OUR COMMERCIAL CLUB.

Oregon City's Commercial Club has completed its organization with a set of excellent executive officers, Judge Thomas F. Ryan at the head. In the prime of life, vigorous and progressive, Judge Ryan is in a position to do much for his city and county, and the position is no sinecure.

We have not been in the front rank with our push clubs, but with the formation of a healthy commercial body, Oregon City has an advantage that should be worked to the limit. The organization is new. It is young. It is free from prejudices. It has no social restrictions. Every man of good morals and standing may become a member, and every such man should not hesitate.

Cities and districts were never built up with half an effort. They were never prosperous with the aid of half of their citizenship. Every hand is needed. The knocker must retire to the rear. The natural resources are here. All they need is people to develop them. Clackamas County, with a population of 30,000, can easily support ten times that number, and it will, and the more boosting done will only hasten the time.

IS YOUR NAME enrolled on the register of the Commercial Club?
Do YOU expect to be benefitted by the struggles of others?
Do you think it FAIR that a few men should do all the work and you should reap an equal harvest?

Do you realize that something is necessary for the success of a Commercial Club beside MONEY?
We have heard that it is easier to knock than to boost and we believe it is true. We are apt to look back upon the failures of our Boards of Trade and become pessimistic, but let us consider that their failure was not due at all to the lack of financial support, but from a general apathy among our business and professional men.

If our Commercial Club is to have a membership of 200, then let at least 50 per cent. of the membership be present at every meeting. Otherwise, the institution cannot be a success.
And, lastly, if your friend Mr. Jones, from Salem, or Portland, or Albany, or Eugene, asks if you have a Commercial Club in your town, you won't have to reply in the negative and endeavor to explain WHY.

EXCHANGE IS GOOD.

All due credit should be given to the city administration for the clever bargain that they made last week with the Portland Railway Light & Power Company in obtaining an extension of 13 years on the privilege of taking water from the basin. This deal was made in exchange for a franchise to place poles and wires on Water street and it is certain that this street will not in many years to come be used for a business thoroughfare to a greater extent than it is at the present time.

With the lease of the city for water privileges to run 12 years, we are now protected for 25 years in advance. Conditions are constantly changing, and water power is every year growing more valuable for manufacturing purposes. It is within reason to assume that at the end of 12 years the owners of the water would have demanded considerable money or its equivalent for the water that we must have for a hundred purposes.

Time was when corporations were given franchises for the asking. Oregon City has seen such a time, but it is past. In these progressive days large companies expect to give something in return for special privileges, even when they are of a minor nature, as this one is.

GOOD ROADS IN OREGON.

"Good Roads" seems to have become in recent months the subject of almost every conversation when a group of citizens get together. During the last two weeks there has been more discussion of good roads among members of the Portland Commercial Club than there has about the great political campaign that is before us. When dairymen get together they discuss good roads; it is the same with fruit growers, while automobile owners have become veritable cranks on the subject.

An insistent demand, coming from every section of the State, has been made upon the Portland Commercial Club to call some character of representative meeting to discuss a practical plan whereby all Oregon may have better highways. President W. K. Newell, of the State Board of Horticulture, has written to the club asking that action be taken without delay. A similar request also comes from Hon. J. W. Bailey, State Dairy and Food Commissioner, on behalf of the dairy interests, and the bankers of Portland and other cities and towns of the State are of one mind on the subject. Many of the cities throughout Oregon are building high class hard surface pavements, and everywhere you go you find men talking "Good Roads."

As a result of all this it has been determined to hold an "Oregon Good Roads Conference" in the Convention Hall (6th floor) of the Portland Commercial Club, Tuesday, August 11th, with morning, afternoon and evening sessions. No interest in the state seems to be more anxious to have a part in developing the good roads sentiment into a realization than the railroads, and as a result a rate of a fare and a third has been made for this meeting; tickets will be good the day before and the day after the meeting, so that it may be extended over the second day if necessary.

An interesting program will be prepared, but there will be no long-winded theoretical speeches—practical men will be secured and practical ques-

tions discussed. The Good Roads Association of Oregon and Washington will be asked to co-operate in making the meeting a success. The basis of representation will be announced within a few days, but all commercial and industrial bodies, county judges, county commissioners, editors, and mayors, will be authorized to appoint delegates and urged to have a good representation present.

Tragedies are rare in Oregon City. But once in every two or three years comes a murder that is notable. These things seem to be a part of our boasted civilization. We hear that our foreign element is to blame, but this is not strictly true. We have had Americans who are murderers. It might be suggested that the best way to get over these regrettable affairs is to give the criminal a speedy trial and get him out of the way and thus lose him in our memories.

County Recorder Ramsey has set the ball rolling for the success of the new race track at the Clackamas County Annual Fair by offering a prize of \$50 for the best horse in a half mile running race. This is worthy of commendation and shows the true sportsman in our genial county official. Only a few spirits as these and there would be no doubt of the success of any public undertaking.

COFFEE

Good grocers like Schilling's Best, for it makes good-will and not trouble; in case of complaint, the money is ready.

Your grocer returns your money if you don't like it, we say him.

Mr. and Mrs. E. J. Hall and daughter and Mrs. L. W. Huston, of Lewiston, Idaho, are visiting at the home of Mr. and Mrs. C. W. Evans. Mrs. Hall is a sister and Mrs. Huston is the mother of Mrs. Evans. Mrs. Huston will remain here all Summer, while Mr. and Mrs. Hall and daughter will stay several weeks.

John P. Keating returned Sunday from the east, where he had been for the last six weeks. He was a delegate to the Lumbermen's Convention at Minneapolis and visited a number of the Eastern cities. He left Sunday for his home in Newberg, accompanied by his family, who have been visiting at the home of Mrs. Fannie L. Cochran.

Dr. E. A. Sommer, in mad haste to go to Canemah Sunday afternoon to look after a suffering patient, killing his first drive with his new automobile. He was driving rapidly when the dog crossed in front of him and all would have been well had the animal not concluded to foolishly cross the back track.

J. D. Ritter and nephew, of Needy, were in Oregon City Thursday on a business trip. Mr. Ritter is one of the prominent hop growers of Clackamas County, and has over eight acres in hops, but says that very few hops will be picked in the Needy precinct this year, as the price paid at present is not satisfactory to the growers, and many have decided to put the ground into grain instead of hops. The vines that have been cultivated this year are looking poor. The yield will be less this year than for many previous years. The fruit and grain yield this year of the Needy country is larger than it has been for many years.

The Bank of Oregon City

Some people have an idea that in order to have a bank account they must have a large sum to deposit, that the bank does not care to be bothered by small accounts.

This, however, is not true of the Bank of Oregon City, which welcomes new accounts, whether of \$1.00, or \$1000, and the same courtesy and service is accorded the small depositor as those in more fortunate circumstances.

It is our object and wish to serve the public in financial matters in a manner that shall be satisfactory to all—old or young, rich or poor.

We want your banking business and will be pleased to have you open an account with us.

SOCIETY

Miss Edna Daulton, whose marriage to Mortimer D. Latourette is to take place Wednesday, July 23, was the guest of honor Wednesday night at a linen shower, given by Mrs. John B. Lewthwaite at her new home in West Oregon City. The hostess was assisted by her sister Miss Peel, of Portland, and by Miss Alice Lewthwaite. The color scheme in the decorations was pink and was cleverly carried out, even to the cake and the very happy one and was unusually enjoyable.

Mrs. Theodore Clark was the hostess Tuesday night at a Cherry party at her home on the hill, and 50 ladies spent a remarkably pleasant evening under the shelter of her hospitality. There were eight tables of bridge and the prizes went to Mrs. John R. Humphrys, Mrs. Thomas McBride and Miss Marjorie Canfield. Each guest brought a bouquet on her own special bed and these parcels were auctioned off by Mrs. Clark, the feature creating much amusement. The refreshments were delicious. The affair was very happy one and was unusually enjoyable.

Installation of the newly elected officers of Oregon City Lodge, The Fraternal Brotherhood, took place Wednesday night in Villamette Hall. Past President James F. Nelson was the installing officer and the ceremonies were conducted according to the ritual. Ice cream and cake were served.

Just Exactly Right.
"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c at Howell & Jones' drug store.

Women Play Ball Tuesday.
The baseball fans are to be given a treat next Tuesday for they will see the real thing in their line, the Chicago Ladies Baseball Club. They have been making a tour of the west and Manager Goodfellow, of the Oregon City Grays, has scheduled a game with the fair members of the Windy City aggregation. The game will be played on the Villamette Field next Tuesday afternoon at 3 o'clock and it requires no effort to say that both young and old baseball fans will be in attendance. Before the game there will be a parade in Oregon City.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm will master catarrh or cold in the head easily and pleasantly. All druggists sell the 50 cent size. Ely Brothers, 56 Warren Street, New York.
The Balm is used without pain, does not irritate or cause sneezing. It soothes itself over an irritated and angry surface, relieving immediately the painful inflammation. Ely's Cream Balm contains no cocaine, mercury nor other harmful drugs.
