Everything For the Home Opposite Court House

Now Comes Our January Clean Up

It Is Your Opportunity

To purchase household necessities at prices you cannot resist. In your trading you first make sure of the quality. That is right. Then examine the price—MELLIE & CO. always invite comparison. The last thing to be considered, though from a mistaken idea it is too often the first, is personal friendship. This latter is not properly a part of any business transaction.

When we cut our already extremely low prices this means that goods a little out of season go down to cost mark or below.

The SINGER SEWING MACHINE

The Singer is the triumph of mechanical ingenuity. The name has become a household word. Ninety per cent of the sewing machines used in the great factories of the East are Singers. Why? Because they not only do the work best, but they last a lifetime. When enterprises that buy a hundred sewing machines at a time almost invariably purchase Singers, is it not worth your while to enquire into the reason why?

The Singer is a one price machine. We can't change that. But we can allow you a liberal sum for your old machine when traded in as part payment for a Singer. We can also sell you a Singer on \$3.00 a month payments.

DINING CHAIRS AND ROCKERS

A large shipment of Dining Chairs and Rockers intended for the holiday trade, arrived after Christmas. We are marking them way down for our January Clean Up. The shipment includes Mission Rockers such as usually sell at \$12.00. **\$6.50** We'll have to mark them.

Heaters

\$5.50 for our \$8.00 Air Tight Heaters. They are selling at Summer prices.

MATTRESSES

CATARRH CURED.
No Cure, No Pay, is a Most Generous Offer.

To get an antiseptic strong enough to kill catarrh germs, and not destroy the tissues of the membrane at the same time, has been a problem which was never solved until the discovery of Hyomei (pronounced High-oh-mey).

Hyomei is prepared from eucalyptus, the most powerful yet healing antiseptic known. Breathe it through the inhaler over the inflamed and germ-ridden membrane four or five times a day, and in a few days the germs will disappear.

The inflamed condition will go, too, and the snuffing, hawking and offensive breath, and the discharge of mucous and crusts in the nose will cease.

Then why should any catarrh sufferer hesitate, when Huntley Bros. Co. has such faith in Hyomei that they offer to return your money if after a fair trial Hyomei does not cure a catarrh.

A complete Hyomei outfit, including the inhaler, costs \$1.00, and an extra bottle, if afterwards needed, cost but 50 cents. Hyomei also cures asthma, croup, sore throat, colds or grip.
