SHAME OF THE SOCIALISTS.

If the Socialist party ever expects to receive recognition from the people of this country, it will have to make a material change in its line of conduct. The party that nominates convicted murderers for President is deserving of no consideration and will receive none. There are good men in the ranks of the Socialist party who certainly will not approve of the action of the New Yorkers. They should hang their heads in shame. Is there no material for presidential timber among the Socialists that they should put forth a man who killed his employer? Do they have to search among the ranks of convicts in the prisons of the country for men to head their national ticket? And do they expect to swell their party vote by such a course? It is sickening.

There are thousands of men in the United States who do not approve the Republican party, and other thousands who are not satisfied with the policies of the Democrats. It is to these men that the Socialists must turn to gain numerical strength. But there is no liklihood that any considerable num-ber of citizens will embrace a party whose standard is so low that it will go into the depths and select a man for the high office of President who has plunged his hands into another's

No State in the Union is spreading more high class advertising matter than Oregon. The splendid booklets issued to present the claims of Yamhill County, Albany and Linn County, Grants Pass, Roseburg, Medford and Ashland, are superior to those issued by the commercial bodies of other states. Eastern Oregon is not being neglected, and this character of advertising cannot fail to have an advant ageous effect, and other communities should see that their claims are not overlooked. Dayton has come into line with other live centers of Yamhill County by organizing an active commercial club. Manager M. O. Lownsdale, of the Yamhill County Development League, held a meeting there the other night and raised \$650 for advertising purposes. County Judge C. J. Trenchard, of Astoria, suggests that the Oregon Development League take One of the bones was broken near the up the matter of good roads throughout Oregon. The judge makes the He is under the care of Dr. Mount and suggestion that some capable men be employed by the State to educate the people of every community in the commonwealth along these lines.

One of the most interesting gatherings yet held in the Convention Hall of the Portland Commercial Club was that of the Oregon State Medical Society, which adjourned Friday night the most important three-day meeting in the history of that organization. Dr. R. C. Coffey, of Portland, retired from the position of President, to give place to Dr. W. H. Bird, of Salem. The Secretary, Dr. William House, of Portland, was re-elected for the ensuing year. Among those who were present were famous physicians and sur geons from the East, while both Washington and Idaho were represented by splendid delegations. The next meeting of the Society will be held in Seattle, at the Alaska-Yukon-Pacific Exposition, jointly with the Washington and Idaho Associations, and it is the purpose of the medical men of the Pacific Northwest to make that meeting one of the most important held in the United States.

From present appearance that compact little army sent by the United States to Panama will have nothing more serious to do than to act as a reserve police force for the Isthmus. So much the better for Panama and for the United States. This country cares little who may be elected president of that little toy republic, but all the world is interested in the peace of the zone through which the canal is building. That can at least be kept free from political earthquakes and no doubt the presence of a small U. S. army had influence in this direction.

SURVEYS ON ABERNETHY.

W. G. Kern Thinks Road Will Be Spur of O. W. P.

For some time parties have been making surveys and purchasing rights of way up Abernethy Creek, north of Oregon City, to Abernethy. So quietly have these operations been going on The Misses Nettie Kruse, Helen that little is known about them, and what company is back of this movement at this time can only be conjectured. W. G. Kern, who owns a considerable tract of land on Abernethy Creek, was in that vicinity Sunday day Sunday by inviting many of his and ascertained that the route of the proposed line passes close to his land. He made some inquiry, but only verified the fact of the surveys and the acquisition of rights of way. He was not able to ascertain what company or
