

OUR FARMERS' PAGE.

ENTERPRISE READERS ARE INVITED TO CONTRIBUTE AGRICULTURAL, HORTICULTURAL, LIVESTOCK, POULTRY, DAIRY OR "BIG CROP" ITEMS FOR THIS DEPARTMENT.

Of Interest to Feeders.

An added feature in the forthcoming third annual interstate live stock and horse show, to be held in St. Joseph, Mo., the week ending September 21-26, is the car-load fat hog exhibit. This is a new feature that should prove interesting to the feeder more than to the breeder. Ample premiums have been provided that should draw out an interesting exhibit of the one domestic animal that stands at the head of the procession as a mortgage lifter on the American farm.

In this exhibit not less than fifty hogs are to constitute a car load, and there are two classes, one for the average of over 250 pounds and one of not less than 250 pounds. Premiums are \$40, \$25 and \$15 in each class, and a sweepstakes of \$25 for the best car load is also provided.

The car lots will be exhibited in special pens in the hog department in the stock yards, and the hogs will have to be sold here, as the government does not allow hogs to be removed from the stock yards back to the country.

Touching upon this subject of the government supervision of the movement of live stock and the sanitary precautions observed at the interstate live stock and horse show grounds, it is noted specially that during the two previous live stock shows held on the interstate grounds there has not yet been a solitary instance of sickness among stock exhibited.

The show grounds for all except car loads are outside the stock yards, and while the government officials do not exercise jurisdiction over the show grounds, a competent veterinarian is in charge of the sanitation of the grounds and every precaution against sickness of stock is taken.

Orange Culture in the North.

Botanists in the employ of the United States Department of Agriculture hope to bring into being an orange tree which will be as sturdy as the apple tree; an orange tree that will not perish in the chill of northern winter, which in December will bear its wreath of snow and in May its garlands of bloom, and when summer comes will yield fruit as good as that sweetened in the south sun.

This may seem to be an unnatural proposition, says the Technical World, but it only seems so. No violence upon the laws of nature has been or will be attempted. It is simply an effort to make the citrus tree, which bears the sweet table orange as hardy and insensitive to cold as the citrus tree which bears the bitter, unedible orange. By crossing a citrus tree which grows in the north and which bears an unedible fruit with the citrus tree of the south it is sought to beget a plant in which will be combined the good traits of each.

Government botanists are confident that the results of this citrus marriage will be a scion that will grow and fruit at a latitude midway between the northern limits of the sweet and bitter orange. If this should be, there might be orange groves in Central Virginia, Middle Kentucky, Southern Indiana, Southern Illinois, Central Missouri and Central Kansas. Think of orange groves around the homes in Richmond, Louisville, Cincinnati, St. Louis and Kansas City.

Intensive Farming.

The possibilities of a small farm under intensive cultivation are strikingly shown in the following record of production from eleven acres, located near Reading, Pa.: Three thousand six hundred and fifteen bunches of radishes, 30 bushels of white China radishes, 775 bushels of onions, 1800 boxes of strawberries, 675 bunches and 20 bushels of beets, 500 quarts of lima beans, 12 bushels of soup beans, 75 bushels of peas, 63 bushels of string beans, 125 bushels of potatoes, 440 baskets of tomatoes, 1000 heads of lettuce, 5000 heads of cabbage, 600 dozen ears corn, 125 baskets of eggplant, 100,000 pickles, 40 bushels of turnips, 12 bushels of carrots, 25 bushels of parsnips, 1000 roots of horseradish, 2000 stalks of endive, 20,000 stalks of celery, 25 bushels of artichokes and 8 bushels of popcorn.

Testing the Health of an Animal.
The pulse of a horse when at rest beats forty times per minute; of an ox from fifty to fifty-five; of a sheep and a pig about seventy to eighty. The pulse may be felt wherever a big artery crosses a bone. It is generally examined in the horse on the cord which passes over the bone of the lower jaw in front of its curved

position, or in the bony ridge above the eye; and in cattle over the middle of the first rib; in sheep by placing the hand on the left side, where the beating of the heart may be felt.

Any material variations of the pulse from the figures given above may be considered as a sign of disease. If rapid, hard and full it is an indication of high fever or inflammation; if rapid, small and weak, low fever, loss of blood or weakness. If slow the possibilities point to brain disease and if irregular to heart troubles.

Largest Duck Farm.

Australia is said to have the largest duck farm and the largest incubator in the world. The incubator has a capacity of 11,400 duck eggs or 14,080 hen eggs. The machine is, in fact, a hothouse. It stands in open ground and is constructed of ordinary pine boards, with corrugated iron roof. The egg trays each hold 130 duck eggs or 160 hen eggs, and there are four of these trays, end to end, eleven tiers, one above the other on each side of the room, making a total of eighty-eight.

Value of Humus.

That soils need humus is shown by the recent test at the West Virginia station. The ash of stable manure, even when applied with sodium nitrate, did not show as large returns as when stable manure alone was applied. In a number of cases it is decaying humus and not latent plant food elements that the farmer's soil needs. See that the soil is rich in organic matter first, then if it fails to produce, apply the plant food elements in the prepared forms.

Thistles.

Thistles are spread from the seed, and if the plant is not allowed to go to seed there will be no danger of this pest spreading over the pasture. The best time to cut the weed is just before it comes into bloom and before there is any possibility of the seed maturing.

Pasture Grass.

Farmers have found that 6 pounds of timothy, 5 pounds of white clover, 3 pounds of Kentucky blue grass and 1 pound of red top seed per acre to be an excellent mixture for pastures. If the ground is inclined to be wet, the red-top will take the place of the timothy.

Strawberry Borer.

Frequent crop rotation is the only practical remedy for the well-known strawberry crown borer. The infested field should be burned over in the fall and the next year planted to some other crop upon which the pest cannot thrive.

CASTORIA
The Kind You Have Always Bought

JENNINGS LODGE.
(Continued from page 3.)

Clark's drug store.
Among the homes on the Willamette river, one of the most beautiful is the country home of Mr. and Mrs. H. H. Emmons, where a great many people from Portland and Oregon City enjoy the hospitality of the Emmons family. Among those who visited there lately were Mrs. Taylor, of San Francisco and Misses Susie Gratz and Emily Mitchell, of Portland, and a launch filled with Portland friends spent Sunday there.

Mrs. J. B. Evans entertained at a luncheon on August 21st. Covers were laid for five and Mrs. Evans proved herself a most charming hostess.

George Morse, assisted by Harold Pratt and Arthur Roberts, delivered some fine milk cows to Sellwood on Tuesday.

C. H. Slocum is having his hay baled, but the unsettled weather is putting them back some.
Miss Inez Cravatte, who is going to spend the winter with Mrs. Spooner, and Miss Bronte Jennings, spent the week end with Miss Bronte's brother, Clark Jennings, of Clares Dale Lodge. Miss Helen Bushnell joined the party on Friday evening and on Saturday evening a pleasant surprise was tendered Miss Bronte Jennings by the rest of the party and all joined in declaring Mr. Jennings a most entertaining host.

Mrs. Fred Terry was called to the home of her sister, Mrs. Pease at Risley, where her mother, Mrs. Hurley, is ill.

D. C. LATOURETTE President. F. J. MEYER, Cashier.

Estacada and Eastern Clackamas

ESTACADA.

Estacada was unusually quiet on Tuesday on account of Barnum & Bailey's circus in Portland. All of the cars leaving here in the morning were crowded with the sight-seers.

The building on Broadway, formerly occupied as a restaurant, and which has been vacant for some time, has been renovated, and Mr. and Mrs. L. C. Posson have opened a restaurant called "The Portland Restaurant." Mr. and Mrs. Posson, who have made their home here for some time, are well known, and they are bound to meet success in their new venture in the manner they are conducting their business.

Charles Bard, of this place, met with an accident on Monday afternoon. While he was engaged in repairing a whip, the knife he was using slipped, and he cut his hand badly. Dr. Adix was consulted, and the injured member given the proper attention, several stitches being necessary.

Mrs. H. V. Adix and son have returned from a week's outing at Warrento, Oregon, where they were members of a house party given by Dr. Owens Adair at her beautiful home, "Sunnymead." Dr. Adair's place covers 300 acres, and is a most desirable place to spend the Summer. Gearhart Park was also visited by Mrs. Adix during her stay at Warrento.

H. M. North, who has been conducting a general merchandise store at this place for some time, has decided to go out of business, and will soon leave for Eastern Oregon, where he has property interests.

Miss Gertrude Morrow, one of the accommodating telephone operators at this place, was among the visitors to the circus on Tuesday. During her absence her place was filled by Miss Kitty Reagan.

Miss Hattie Belfils, of this place, left Tuesday afternoon for Portland, where she will visit with friends and relatives for a week.

W. M. Yonce, who was taken to the Portland Sanitarium last week, where he has been undergoing medical treatment, was able to be moved on Tuesday afternoon to the home of his wife's sister, and his speedy recovery is looked for by his many friends. As soon as Mr. Yonce is able to travel he will be taken to his home at Estacada.

Estacada, like many other flourishing little towns of Oregon, is enjoying a building boom. Several buildings are under construction, while many others are undergoing extensive repairs. The first concrete building to be erected in Estacada is being constructed by J. W. Reed, formerly mayor of this city. Mr. Reed has a force of about ten men on the building, who are pushing the work along as rapidly as possible so as to have it completed early in September. The building is situated on Zorbrist and Broadway, and is convenient to the O. W. P. railway car line. The structure is 34x55 feet, with 10-inch walls, and having a concrete roof. The building is fire-proof, and will have all of the modern conveniences. Mr. Reed, who will have charge of the business, will handle a full line of building material, farming products, feed and farming supplies.

J. T. Lovelace, who is conducting a feed store here, is having the building enlarged. Mr. Lovelace's business has grown so that he is obliged to make this addition. Dr. H. V. Adix, who is the O. W. P. Ry's physician at this place, is erecting an office and residence on Second street, between Broadway and Main. The buildings are of the bungalow style, and are very attractive. There will be four office rooms, which will be used as an X-ray room, reception room, consulting room, and the other is to be used as a dentist office. The residence is modern throughout. One of the features of the building will be a Dutch kitchen. The large living room, dining room and three bedrooms with bath will make one of the most convenient and up-to-date cottages. Dr. Adix, who recently came here from Portland, is meeting with success in his profession, and entertaining citizens like this are always welcome into any town. The grade cottage, and a new heating apparatus has been installed, and is to be heated by the most approved and sanitary hot air system. The bridge crossing the Clackamas at Estacada has been completed, and is a great benefit to the many farmers who bring their produce to Estacada, or to ship to Portland by the O. W. P. Railway Company.

Ed Hogan, Neil Bronson, Lee Bronson and Ed Kouffery, who have been camping for the past week near Eagle Creek falls, returned to Portland on Sunday evening, after a most enjoyable time in fishing and hunting. Ed Hogan, formerly connected with the A. E. Sparks grocery store at this place was given a dancing party before his departure on Saturday night. The affair was in charge of H. M. North, and was given in the Pavilion. There was a large attendance, and everyone had a good time. Supper was served beneath the large fir trees. The Rehobek Centennial Lodge of Estacada, gave a picnic at Cedar Grove near the Eagle Creek falls on Sunday, and was one of the most enjoyable affairs ever given here.

Our rural delivery mail route was changed to Boring on August 1. Victor Johnson and family and Mrs. Sindall made a visit to George on Sunday. Joel Jarl and Mrs. Lindholm burned large slashings of logged off lands last week. Several Kelso people attended the German concert at Sandy August 15. Miss Flossie Bass, of Newberg spent last week with her friend, Mrs. Joel Jarl. Mr. McGowan went to Portland Saturday. Leo Rath, who has been in Portland for the past month, was in Kelso last week. Victor Johnson and John Roberts spent a week hunting in the mountains recently. Bert Johnson, our constable, is on the sick list. Oluf Mickelson is in a Portland hospital at present undergoing an operation. Mr. Erickson, of Portland, was in Kelso Saturday and Sunday looking after his farm. He expects to move here in October. Miss Hoffman and the Junker girls, of Sandy, were visiting in Kelso Sunday. Mrs. Dickenson and son, Johnny, visited Kelso Sunday. Miss Ellen and Frank Jarl, from Portland, called on the home folks recently. Mr. and Mrs. Lindell and daughters spent a week with Rob Jonarud's family here.

Cascasweet is for babies and children, and is especially good for the ill so common in hot weather. Look for the ingredients on the bottle. Contains no harmful drugs. Sold by Jones Drug Co.

Nasal Catarrh quickly yields to treatment by the agreeable, aromatic Ely's Cream Balm. It is received through the nostrils and cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size. Test it and you are sure to continue the treatment till relieved.

Announcement.
To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Sunday, and was one of the most enjoyable affairs ever given by this organization. At noon a basket dinner was served beneath the large fir trees. The party returned to Estacada in the evening. Those attending were Mr. and Mrs. R. H. Carrin and family, Mr. and Mrs. A. Morrow and family, Mr. and Mrs. E. Saling, Mr. and Mrs. J. W. Reed and family, Mr. and Mrs. L. E. Belfils and family, Mr. and Mrs. A. M. Miller and family, Dr. and Mrs. H. V. Adix and son, Miss May Barr, Miss Mattie Linn, Miss Nora Meyer, Miss Esther Meyer, Miss June Oakley, Miss Mary Oakley, Miss Gertrude Morrow, Mrs. J. H. Belfrich, Edwin Bates, Arthur Berman, Jim Linn, Charles Kitching, William Githens, G. Bailey.

H. A. Williams, who has been the owner and editor of the Estacada News for the past four years, has sold his interest in the paper and the parties who have purchased the plant have formed a corporation, and the name of the paper will be changed from Estacada News to the Estacada Progress. The officers are: President, George Estes; vice-president, A. E. Sparks; secretary, L. E. Belfils. The stockholders are Charles Dubois, A. E. Sparks, R. W. Cary, J. W. Reed, E. S. Womer, George Estes, F. F. Cary, Al Lindsey, and E. M. Miller. The directors who will serve for the ensuing year are George Estes, C. E. Dubois and A. E. Sparks. E. S. Womer has been chosen editor, and has commenced his duties this week, and will be assisted in the office by his son, Paul V. Womer. Mr. Williams will remain in the office for a month until the paper is established. Mr. Womer, who was in business in Pennsylvania for many years before coming to Oregon, is well known here, and has made many friends during his residence in Estacada and in Clackamas County. The office of the Progress is equipped with a hand press, job press, and many fonts of type, etc. Other type will be purchased later by the new company. There are 100 shares in the new company, valued at \$10 per share. The Estacada News was started on a small scale by Mr. Williams, and he has worked diligently to make it one of the leading country newspapers in the county. The object of the new company is to advertise this particular part of Clackamas County, and are arranging to get out special editions to advertise this country.

The following have registered at the hotel this week: Charlotte Underwood, Marie Elizabeth Senner, of Portland; Maud Coffin; Lorna Ferguson, of Condon; C. F. Armstrong, Thermopolis, Wyoming; C. W. Lynde and wife, W. C. Downs, L. M. Egbert, E. D. Beagle, E. T. Good, Paul Moran, J. F. Smith and son, R. Loyd and wife, Sam J. Beswick, George Wild, Mr. and Mrs. H. J. Begger, Miss Nellie Langquest, A. H. Weber, F. Warren, George Sanders, Thomas Hall West, D. H. Stephenson, John Cahalin, E. D. Jorgenson, Portland; L. Stacey, Chicago; M. B. Case, Peoria, Ill.; H. F. Bneider and wife, Portland; Ella Johnson, Sioux City, Iowa; Beulah Johnson, Auburn, Wash.; William Marshall, Yocolt, Wash.; George Daniels, Wyckoff, Ore.; C. S. Brace, Portland; E. B. Walworth, St. Paul, Minn.; B. Wood, A. Howe, B. Stewart, J. Wheeler, Portland; George, Cartier, Charles Henry, C. Organ, Washington, D. C.; H. L. Terry, C. H. Graves and J. M. Foster, Portland.

The public school of this place will commence on Monday morning, September 14, and the following excellent corps of teachers have been engaged to teach the coming year: Howard James, Principal; Miss Stella Womer, grammar; Miss Eva Pruner, intermediate; Miss Mae Stephens, primary. This is the first year that Prof. James and Miss Womer have taught in the Estacada school, and they are highly recommended. Prof. James comes from the East, where he has taught in several colleges, and resigned the principalship of a large institution to accept the principalship of the school at this place. Miss Womer has been one of Clackamas County's successful teachers for several years, and has many friends here, who are pleased to have her as an instructor. Miss Stephens and Miss Pruner have been re-elected this year, as their work heretofore has been very satisfactory.

KELSO-BORING.
Our rural delivery mail route was changed to Boring on August 1. Victor Johnson and family and Mrs. Sindall made a visit to George on Sunday. Joel Jarl and Mrs. Lindholm burned large slashings of logged off lands last week. Several Kelso people attended the German concert at Sandy August 15. Miss Flossie Bass, of Newberg spent last week with her friend, Mrs. Joel Jarl. Mr. McGowan went to Portland Saturday. Leo Rath, who has been in Portland for the past month, was in Kelso last week. Victor Johnson and John Roberts spent a week hunting in the mountains recently. Bert Johnson, our constable, is on the sick list. Oluf Mickelson is in a Portland hospital at present undergoing an operation. Mr. Erickson, of Portland, was in Kelso Saturday and Sunday looking after his farm. He expects to move here in October. Miss Hoffman and the Junker girls, of Sandy, were visiting in Kelso Sunday. Mrs. Dickenson and son, Johnny, visited Kelso Sunday. Miss Ellen and Frank Jarl, from Portland, called on the home folks recently. Mr. and Mrs. Lindell and daughters spent a week with Rob Jonarud's family here.

The Kind You Have Always Bought Bears the Signature of

Dr. J. C. Kenyon

In Use For Over Thirty Years

CASTORIA

THE BENTON COMPANY, NEW YORK CITY.

Canby and Southern Clackamas

CANBY.
William Willard Knight and Miss Reta R. Bowman were united in marriage at the M. E. parsonage last Monday evening by Rev. W. J. Weber. Both young people are popular among their many friends in Canby. They are occupying the house where Ed Braddt formerly lived.

Three itinerant preachers, who claim that they belong to no church and have no creed but the Bible, have been holding meetings in a tent near the school house for the last month. Little can be learned of where they came from or just what they stand for. They claim that they have no worldly goods. They abhor the thought of taking offerings at their meetings. It is said that they live entirely off donations given them. When they are not given food or invited to dine, they claim that they go without. One of the three is said to have stated that while they were in a certain town in California they went a whole month on just two meals. These men seem to be earnest in their belief. In one of their recent meetings they made an attack on the churches, stating that no preacher has a right to receive money as salary and that unmarried preachers should sell all that they have and live as they do.

The services at the M. E. church for next Sunday are: Sunday school 10 A. M.; preaching 11 A. M.; Epworth League 7 P. M. Instead of the usual evening preaching at 8 o'clock, Rev. W. F. Weber will give the fifth of the series of illustrated lectures. The subject for next Sunday evening is "India in Transition," or "Marvels in the Orient." One hundred stereoscopic views will be thrown on the canvas showing the unique costumes, beautiful scenery and different classes of people of that far off country.

A. J. Burdette came home last week after a two weeks' vacation at Newport. Mr. Burdette is the care-taker of the camping grounds. Will Krueger has about completed the addition to his home.

L. D. Walker has begun the construction of his new home. Mr. Walker has adopted the bungalow idea which is so prevalent in modern building. It will cover a ground space of about 28x50 feet. The structure will be modern and practical throughout. There will be eight rooms, a fine porch ten feet wide and an outdoor sleeping room on the second floor.

Mrs. O. Mack and Mrs. J. A. Graham made a short trip to Newport last week to visit their mother and brother, who are spending the Summer there.

L. Wang made a flying trip to Newport Sunday. George Penman and Frank Kettle are bricking Henry Knight's well. Miss May Egge, who taught a very successful year in the primary room at Canby last year, has accepted a position at Lone Elder for the coming Winter.

Mrs. O. M. Gurley was a Woodburn visitor Monday. Miss Cora Lee, hold a position as stenographer with E. A. Tufts in Portland. She is spending her vacation with her parents near Canby. A new boy arrived at the home of Mr. and Mrs. A. M. Condit. He put in his first appearance in this world last Thursday. Over 200 people visited the fair grounds last Sunday. They came from far and wide and all seemed to be much pleased with the progress the management are making. The shingling of the auditorium is finished and the fence will be started this week. Roscoe Mack is having his pump hatched to an electric motor so as to be ready at any time to refill his tank. There have been several important real estate sales during the past few days. John Taylor sold his 10 acres, on Canby Prairie, to a son-in-law of Mr. Colby, from Grants Pass. J. M. Stewart sold his 29 acre farm six

miles south of Canby to C. M. Spencer, of Heppner for \$2500. Christian Craft purchased 20 acres of the Hedges & Griffith prairie land for \$1,800. This tract has no trees on it. Rudolph Clouse sold his farm near Macksburg for \$9975 and purchased 26 acres in Macksburg for \$2600 from W. H. Seward.

EAGLE CREEK.
We have had a change in the weather. We suppose those who have not yet threshed do not like this rain. The farmers of this neighborhood are threshing, and each and all had a very fair crop. Misses Edith and Meda Murphy were visiting with Misses Myrtle and Mary Woodie on Sunday. Dick Gibson made a brief business visit to Barton Monday. Wesley Douglass and Mr. and Mrs. Walter Douglass and family, returned home Sunday evening, after an outing at the huckleberry patch for about two weeks. Mrs. R. B. Gibson spent Monday with Mrs. Viola Douglass. Mr. and Mrs. Will Douglass, Ed Douglass and Sam Wilson went to the mountains after huckleberries on Monday. Mr. Labor purchased a fine cow of Henry Udel the first of the week. Mrs. Rolph went to Portland on Monday on her way to Hood River, where she is going to make a visit. Her daughter, Mrs. E. L. Palfrey, accompanied her to Portland. Take Kodak whenever you feel that you need it; then you will not be troubled with sour stomach, belching, gas on the stomach, etc. Sold by Jones Drug Co.

DAMASCUS.
We have another shower of rain, which will make the late potatoes do well. Most all are done threshing in this part, and the farmers feel relieved of their Summer's work which has produced real well. Miss Nettie and Miss Mary Tong were visiting at the old Bennett Deardorff place last week. Mr. Theabo is having a well dug at his place. They were visiting at E. Theabo's last Sunday, near Sycamore. Mrs. J. Hilleary, of Portland, was visiting her sister, Mrs. H. Leigh, Sunday. A. Newell and family have gone to Wilhoit Springs to spend a week's outing. Quite a number around here are going hop-picking, while other parties are going to the coast soon. Mrs. Delia Hunter was visiting at Sycamore Sunday. Our butcher wagon has stopped now. We miss it, and need another in our little town. Sunday School every Sunday morning and preaching in the evening by Rev. Pitts, of Gresham. Mrs. M. Donley, attended the Grange at Sycamore Saturday. Their new hall looms up their town. A. C. Newell is in Eastern Oregon attending to business. Mr. Leigh, of this place, is building a new house for Mr. Henrich. C. R. Hunter attended his grandfather's funeral at Beaverton Tuesday, August 18.

Why James Lee Got Well.
Everybody in Zaniesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Jones' Drug Store. 50c and \$1.00. Trial bottle free.
