CANBY.

The farmers of Canby and vicinity are busily engaged during this fine weather in getting their ground in condition so as to have it ready for the fall sowing before the rains set in.

Mrs. Bratti and sister, Mrs. Millard Lee, the latter who is visiting with her parents, Mr. and Mrs. William Knight, went to Portland Monday, returning Tuesday.

Wilson Evans is moving into his cottage this week. The public is extended a cordial invitation.

Mr. Pfister, representing the Watkins Lumber Company, is moving into the house vacated by Grant White.

Rev. Buche, of Clarkes, formerly of this place, but now of Clarkes, was in town the latter part of the week.

The Artisans had their regular meeting last Thursday evening, and it was decided to have a social after the next regular meeting and refreshments will be served. On Thanksgiving night a basket social will be given, and a programme is being arranged for the occasion. The public is extended a cordial invitation.

O. R. Mack went to Portland on a business trip Tuesday.

Mrs. Harvey Bissell went to Oregon City Monday, remaining a short time with relatives.

Ralph Knight went to Portland Tuesday evening, returning to Canby the following day.

Mrs. T. L. Batten went to Oregon City on a brief business trip Tuesday afternoon. Mrs. Batten has sold her property consisting of two lots upon which there is a small house, to William Knight. The property was sold for \$400, which is claimed to be a good bargain, as it lies in the city and close to the business part. Mr. and Mrs. George Penman, who left for Idaho this summer, occupied the place during their residence here. Mr. and Mrs. Knight will take possession immediately.

Dr. Stephenson and Arthur Knight were among the Portland visitors from Canby on Tuesday and Wednesday.

Roy Knight has returned from Marquam, where he has been visiting with his grand parents, Mr. and Mrs. Birch.

George Meeks and wife went to Portland this week to purchase their furniture for their new home. They were accompanied by Roscoe Mack, the furniture dealer of this city, and through him the furniture was purchased. Mr. and Mrs. Meeks will have one of the most attractive homes in Canby.

H. J. Bissell, who has been here for a short visit with his family, returned to his work on the North Bank railroad the first of the week.

Miss Annie Knight spent Thursday and Friday in Portland.

Mrs. A. J. Knight spent Sunday with friends in Aurora.

The election bet made by Ralph Knight and Millard Lee was carried out here on Sunday morning, in which the former was hidden through the streets by the latter in a wheelbarrow, and created a great deal of amusement for the large throng that gathered to witness the feat. Victor Carothers was on hand and had charge of the affair to see that Mr. Lee carried out his part of the contract. Mr. Knight had several falls from the wheelbarrow during the parade, and was glad when the distance required in the bet was covered. It is probable that Mr. Lee will be on a Republican at the next election, or make a bet in some other manner, as he found that 70 block was a long distance to push a man of Mr. Knight's weight.

F. P. Hanna, who recently arrived from Arlington, Eastern Oregon, has purchased the stock and fixtures of the store operated by Ralph Knight. Mr. Hanna took possession on Monday, and invites all of the old patrons to call. Mrs. Hanna will arrive this

He is looking for a location, but has not yet decided upon one. Mr. Carothers made many friends during his residence in this city, who will regret his leaving. He has been employed in the store formerly occupied by Ralph Knight.

About 15 members of the I. O. O. F. lodge went to Woodburn Saturday evening to attend a meeting of the organization of that city and report an enjoyable time.

Special music will be given on this date, and the young people are taking an active interest. Feeding of roots (turnips, beets, etc.) with a little grain, will bring the flock through the winter in a most profitable condition. One of the chief causes of the rotting of stored roots is too much warmth and too little ventilation. Roots keep best where

the temperature is kept as low as possible without freezing.
