light refreshments are served. This is a needed recreation for our young people. We hope for their success as they meet from time to time in different homes.

An all day meeting will be held at the English M. E. Church next Sunday, July 12. Sunday School at 10 A. M., followed by a basket dinner and the Children's Day programme will be rendered at 2 P. M. The programme is being prepared by Mrs. Capt. Branson, Miss Mary Marshall and Miss Olive Withee. All are welcome.  
Preaching services at the English M. E. Church will now come on the 2d and 4th Sundays so as not to conflict with the German preaching services, allowing all an opportunity to attend. Come everybody. Rev. Rinehart preaches splendid sermons.  
Mr. Maddy is working in Portland.  
Miss Emma Kleinsmith is attending school at Monmouth.  
Mrs. Cummins and son Archie, who are in Oregon City taking medical treatment, are reported better.  
Miss Edna Gard is attending the summer school in Oregon City.  
Ed. Hettman is doing some splendid work with his wood saw.

**CLARKES.**  
There was a celebration on the Fourth of July and they had a large crowd of people from all directions

Grant B. Dimick, of Oregon City, delivered a stirring oration and the boys played ball and had music and dancing, and a little fire-work.

W. H. Bottemiller is cutting grass for Mr. Scherrubbe.  
W. H. Wettlaufer was in town last Saturday on business.  
W. H. Bottemiller is going to put a chimney in his new house.

Mrs. Nichols came home from Portland to visit her son Frank Nichols and spend the Fourth.  
Henry Kleinsmith is shearing a few sheep.

Alvin Kleinsmith was in Clarkes the Fourth of July to visit his mother and see the picnic.

**SHUBEL.**  
George Sager cut his hand severely while working for Dix Bros. one day last week.

Laura Schubel has been visiting her sister, Mrs. Lieser, at Canby a few days the past week.  
Most of our people celebrated the 4th at Clarkes.

The Shubel second nine defeated the Colton nine Sunday 17 to 9. This makes one game each.  
Mrs. R. Ginther visited a few days in Portland last week.

What we would like to know is: If a precinct goes "dry" can a man or a number of men buy beer by the keg and whiskey by the bottle in a "wet" precinct, bring it to his home in the "dry" precinct and there with his neighbors drink as of old.  
Mr. and Mrs. E. W. Hornschuh, and Mr. and Mrs. E. F. Ginther visited relatives in Portland Sunday.

Della Buhm, a teacher in the Portland schools, was visiting with her folks here on the 4th. Della is one of those few who have studied hard to succeed and has won.

**LOGAN.**  
There was rather a short attendance at the meeting of Harding Grange on July 2, but those that were there made good use of the time. The fair was discussed, but as some of the committee were absent the arrangements were not completed. Every member should make himself or herself a committee of one to hustle a little for the fair and it will be a great success. Noisy patriotism on the Fourth of July was discussed and several were of the opinion that fire crackers and small boys make a poor combination. There was quite a talk about washing machines and the general opinion was that there is some good machines that are a great improvement over the wash board. Several grangers hauled most of the lumber from Tellefson's mill for the horse barn soon to be built.

G. D. Nicolai has sold his place and will return to Montana. It seems to be hard to get a permanent resident on that farm as it is the third transfer in a few years. Rumors of other sales are thick in the air.

Several Logan people went to Estacada on the Fourth, and C. N. Tracy had a runaway after getting home, but fortunately no damage was done.  
Mr. and Mrs. Gray were out from Portland on the Fourth, and the latter, who was known to old residents as Olive Chase, was renewing girlhood acquaintances and visited the place of her birth on Henry Babler's farm.  
We are glad to note that our old friend Willard W. Austen was elected school superintendent of Grant County.  
It is reported on what appears to be good authority, that Pat O'Connor is in the Washington penitentiary for 20 years, for assaulting a man who became insane as the result.  
The Parkplace boys defeated the Logan team last Sunday, the score being 8 to 6.  
A. Swales is going to retire from active farming and has rented his farm to Henry Swales. He will build a house on a portion of the place and prepare to take it easier from now on. Mr. Swales has worked hard in improving his fine farm and deserves the success he has achieved.  
Peter Wilson is on the sick list.

**MULINO**  
4th of July has passed for this year and one could certainly not ask for a better day. Nearly everyone from this neighborhood celebrated at Lib-eral.  
Several of the Mulinoites expect to go down on the Columbia to work during fishing season.  
Thos. Fish is digging a well on his ranch.  
Quite a number went from this vicinity to attend the barn raising of James Mallatt of Molalla.  
Mrs. Oscar Daniels and children are visiting a few days with friends and relatives here.  
A. Dougan has been weeding carrots during the last week.

**SUNNYSIDE AND ROCK CREEK.**  
The Fourth of July picnic on Mr. Griffith's place was a success and all reported a very enjoyable day. There were between 85 and 90 persons present. The two Mr. Hunters each brought their graphophone and furnished music. Mrs. L. M. Hunter also had her organ there and played some fine music. Mr. Thorpe had a stand on the grounds and Burton Deardorf made and served ice cream. Mr. Bowerman was requested to give a short speech and responded with a will. The entire proceeding was highly appreciated by those who attended and will be remembered for many years.  
Mrs. Griffith is able to walk again with the aid of a cane.  
Mr. Jackson is intending to move away soon.  
A few people gathered at Geo. Johnson's Saturday evening and enjoyed a little dancing, breaking up about 12 o'clock. A general good time was had.  
Mr. and Mrs. Alonzo Hunter and Mr. and Mrs. Adolph Stoll took dinner and spent part of the day at John Stoll's on the Fourth.  
Harris Deardorf, who has been vis-

iting around here, has returned to his home in eastern Oregon.  
A good many farmers are making hay nowadays.  
Frank Ott had the misfortune to lose one of his horses.

**STAFFORD.**  
George Ellegson's broken shoulder is getting along as well as can be expected. Joe Nimic is working for him.  
The "glorious" Fourth passed off quietly with numerous family gatherings and various family fire-works in the evening.

Strawberries are almost a thing of the past, and cherries, currants and raspberries are taking their place, and the ever-busy housewife is working early and late to prepare the toothsome things for next winter's family table, while the heavy crop of clover is rapidly disappearing under the friendly roof of the overcrowded barn.  
Mr. Aerns is enlarging his barn. He entertained a large gathering of relatives and friends Saturday and Sunday. Mr. and Mrs. Tiedeman set a long table on the lawn in the shade of the trees where at least fifty or sixty happy friends and neighbors partook of a bountiful Fourth of July dinner.  
Mr. and Mrs. Gage entertained about a dozen relatives on the memorable day.  
John Wanker's baby is but very little better.  
Watchers again have to sit up with John Mays.  
A valuable mare on the Mays place died Tuesday afternoon. The loss of a horse is always a serious matter on a farm, but that night some sneak thief walked off with about 30 or 40 pounds of fine steak, that Henry Toeltemeier had hung up for the next day's delivery, as he has been bringing meat to the neighborhood every Wednesday for a long time. These midnight prowlers will run up against a set gun or other trap some dark night, then we will send in their initials in full, that is their sir-name and given name, also.  
Mercury went up to 95 at Gage's Tuesday.

**STONE.**  
The Fourth of July was considerably represented here from a distance. The Portland people and even the Lents people put in an appearance. There was no particular effort resorted to in advertising to get the young and old Americans to celebrate over the glorious 4th of July. If the Stone people had undertaken to celebrate there would have been something done. However there was considerable of combustible execution with fire crackers and liquid fluid that affect a person so they can't walk straight, nor see clear, nor they don't keep very still with their mouths.  
The busy growers at Dallas raise gooseberries three inches in circumference. That is a big gooseberry, but Clackamas county can beat that, a quarter of an inch, and the long way a half inch. We think old Clackamas County won't take a back seat on any kind of farm products that can be produced in Oregon, especially the Great Willamette Valley country.  
The farmers hereabout are in the hay fields with their mowing machines

and pitchforks and such things, and these pleasant sunshine mornings and warm days dry the moisture out of the hay.  
Yes, the hum of the mosquitoes is furnishing music for the hay pitcher that he may be able to pitch more hay.  
The Mumpower and Little sawmill outfit haul logs part of the time and they saw part of the time.  
Evangelist Sewell has been preaching the last week in the Friends meeting house near Damascus to attentive audiences and on the 4th of July a man and his wife made good confession that the Eunuch made a long time ago. See Acts 8th chapter, 37th verse. This man and wife were baptised near the Clear Creek bridge July 6. Evangelist Sewell will preach at Damascus July 12 at 11 A. M.

**DOVER.**  
The big national holiday is past and everybody seems to have had a big time. Several joined in a picnic on Eagle Creek while others went to Gresham and some to Estacada, but one and all claim to have had what is called a glorious Fourth.  
Warm weather still continues and all farmers are getting ready or have started to cut hay.  
Mr. and Mrs. C. A. Keith and family came up from Mowery's camp on Deep Creek to spend the Fourth on their ranch at Dover. The Fourth, however, was anything but pleasant for Mr. Keith, as he took sick on Saturday and was not able to be about on that day. He is reported much better however and they expect to return to the Camp in the morning. Mr. and Mrs. Keith cook for the camp.  
Mr. and Mrs. Dan Erdman and family were visitors at George Wolf's during and since the Fourth.  
A. J. Kitzmiller, the champion trout fisherman of Dover, went fishing on the Fourth and caught 110 of the speckled beauties. Not so bad!  
Mr. and Mrs. J. W. Wock and family from Portland are visiting with the Bews family this week.  
George Sawtell and Perry Kitzmiller, of Gresham, left Friday with their three-legged calf, which they exhibited on the Fourth. They expect good success.  
The Boadley boys erected a house on their property east of the Dover post office last week.  
Several from here attended the baseball game at Eagle Creek Sunday. They report that the colored boys (the Golden West team) were too much for the Eagle Creek nine. Too bad, boys. Cheer up. Better luck next time. You will be acquainted with the color.  
One of A. J. Kitzmiller's mares was taken suddenly sick Friday, the head swelling up to an enormous size. No one here is able to account for the trouble.

**CASTORIA.**  
The Rock road which for some time has been in process of construction under Mr. Hubert, has finally been finished.

**REDLAND.**  
The rock road which for some time has been in process of construction under Mr. Hubert, has finally been finished.

**REMEDY THAT DOES.**  
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Center, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Howell & Jones drug store, 50c and \$1.00. Trial bottle free.
