

# Canby and Southern Clackamas

**CANBY.** One of the social events of the season was the lawn social at the home of Mrs. Mary Huffman Tuesday evening by the members of the Epworth League of the M. E. Church. There were about 150 people present, who had a most enjoyable time. Games were the features of the evening and followed by ice cream, cake, watermelon, coffee and sandwiches. About \$17 was netted from the affair which will go towards their church. The lawn was beautifully lighted with Chinese lanterns for the occasion. The committee consisted of Miss Anna Porter, Mrs. Graham and Mrs. Huffman.

A grand ball will be given by the Canby band at the Canby hall on Saturday night. The band will furnish the music for dancing and a most enjoyable time is promised all who attend. Tickets are \$1.00; ladies free.

A baseball game is scheduled for Saturday afternoon and Sunday afternoon on the Canby diamond between the Canby team and the Spantons, of Portland. Admission 25c.

Miss Pearl Kinney, of Portland, is visiting Mrs. Anna Dedman.

Mrs. Giesy, of Aurora, is visiting with her granddaughter, Mrs. Lee Eckerson, of this place.

Mrs. Martin has returned from a visit to McMinnville and Oswego.

Rev. Weber returned from Salem Tuesday morning, where he had been attending the Oregon State Conference for the past week. Mrs. Weber and children were also in Salem during that time, but returned home Monday. Rev. Weber, who has been here for the past two years, has been chosen to remain at Canby, and has given excellent satisfaction during his residence here.

Barney Cronier has sold his home in Canby for \$1500 to Mrs. Chris Koehler. Cronier now lives at Wilsonville, and his family are here on a visit.

Phil Tucker, of Mackburg, who recently built a barn and other buildings, is building a house on his farm he purchased of Mr. Messig.

J. R. Fisher, who bought the Wells farm at Mackburg, has arrived with his family from Cornelius to occupy his farm.

Jno. Sutherland is building an addition to his house on Seon! street.

Mildred Wang and Helen Graham visited Portland friends from Thursday until Sunday of last week.

Charles Brewer has sold his farm to C. G. Smith, and moved his family to Canby.

Mrs. Edna Pettus has gone to Kellogg, Idaho, to live her husband, who is engaged in mining.

Mrs. J. F. Loyce and daughter were in Portland visiting yesterday.

J. B. Howard has accepted a re-election at The Dalles, Oregon.

Mrs. Cassie Evans, who has just opened her boarding house near the hotel, and is prepared to take boarders. It is probable that the Aurora band will be at the fair on Saturday and furnish the music for that day. Much of the space in the hall has been taken for exhibits. A telephone is to be installed in the building which will be convenient to those wishing to use it.

Allan Adams, Will Myers and Thomas Stinott, of Oregon City, have erected a stand on the ground.

The hall is being decorated by the decorator and will present an attractive appearance.

From present appearances the Fair of this year will be a most successful affair. The road leading from the main entrance will be rolled and sprinkled. The track is being rolled and sprinkled, and a steam wood saw is on the ground sawing wood for the campers.

Visitors in Canby during the Fair, will do well by calling on Mrs. C. C. Hutchinson, the milliner, who has just received a full line of goods.

Mrs. C. C. Shull and daughters, Neva and Eda, of Wilsonville, who have been visiting with relatives here for several days, returned to Wilsonville Monday. The Shull family have been making their home here, but have been spending the Summer at Wilsonville where will be their future home.

August Bremer, Sr., and daughter, Mrs. Emma Bohrer, returned Tuesday from the East, where they have been spending the Summer with relatives. During their visit in the East Mrs. Bremer had a severe attack of typhoid fever, but has recovered.

Frank Cantrell has rented the house made vacant by Mrs. Shull, who has gone to Wilsonville to make her home.

The infant son of Mr. and Mrs. John Hindery was buried in the Norwegian cemetery Monday. The little one, which was two weeks old, died at the family home in Portland Saturday. The family formerly resided at Canby.

Mrs. George Penman and Mrs. Charles Grove left Canby Wednesday evening for Warden, Idaho, where they will join their husbands, who are several weeks ago. They expect to make their future home at that place.

J. B. Hurst, manager of the Aurora electric light plant, was in Canby on a business trip Wednesday. Mr. Hurst is installing many lights in Canby.

During the week C. Maggini sold his 46 acre farm for \$3500. The property was purchased by out of town parties, and is considered a good farm.

The new store room of Andrew Koehler is attracting much attention. It is one of the most up-to-date store buildings to be found in any city. The harness room is 18x30 feet, and Mr. Koehler has added a new line of harnesses and buggy robes. The office has just been completed and Mr. Koehler will move his office fixtures Thursday.

**TEAS.** The cost of good tea is so very little: only a third of a cent a cup! a cent-and-a-half or two cents for the family breakfast!

Your grocer returns your money if you don't like Schaller's Tea. See our list.

**SAYS MYERS WAS SELFISH.** Wilsonville Woman's Husband Would Not Buy Clothing.

Aphelia Myers has secured an injunction restraining her husband, John A. Myers, from selling his property near Wilsonville. She has brought suit for divorce, stating her husband is selfish and refuses to give her spending money or furnish her means with which to provide herself with comfortable and ordinary clothes. When she asked for some clothes, he said: "You need not expect me to give you money for clothes; you can do without them." Mrs. Myers says her husband has frequently declined to pay ordinary grocery bills, though last year she paid for all the butter that was used at their home. She wants \$25 per month alimony and \$75 with which to prosecute the suit. Judge Gordon, E. Hayes is attorney for Mrs. Myers.

**NEW ERA.** On Monday the county steam roller and sprinkler passed through our burg en route for the race track at the Fair grounds at Canby, which insures a fine track by the time the Fair gates open for the public.

Mr. Dustin purchased a prize winning Plymouth Rock rooster at the County Club show at Portland Saturday.

D. McArthur left Sunday for a months' visit and hunting trip near Shellville, Cal.

August Bremer, Jr.'s wife is suffering with sore eyes. Dr. Brown, of Portland, is in attendance.

Mrs. J. Rief is visiting her sister, Mrs. Albert Schilling of McMinnville, this week.

August Bremer, Sr., left Nebraska on the 24th for home, having been called there at the death of a brother several weeks ago.

Newt Critser was a Portland visitor Saturday.

Mrs. George W. Grace and daughter, of Oregon City, spent Saturday and Sunday with Mrs. H. P. Wink and attended the Grange fair.

Warner Orange and a splendid display at their Fair Saturday.

Mr. and Mrs. John Slaughter spent Friday and Saturday in Oregon City and Portland.

Luther Norton, formerly of this place, but a resident of Albina, was visiting relatives and friends here over Sunday.

Charles Waite, of Canby, was a guest of Herman Anthony Sunday and purchased a trio of fine Belgian hares from Mr. Anthony.

"Meet me on the sands" at Canby, Thursday, Friday and Saturday.

**Corn in Pretoria.**  
American women have been doing missionary work for corn at an agricultural show in Pretoria. The South Africans have always regarded corn meal unfit for food, but the various tempting articles prepared from it at the exposition have shown them their error. It is expected that by the removal of this prejudice much will be done to relieve distress among the thousands of unemployed who are living principally on grain.

**Neglect of Drainage.**  
It is necessary to closely study the physical condition of soils, that is reflected in the character of the herbage growing upon the soil. The chief danger is probably poor drainage, with consequent excess of water and lack of sufficient oxygen in the soil. Such a condition is weakening and often results in the death of the roots of plants growing in such soils. Especially is this so to crops growing in heavy clay soils, and where there is an impervious subsoil. In such cases many of the feeding roots of plants are killed by suffocation during protracted wet seasons. Very often roots that may be forming are killed in a few days, should the soil become saturated with water. Not only is there a loss of these feeding roots, but the vitality of the entire plant becomes weakened. Plants growing where the surface is calked and packed often suffer from want of oxygen for the roots. This is especially applicable to trees. In such cases the annual growth is not only retarded, but the plants lose vitality and become prey of insects and fungus pests. The remedy for such a condition is deep and careful cultivation, and the provision of some organic fertilizer. This will provide plant food for new growth of the roots and also lighten the physical nature of the soil. Lime is also recommended for this latter purpose in the case of heavy clay soils. The roots of all plants must have a supply of oxygen. Without it they can not develop. Deprived of this oxygen, they die of suffocation. The plant will be poisoned by its own decomposition products, and will starve or become the prey of parasitic enemies.

**The Fruit Garden.**  
This is the season of harvest in the orchard. Pick the pears two weeks before they would become soft and store them in a cool, dark place to ripen. Peaches picked for shipping should be removed from the trees while still hard, but with good color. For home use, however, let them remain on the trees until they are ripe enough to fall. Trees can be set out for a new orchard in September and October. If the trees are received with the leaves still on, strip them off at once. Get your orders in early, so that the plants will be received early. Grafts and gooseberries can be planted to much better advantage now than in the spring. It is also the time to increase your stock of a favorite variety of these fruits. Cut the tips of the stems into pieces 3 or 4 inches long and tie them in bundles. Store in damp sand, in a cool place until spring.—Suburban Life.

**DAIRY NOTES.**  
All skim milk hauled from creameries to the farms should be pasteurized. The cost of support is in proportion to live weight but the yield of butter is not always in such proportions. The cow that gives the largest yield in proportion to the food consumed other things being equal is the most valuable.

To get the best results from a dairy cow her treatment should be gentle and quiet as possible. Neither dirt nor odors can be strained out of milk, they only can prevent their getting in. Butter when churned too long becomes solid and greasy instead of open and grainy. That butter is not well made whose flavor will not admit of any delay in its consumption. Keep the cow pastures rid of noxious weeds, if you want milk of better flavor.

In buying utensils for the dairy, get those having the fewest seams and rough surfaces. Good dairy products cannot be made if the cows do not have clean, pure drinking water. If you don't build a silo this year don't neglect doing so next year. The profit will more than exceed the cost. Do not discard a cow until you have given her a fair show. It may be she needs feed. Good cream rising can only be attained by keeping the milk sweet as long as possible. In a few words, the principle of keeping the cream in good condition is to produce as clean as possible by having clean milk; by having all utensils with which the cream comes in contact thoroughly cleaned; and by the proper cooling of the cream as soon as possible after separation and the holding of it at as low a temperature as the well water will allow and the delivering of the cream every other day at the station; and protected as much as possible from the heat in summer and from the cold and freezing in winter.

# MANY IN HIGH SCHOOL.

Attendance at Oregon City in Excess of Expectations.

Increased attendance at the Oregon City schools may necessitate the employment of an additional teacher, as there were 56 pupils in the seventh grade Monday morning and more are coming. In the sixth grade at the Barclay building there are 14 pupils and 23 in the sixth grade of the Eastham building, and it is known that others are intending to enter. In the high school 85 students have entered and though 18 new seats have just been placed in the high school, they are all occupied and some of the seats are used by two students. This congestion will have to be relieved in some manner.

**Would Mortgage the Farm.**  
A farmer on Rural Route 2, Empira, Ga., W. A. Floyd by name, says: "Buskin's Aranea Salve cured the two worst sores on my leg. It is worth its weight in gold, and I would not be without it if I had to mortgage my farm to get it." Only 25c at Jones Drug store.

**Business Must Be Good.**  
A new moving-picture show is to be installed on the hill in Oregon City, making the third. The Electric, opposite the Brightbill bakery, and Schram's, opposite John Adams', have been well patronized.
