

MILES GETS ROTTENSTEIN

CAPTURES MAN WHO CONFESSES TO FORGERY OF EXPRESS MONEY ORDERS.

WAS BOARDING TRAIN

Arrest Made Just as Rottenstein is About to Leave For His Home in San Francisco.

Constable Miles effected the clever capture Wednesday night of John M. Rottenstein, who passed forged Wells Fargo money orders, amounting to \$50 on Price Bros. and S. Rosenstein. After obtaining the money Rottenstein boarded a car for Portland and as soon as the forgeries were apparent, a warrant was sworn out for the arrest of the fugitive and Constable Miles hit the trail. With him went Joseph Justin, who knew Rottenstein, to identify the criminal. They called at the Portland Hotel, where Rottenstein sometimes stopped, but his name was not on the register. They then went to the police station and gave a description to the night force. Suspecting that Rottenstein might attempt to leave Portland, they went to the Union Depot and after a short wait, their man appeared and purchased a ticket for San Francisco. As he walked toward the gate, Constable Miles stepped up and placed him under arrest. Rottenstein made no resistance, and displayed extreme fright.

Constable Miles brought his prisoner to Oregon City and lodged him in jail. Another forged Wells Fargo order for \$5 was found in his pocket, the number being 438208, just one number more than that on the order that he cashed at Price Bros. Rottenstein had evidently stolen a bunch of these orders from some Wells Fargo office. The issuing office was marked Spokane, with name of A. R. Michelson as agent, and Mose E. Heyman as remitter.

Rottenstein is a man of about 30 years of age, and of fine address. He

had been employed by S. Rosenstein for the last two months, working at the firm's branch store in Canby, and was trusted implicitly.

Democratic Incompetence Proved.

As the congress dissolves and the members return to their respective homes they carry with them a consciousness of much important work wisely and carefully performed and a confidence that the vast majority of their fellow citizens will entertain no doubt that the welfare of the country can be best promoted by the retention of as large or larger Republican majorities in the two houses of congress as well as by the election to the highest office in the land of one who is in thorough sympathy with the policies and aims of the present administration and whose broad experience and matured judgment will save him from the visionary schemes of doctrinaires and the legislative experiments advocated by an inexperienced and wholly incompetent minority, which throughout the session just concluded has demonstrated with augmented emphasis its utter incompetence to direct the affairs of a great and growing nation.—New York Tribune.

Jurisdiction of Congress.

History does not bear out the charge that there is any usurpation by the executive of legislative functions. On the contrary, the tendency is exactly the other way. Congress in its legislation has frequently failed to recognize a thing which the constitution certainly intended—to wit, freedom of discussion in executive matters for the chief magistrate and his subordinates. * * * I do not mean to deny that the line between proper legislative limitation upon the mode of exercise of executive power and unconstitutional restriction is sometimes very difficult to draw, but the danger that the executive will exceed his authority is much less than the danger that the legislature will exceed its jurisdiction.—William Howard Taft.

HOBSON WAS GREAT CARD

CONGRESSMAN FROM ALABAMA TALKS FOR ELECTION OF BRYAN AND KERN.

HAS LARGE AUDIENCE

Touches on National Issues But Devotes Most of His Speech in An Argument For a Greater Navy.

Every seat at the Shively Theatre was filled Wednesday night, when Richmond Pearson Hobson, congressman from Alabama, appeared before an enthusiastic audience and talked on the issues of the campaign in the interest of Bryan and Kern. The presiding officer was State Senator Hedges who introduced the distinguished speaker. On the stage were about 20 Democrats of local prominence. The Oregon City Band rendered selections on the street and at the theatre. Congressman Hobson is an interesting talker and held his hearers without a break for more than two hours. His speech, while favoring the Democrats, was broad to a point of leaving the national issues, when the danger from the Japanese question was explained. He first dwell on most of the five points of the campaign, including the injunction, trusts, and the tariff. He bordered on the sensational when speaking for a strong Pacific fleet to cope with the Japanese when the expected conflict comes, stating that the Japanese question will be a very serious one within six months, after the Atlantic fleet leaves the Pacific. Mr. Hobson called the attention of his audience to the fact that the Japanese have been very quiet since the fleet got within striking distance of Japan. "The United States was forced to back down for the first time in its history, when we gave up on the Japanese school question," said Congressman Hobson. "It was fight or give up. The decision on the question has never been handed down by the Supreme Court.

The speaker paid his respects to "Uncle Joe" Cannon, whom he accused of sidetracking meritorious measures. He said that President Roosevelt's diplomacy prevented war ships at the last session of congress and that the naval committee had cut it down to two. Mr. Hobson said that Roosevelt's diplomacy prevented war with Japan over the San Francisco school question.

"Japan has contracted for 15 battleships of the Dreadnaught class, each one to cost \$10,000,000, and Japan has also contracted for almost the entire output of the torpedo factories," said Congressman Hobson. "The Atlantic fleet has only obsolete torpedoes."

I received a full car load of Peerless Fencing direct from the Wire Works, and can make you very interesting prices.

WHY is "Peerless Fencing" Without a Rival?

PIECE OF WOVEN WIRE FENCE AND FIGURE ON THE TEDIUS OPERATION OF STRETCHING EACH SEPARATE LINE WIRE BY HAND, AND THEN PATIENTLY AFFIXING EACH CROSS WIRE AND SETTING EACH LOCK AT EVERY INTERSECTION. ALL WELL ENOUGH FOR THE PLODDING, STUBBORN PERSON WHO MAY, EVEN YET, BE BREAKING HIS BACK AND DRIVING HIS BOYS FROM THE FARM THROUGH SPLITTING HIS VALUABLE TIMBER INTO RAILS; BUT THE LIVE AMERICAN FARMER, THE FELLOW WHO FARMS FOR PROFIT AND KNOWS WHERE THE PROFIT COMES IN, IS PAST THAT STAGE AND IS A CUSTOMER FOR FACTORY MADE FENCE.

IN ADDITION TO THE GENERAL ADVANTAGES POSSESSED BY WOVEN WIRE FENCING AS A CLASS, "PEERLESS" HAS MANY DISTINCTIVE FEATURES PECULIARLY ITS OWN WHICH MAKE IT, IN THE ESTIMATION OF WELL INFORMED, CANDID AND UNPREJUDICED JUDGES, A FENCE WITHOUT A RIVAL."

TO THESE PARTICULAR POINTS WE INVITE ATTENTION, CONFIDENT THAT A KNOWLEDGE OF THEM AND A COMPARISON WITH WHAT MAY BE OFFERED BY OTHERS IN THE LINE OF WOVEN WIRE FENCE WILL MAKE YOU CERTAIN TO RECEIVE THE BEST VALUE FOR YOUR MONEY. WE ARE NOT CONCERNED WITH THE TIME AND LABOR IN GETTING IT INTO SERVICE. LOOK AT A FUTURE TRADE.

AS YOU FIND IT IN THE PEERLESS IS WITHOUT QUESTION THE BEST MATERIAL TO PUT INTO FENCING; BEST BECAUSE IT IS MUCH STRONGER, BEST BECAUSE IT WILL RETAIN AND HOLD ELASTIC PROPERTIES IN WOVEN WIRE, IF PROPERLY FORMED, THAT ARE ESSENTIAL TO THE LONG LIFE AND GOOD SERVICE OF THE ARTICLE. SOFT WIRE IS CHEAPER AND MUCH LESS EXPENSIVE TO WORK, BUT IT BAGS IN THE SUMMER SUN, DRAWS DOWN FROM GAUGE UNDER A HEAVY STRAIN, AND EVERY TIME A STEER BACKS INTO IT OR A HOG RUBS ON IT HE LEAVES HIS PHOTOGRAPH. ANIMALS, INCLUDING THE HUMAN, QUICKLY LEARN TO RESPECT AN ELASTIC, HARD WIRE FENCE LIKE THE PEERLESS. IT HAS A SNAPPY, LIFE-LIKE WAY OF GETTING BACK INTO POSITION WHEN IMPOSED UPON THAT INSPIRES REGARD. ALL HARD STEEL GALVANIZED WIRE IS USED IN MAKING PEERLESS, AND IT IS CAREFULLY INSPECTED BEFORE BEING WOVEN INTO THE FABRIC. IN THE USE OF HARD STEEL WIRE WE ARE BOUND TO FIND AT TIMES A PIECE THAT IS BRITTLE, BUT ALL THAT HUMAN EFFORT CAN ACCOMPLISH IN THE SELECTION OF CORRECT MATERIAL IS PUT FORTH IN CHOOSING THE RIGHT QUALITY AND TEMPER OF WIRE FOR PEERLESS.
