

Milwaukee and Vicinity

MILWAUKEE.

A large crowd attended the Grand Opening given by Mr. Witte at Crystal Lake Park on the 4th. People began to fish early in the morning and continued all day. Several hundred fine trout were landed and taken home by the delighted fishermen and fishermen. Many a couple danced to the strains of the music rendered by the orchestra from Portland. The unanimous sentiment of the crowd was that Milwaukee has at last a pleasant little pleasure resort that can't be beat anywhere for its size and the cleanliness of the entertainment.

Jack Deardorff is the proud father of a baby boy. Both the baby and the mother are getting on in the best of shape.

Several Milwaukee boys were rounded up by the marshal at about three o'clock on the morning of the 4th, for making the early hours noisy with cannon crackers. After receiving a severe lecture they were allowed to go and no complaint has been lodged against them as yet.

The Milwaukee boys beat Harmony in a very interesting game by a score of 7 to 9. The score by innings was as follows:

Milwaukee 0 0 3 0 2 1 0 1-7
Harmony 0 0 0 0 0 0 0-9

Mrs. J. H. Beneke is visiting friends and relatives in this city. Her home is in Spokane.

The Mothers' Club expects to charter a special car and go to the Chautauqua in a body on the 14th.

Mrs. T. Wright sold her home to Mrs. Salvia Goff. This is one of the many homes in Sellwood's Add to Milwaukee.

C. Simmonds had the misfortune to be hit behind the ear by a ball from a roman candle on the night of the 4th. This was the only accident on that day in Milwaukee.

G. Muckenthaler started for Germany last Thursday where he expects to spend the remainder of his days.

Mr. and Mrs. G. Lowe returned Monday from a visit with relatives at Newberg.

A barn in the Italian gardens containing four horses, 10 sets of harness and several tons of hay was destroyed by fire shortly after midnight Sunday night. The property was located on the grounds of the Golf Links Association south of the links and was leased by Joe Figulub. He discovered the fire when the barn was in flames and succeeded in getting out two of the six horses, but four perished in their stalls. There was no water at hand. The fire is supposed to have been caused by a tramp. The loss was in the neighborhood of \$2000.

Mrs. Sarah McCown, of Sellwood, is visiting her daughter, Mrs. Binearson, of Milwaukee Heights.

Mrs. Casto, who has been very ill at her home on the Heights, is slowly recovering.

Mr. and Mrs. Will Edwards, of the Heights, spent one day last week with friends in our neighboring city Vancouver, beyond the Columbia.

Miss Robin Shaw, daughter of Captain Shaw, of the Heights, has returned home after several weeks detention by quarantine in Portland. Miss Shaw has resumed her profession as nurse, having fully recovered from her serious illness of last summer.

Miss Almyra Whitney, one of Portland's popular nurses, spent a couple of days visiting friends on the Heights. The Misses Casto, Kate and Ella, teachers in the Milwaukee school, are

spending their vacation amidst the orange and pomegranate groves of our sunny neighboring state to the south.

Wallace Baldwin returned from Newport last Saturday, where he has been sporting with the merry widow men-maids, those lovely nymphs to be seen combing their beautiful tresses for the delectation of the habitués of the sea. He says that although he used every bate known to successful anglers, he failed to hook on to any of the lovely creatures.

The contractors having the remodeling of Milwaukee's school building, is progressing well along towards completion, and strange to say, will have everything in readiness for occupancy in time for the Fall opening of school. The building, when completed, will be modern in all its appointments, and will reflect credit, not only on the board of directors, but upon the loyal citizens who voted the necessary tax upon themselves for this good work. As is pretty well known, the Milwaukee schools—the first school organization in the state of Oregon—stands the peer of any school in the state, and it seems to be the purpose of the patrons to keep it at this standard.

Mrs. Keller's handsome residence located on the north bank of Lake Kellogg, is nearing completion.

Mr. Echenburger, representing all of the Gould's system of railway lines, with offices in Portland, has moved into his handsome summer residence recently erected on the margin of the lake, and is enjoying the suburban life to the full, drinking in the health rejuven as it comes from the hills laden with spicy fragrance from the fir, pine and cedar.

Captain Shaw returned from Newport, the city by the ever restless sea, Saturday of last week. He was in attendance at the Department Encampment, Grand Army of the Republic.

Aside from a little discomfort, resulting from a few tears from old Jupiter Pluvius, he reports having a splendid time listening to reminiscences of army life and war time episodes. And notwithstanding the twinge of rheumatic pain that would sometimes lay hold upon them, the old fellows were boys once more, and in their retrospective view of things, fought o'er and o'er again the battles of the giants that confronted each other in the sixties.

Clackamas County was honored in the election of one of her citizens as Department Commander. Your correspondent wishes to say, parenthetically, that in the election of Captain Apperson to conduct the affairs of the Grand Army for the ensuing year, the G. A. R. has for their commander the next governor of the great state of Oregon. Let the many readers of the Enterprise put this little bit of information, given out for the first time, carefully away in their thimble.

Cherries, ripe, gives delight and greet you where ere you go, is a slogan that might well be adopted by the people in and about Milwaukee. This luscious fruit is in great abundance in the vicinity of Milwaukee, and the earliest varieties are being picked and marketed with profit to the growers.

Go whizz! Actually saw a man working on one of Milwaukee's streets the other day. He was filling in a hole that had been worn in the street, deep enough, almost, to bury a team. This recklessness on the part of our city dads in spending money, should be looked into.

GLADSTONE.

Mrs. T. Bailey, who is seriously ill with pneumonia, is slightly better.

Oscar Freytag's son Clayton, fell from a horse the latter part of last week and broke his arm.

Mr. and Mrs. T. E. Gault and family, Mr. and Mrs. P. G. Wells, Mr. and Mrs. A. T. Parker, Ralph Park and Mrs. Whitcomb are camping at Gladstone Park.

Miss Irene Allen is visiting her aunt, Mrs. J. J. Tingle.

Master Ward Hammond is visiting at the home of his brother, William Hammond.

Mr. Bonney, one of the contractors for the new school house, took a principal part in the comic opera "Trial by Jury" given at Chautauqua Wednesday evening.

Misses Maude and Elizabeth Gallogly have returned from Eugene to spend the Summer with their parents, Mr. and Mrs. Charles Gallogly.

Charles Gallogly has purchased property in west Gladstone and expects to build soon.

Mr. and Mrs. C. H. Dauchy, who were severely burned last week have been removed to a Portland hospital for treatment.

EAGLE CREEK

This is fine weather we are enjoying and the cherries will soon ripen if this weather continues.

James Gibson made a brief trip to Portland on Tuesday last.

Mr. and Mrs. Henry Udell, of Dover, passed through this burg on Tuesday morning on their way to Portland, where they spent the day shopping.

Mr. and Mrs. W. J. Howlett went to Troutdale last Wednesday to attend the Adventist camp-meeting, returning home on Saturday.

Mr. and Mrs. Guy Woodie took dinner with Guy's mother Sunday and in the afternoon attended the ball game at Eagle Creek.

Elmer Douglass has quit working for the Sellwood Lumber Co., and is going to work for Gus Burnett. He likes farming the better.

Some of the farmers of this locality are busy cutting hay and others are cultivating their potatoes, etc.

James DeShazer and family, of Firwood, attended the ball game Sunday.

On last Friday afternoon the directors and some of the men and boys of the neighborhood congregated at the school house and raised the flag pole. After the pole was solidly set, the clerk, H. S. Gibson, raised the flag; and as it was being raised Mr. James Gibson played on his phonograph the selection entitled "You're a Grand Old Flag." After it was raised the men took off their hats, waved them over their heads and gave three cheers for the grand old flag.

The majority of the people on the hill went to Estacada to celebrate the Fourth and spent a very pleasant day.

Eagle Creek played with the Arleta team the Fourth at Estacada and won the game by a score of 9 to 5. This makes twelve straight games Eagle Creek has won this season.

Sunday afternoon the Eagle Creek nine played with the negro boys, the Golden West team, and were defeated the score of 6 to 0. It being their thirteenth game they were unlucky. There was a very large crowd in attendance to witness the playing, the largest that has ever been to a ball game in Eagle Creek. Everyone wanted to see the "niggers" play.

Next Sunday the Clackamas team will play with Eagle Creek.

WATER RIGHT EXTENDED.

City Obtains Concessions From Light and Power Company.

The city council Wednesday night passed to its second reading the ordinance granting a franchise to the Portland Railway, Light and Power Company, conveying permission to erect poles and string wires along Water street. This action was taken to enable the company to transfer its equipment from Main street, where wires must be either placed underground or removed. The city reaps considerable benefit from the new ordinance as the company agrees to give an extension of 12 years to the city for water privileges. The water commission has a 13-year lease for water, and this will make a total of 25 years, so that Oregon City will not have to worry about her water supply for many years to come.

The council laid on the table the ordinance providing for an annual license fee to be paid by physicians and dentists to the city. There was some difference of opinion among the professional men relative to the provisions of the ordinance, and as they could not all agree the matter was laid to rest.

TIME TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness. Profit by Oregon City People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dizziness—puffy swellings beneath the eyes, bloating of limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old time health and vigor will return. Cures in Oregon City prove the effectiveness of this great kidney remedy.

On the date of February 27th, 1906, W. W. Stone, a well known resident of Oregon City, Oregon, writes us the following: "I have been much benefited by the use of two boxes of Doan's Kidney Pills. My trouble was occasional dizzy spells and too frequent passages of the kidney secretions. I had to get up often at night to pass them. I have also had some few attacks of backache. Having found real help through the use of Doan's Kidney Pills I do not hesitate to recommend them."

For sale by all dealers. Price 50 cents. Foster-McBride Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

History of Oregon Land Frauds.

Oregon land frauds have attracted wide attention all over the country, and the doings of Francis J. Heney, and William J. Burns have been commented upon in the press, and the people of Oregon have at last been given an opportunity to learn the inside history of some of the greatest frauds ever perpetrated on any government. Stephen A. D. Puter, sometimes known as "king of the land thieves," has written a book, in collaboration with Horace Stevens, and has named the volume "The History of the Oregon Land Frauds." The book is profusely illustrated with half-tones of many of the prominent figures in the cases, and Puter tells graphically of his own knowledge of the frauds. Every page is replete with interesting information, and the volume should be in the hands of every Oregonian who desires to become posted on one of the most monumental frauds of the times. N. N. Robbins is agent for Clackamas County for the book and anyone interested may communicate with him by mail, and they will be given a chance to examine the book. Mr. Robbins is selling many of Puter's books in this county.
