Those who have news for the Milwaukee department of the Enterprise should either mail it to the Milwaukee Editor of the Enterprise at Oregon City or leave it at the real estate and insurance office of A. H. Dowling in Milwaukee.

OAK GROVE.

The one much used sentence in Oak Grove these days is, "We have our new telephone in now." Mrs. Gilbert, the telephone operator is kept busy answering calls for people who want to test and experience the ease and pleasure of visiting with Mrs. over the phone. Over fifty phones have already been installed.

Esther Wood, daughter of Amos Wood, fell from the second story window of her home yesterday through a trap door and hit against a chair. Esther is only four years old but she seems to have escaped without any serious and permanent injury.

The dance last Saturday night in Oak Grove was a great success. The young people are enjoying dances every two weeks now.

Roy Blackbe, who was married lately, is building a new home in Oak Grove.

Amos Wood is adding a kitchen to his home on the car line.

Oak Grove is getting to be quite a little town. There are two stores, belonging to G. W. Sherk and W. Miller, respectively, a new meat market run by Lehman Bros., and a confectionery store owned by Mr. Warren, to say nothing of the new telephone exchange.

GLADSTONE.

The box social that was to have been given by the X. L. Club Friday night has been postponed again and will take place a week from Friday.

It is reported that there is typhoid fever in the King household.

The new school furnace will be completely installed before the beginning of the week.

The pupils of the Gladstone high school are beginning to prepare for a drama to be given some time in the not distant future.

The work on the new church building is now progressing with great rapidity.

home. Thomas Toats, Jr., is the first boy in the Toats family. He took the prize at the grange fair for being the youngest baby present.

Milwaukee politics is again arousing itself for action. There are three prospective candidates in view for Mayor, Taft and Bryan will be forgotten when this tug of war begins in earnest.

The C. McCormick house, which is being built by Kerr and Shindler, is nearing completion. It is built on the true California Bungalow style. Each room has unique characteristics that mark it from the rest. The home takes the place of the one that was burned a little over a year ago.

The burning of a hornet's nest on Dr. Hummer's place last Saturday was the cause of a rather serious fire. The boys found a hornet's nest. Coal oil was poured on it and it was set on fire. The fire did not die completely out and Monday the flames spread. The house was caught and it was found necessary to call in the neighbors to keep it from spreading. Some of the fences were burned and more damage would have been done if it had not been that those who were fighting the flames were able to get water by digging two shallow wells in the beaver dam.

Milwaukee has a very enthusiastic promoter of the wool combing industry in the person of Samuel Pearson. Mr. Pearson is an expert in the wool combing business and spends lots of time and patience in trying to explain to the people of this section of the country the advantages of a separate wool combing and yarn making plant. In a recent interview with him he said in part, that modern methods of combing wool is the wool clearing house of the textile industry. The fleece of wool as it comes from the grower is a mixture of long and short hair. The method of preparing this wool for the spinner, as used almost wholly in this part of the world, is carding. The carding of wool simply prepares the wool for the spinner without separating the long from the top. These two words "Noll" and "Top" need some explanation. Top, the part of the wool that is best for sweaters and is used for Mohairs and Worsted, is the long hair. Noll—that part which is in many ways best for blankets and is used for the heavy shawl. This word "Worsted" is also interesting in its origin that it can hardly be passed by without comment. It originated in 1340 when an act of persecution in the Netherlands drove a body of people out of England who settled near Norfolk. England. It was soon found that these people were skilled in the process of wool combing and that they made a quality of yarn that is unexcelled. The name worsted was given their product from the fact of their being worsted in their own country.

Mr. Pearson has an exhibit of wool from the fleece to the cloth, with cuts showing the machines that are used in the 16 processes that are required from the combing to the spinning of the cloth. He had this on exhibition at the Milwaukee Grange Fair.

While not as fine as wool grown in some other sections of the world, Clackamas County wool will make fine worsteds if properly combed. A combing and yarn making plant is no more a part of a woolen mill than a saw mill is a part of a saw and door factory. If a combing and yarn making plant could be established in Clackamas County it would put out a product from the home grown wool that would find an almost unlimited demand all over the Pacific Coast, besides giving employment to a large number of people and furnishing the means for the young people to learn a fundamental part of the textile industry, that demands the best that is in a man in the way of brains and skill. Mr. Pearson is very enthusiastic over the possibilities of the development of this line of business in Clackamas County and has well grounded hopes of being able to establish a plant somewhere in the country between Milwaukee and Oregon City.

A very pretty and impressive wedding was solemnized at the Evangelical church last Tuesday night when Miss Beale Clark and Wistar Sellwood were joined together. Miss Sellwood (nee Clark) is the daughter of Abe Clark, of Harmony. Wistar Sellwood is the son of T. R. A. Sellwood. Miss Caffall began the wedding march at 8:15 and the bridal couple marched up the aisle, the bride on the groom's arm. Miss Hall, of Harmony, bridesmaid, and William Sellwood, best man, followed. Presiding Elder Shauer met the party at the pulpit steps. The bride was dressed in cream, with a beautiful veil and carried a bouquet of white roses. The church was crowded. Immediately after the ceremony, the wedding party with about sixty-five near relatives and special friends of the respective families went to the grange hall, where the reception was held, and a beautiful wedding supper arranged so as to make a double band practice, so the boys assembled in front of the hall and serenaded the party. The newly wedded couple went to the door and invited them in. The boys played a couple of appropriate airs and after enjoying some of the good things that were set out for the guests, wished the happy pair every success in their new venture. Mr. and Mrs. Sellwood left for Portland on a late car. They have returned and are living in the old Sellwood home. It has been rearranged so as to make a double house. T. R. A. Sellwood and wife now feel that they are foot loose and can leave the old home in the hands of the young couple while they enjoy a bit of traveling.

Elmer Devane and Rose Dowling, sister of A. H. Dowling, of this city, were united in holy wedlock at the Sellwood Methodist Episcopal church last Wednesday night. Only the immediate relatives of the family were present. The new couple will, it is likely, make their home in the Sellwood addition to Milwaukee.

Richard Scott was taken suddenly ill last Sunday with heart trouble. He is much better than he was and is able to be about again.

W. H. Counsel has charge of the grading of the sidewalk from Main street to Dr. Hinneaman's. The work will be rounded up and well gravelled.

I. S. Mullen has returned from Seio, after a few days' hunting trip. He reports that eagle Creek is plentiful. Mr. Mullen brought back quite a bit of game. He stated that he killed six birds in five minutes while the stage waited for him. A good bird story.

SHOW APPRECIATION.

Milwaukee, Or., Oct. 5, 1908. To the Editor Oregon City Enterprise.

Dear Sir:— Milwaukee Grange, Patrons of Husbandry, extends a vote of thanks to the Oregon City Enterprise for its free advertising of the Milwaukee Grange Fair held Sept. 24, 25, 26, '08.

KATE CASTO, Secretary Milwaukee Grange.

Marchal J. A. Keck is advertising the third "cousy" cow that has been taken into custody under the new ordinance.

John Snyder's house in the Kerr and Shindler addition to Milwaukee is nearly completed. It is a two-roomed bungalow.

Mr. Elkins is having a new walk built in front of his property.

Mrs. Bonnett is having a new concrete head put in the dam. O. Wisinger was amusing himself last Wednesday night with a game of cards carrying in sacks of gravel and sand.

James Elkins has bought the interest that Louis Ham had in the restaurant. Will Kelso is helping Mr. Elkins in the business.

The modern process of combing, which is simply the doing, by machinery of a late type, of the same work that these people from the Netherlands did by hand in their day—simply separating this Noll from the Top. This top can be woven into a much finer thread than can the wool that is simply carded. This thread or yarn is also much tougher and more durable.

The home of Mrs. E. Albee, in Milwaukee, was the scene of a very pretty wedding October 4, at noon, when her daughter, Lizzie E. Albee, and Arthur C. Davis, son of Mr. and Mrs. P. T. Davis, were united in marriage.

The parlor was very prettily decorated with white clematis and pink roses, and the dining-room in asparagus and red geraniums. The bride looked very sweet in cream silk, with cream roses in her hair, and carried some of the cream roses and asparagus fern. The couple entered the parlor as Miss Lou Albee played the wedding march, and the sacred service was performed by Rev. Shauer, of the Evangelical church. After receiving the congratulations of relatives and friends, a beautiful wedding dinner was served. Mr. and Mrs. Davis left in the afternoon for a trip of a week or two among the beautiful hills of Oregon. That they are held in high esteem by many friends was attested by the numerous and useful gifts bestowed by the present and others who could not attend the wedding. One their return, Mr. and Mrs. Davis will reside in the new cottage Mr. Davis has prepared for his bride. Those present were: Mrs. E. Albee, Misses Lou and Ada Albee, Messrs. Ray and Edgar Albee, Mr.

and Mrs. P. T. Davis, Mr. and Mrs. C. R. Davis and children, Mrs. Webster and children, Mrs. E. P. Patten, A. Hoelck, Mr. and Mrs. E. B. Andrews, Mr. and Mrs. Keck and Miss Hattie Keck.

C. J. Copet has received his new stock of drugs and other merchandise. Mr. Copet is a graduate of Highland Park College, with the degree of Graduate of Pharmacy and people of this vicinity can now feel perfectly safe in buying their drugs from a home store.

Next Tuesday being the second Tuesday in the month, there will be the regular meeting of the city council. At this meeting the matter of the new lights for the city will undoubtedly be brought up. T. R. A. Sellwood states that the city has ordered the company to put in three new lights, but the company has given them to understand that they will not put in the lights unless the city will sign a five years' contract. Mr. Sellwood believes that the franchise for the company now holds entitles the city to have extra lights by only giving a year's contract and will hold out for the city's rights.

B. Secharer has moved the little house that was at one time his home from its old place to a lot further back. He intends to open up the street between the new house and the one he has just built for rent and the present location of the old house and cut his two acres up into town lots.

JENNINGS LODGE.

Our new school is finished. The board of directors are to be congratulated on their good taste, not only in the plans of the building, but upon the finishing and furnishings of the school. It is certainly one of the most neat and prettiest of its kind in Clackamas county.

The building will be dedicated on Saturday evening, October 10. There will be speaking on educational lines and a musical programme has been arranged and all are most cordially invited.

School will open on Monday, October 12, and amid such pleasant surroundings, and with so able a teacher as Miss Jennings, surely study will be a pleasure and we expect the children will make rapid strides in the progress of knowledge. With our school in session and a new church in the near future we expect great things of our little village.

Mr. Swafford was born in Wayne County, Indiana, in 1819. He was 89 years and 15 days of age. He came to Oregon in 1852 and made his home in Clackamas County where he had lived ever since. He leaves two sons, E. J. Swafford, of Salem, and J. L. Swafford of this city. He was a charter member of the Methodist Episcopal Church of this city and is the last of the oldest members of this church in Clackamas County. The work on the article resembles the Spanish handwork, and is prized very highly by the owner. Mr. and Mrs. W. W. Jesse's exhibit made an excellent showing in this collection. The booth was enclosed with an arch of grain, grasses and corn. The exhibit of fruits, canned fruits, jellies and other delicacies showed off to a good advantage on the decorated shelves.
