## NEWS OF THE COUNTY

### MEADOWSBROOK.

We were visited with another little snow. Woodcock Creek has done some damage on north Main street. Mrs. Ralph Holman called on her sister, Mrs. Albright. Ralph Holman and Franklin Cooper made a business trip to Molalla via Liberal. Mr. Ramsby was seen in town Sunday. Edna Staudinger is learning fast in her music lessons coming to the front. It would be nice if more would take an interest in that way. George and Mary Kay had a fine time coasting the other day. Coasting is certainly fun for the little folks. A. L. Larkins had the misfortune to get snow blind but is getting better now. J. W. Standinger is repairing his fence where some trees fell across it in the time of the storm. Mrs. O. T. Kay has been on the sick list the past week, but is much better now. Miss Vera Hall returned to Molalla Sunday eve, where she has been working for Mrs. Wayne Robbins.

### STAFFORD.

Last week was a record breaker for this vicinity as well as other places. Six inches of rain fell, and as we usually lack five inches to bring us up to the normal degree of rainfall, we have one inch to spare. But we have the consolation, we are not the only rain-soaked state. The Kruse-Baker divorce trial was again postponed on Saturday. It may go over to the April term of court. A good share of Frog Pond and Stafford went down to Oregon City expecting to hear some sensational testimony, as it is said Baker will contest. Mrs. Aerial received the sad intelligence of the sudden death of a younger sister a few miles from Bethany on last Monday morning. She had been sick but a few days, and passed quietly away in her sleep. She leaves a husband and three children besides a host of relatives and friends to mourn her demise. Mrs. Aerial attended the funeral. Rev. Wehrle is still feeling poorly. Miss Annie Aden received a pyrography outfit for her birthday last week, presented by her sister. She has been a patient sufferer for a number of years from some injury to her back, but is now able to walk about the house. People are picking over their potatoes and find not as many frozen as was at first feared. Dealers are a little reluctant to buy at present. Mr. Nussbaum told one of them if he found a frozen one in a sack he would give him the whole sack, so he emptied them into a box and carefully looked them over, but found them all right. Jake Schatz, son of William Schatz, road-master of this place, is at home this winter helping to build a large barn upon his father's well kept farm. Mr. Philip Baker has a new graph-

phone. Sunday afternoon the Gebhardt's and Fred Baker's went down to hear some new records Fred bought for his father the day before. Mr. Kolesmeyer's son, who was very sick last week, is reported somewhat better. Mrs. Bockman sits up in bed a part of the time. Word came over the phones Sunday evening that the dam at Sucker Lake, Oswego, had gone out, and the bridge in danger. They expect to have the bridge strengthened by Wednesday so it will be safe for teams. A number of young ladies rode over to Mr. Nimic's Saturday evening. Joe to his sorrow was not at home. The two Mrs. Delkars and Mrs. Gage spent an afternoon last week with Mrs. Powell and her sister.

### EAGLE CREEK.

We are enjoying the weather once more. On Saturday, January 16th, the Eagle Creek Grange held its regular session. On account of the weather being so bad only 25 members were present. Two candidates were initiated in the third and fourth degrees, and the annual installation of officers took place, Ed Bates of Springfield Grange, assisted by his son, E. N. Bates, installing the following officers: Master, Fred Bates; overseer, Herman Duns; lecturer, Homer Glover; steward, Ward Douglas; assistant steward, Ernest Duns; chaplain, Mrs. L. Glover; secretary, Mrs. Maggie Bates; gate keeper, Ed Steinman; lady assistant steward, Minnie Steinman. W. J. Howlett went to Portland last Thursday to attend the funeral of his niece, Mrs. Laura Howlett Powell. Fred Cooke, of Damascus, was in the neighborhood last week visiting with relatives. Miss Hatz and Mrs. Gibson called on Mrs. Jones Saturday afternoon. Mrs. Freda Vancouver has moved to the Sellwood Lumber Co.'s domains. She has taken the job of cook for the company. On Tuesday evening a surprise party was given in honor of Claud Woodley's 20th birthday. A few people assembled to surprise him, but the surprise was more on the people than on Claud, for he was not at home. He had gone to Portland last week, and was expected home on Monday, but did not come. The people present spent a pleasant evening together. J. F. Brower, of Orient, was calling on friends on the hill last week. Mr. Brower intends to return the latter part of the week and hold services at the school house on Sunday.

### MOLALLA.

Molalla Grange No. 319 held regular meeting last Saturday and decided to accept the proposition of County School Superintendent Gary to hold a public meeting, in February, in conjunction with all the schools for this part of the county, the exact date will be given later. The Grange voted to invite the District Pomona Grange to meet with No. 319, second Wednesday in April. Deputy J. W. Thomas assisted by R. A. Wright of No. 46, installed the following officers for the ensuing term: J. V. Harless, W. M. W. Everhart, O. J. N. Sawtell, L. Victor H. Dighton, S. O. R. Daugherty, Asst. S.; Mary Fairde, Chap.; Rhoda P. Mackrell, Treas.; Bertha Adams, Sec.; D. Wilhelm, G. K.; Mrs. Arvilla Dickey, Pomona; Gladys Dunton, Ceres; Nina Dunton, Flora; Edna Adams, L. A. S. Deputy grand master, H. J. Sawtell, installed the officers of I. O. O. F. Lodge No. 184: G. W. Myers, N. G.; John Daves, W. G.; H. Pies, recording secretary; Ira Steininger, financial secretary; J. W. Thomas, treasurer. The next good thing to look for will be February months; with the traditional "groundhog." Many people got their potatoes frozen during the cold snap and it looks as if spuds would be at a premium at planting time. Molalla claims to have one of the strongest young men in the county; guess he could lift a horse with a little practice, we don't call him "Samson" either.

DENTIST.  
Molalla Mondays.

### FIRWOOD.

All those who attended the debate Saturday evening were surprised at the able manner in which the pro-debaters were beginners, but one would not have thought so to hear their arguments. The new organ greatly surpassed all expectations. Harvey E. Kohres will be missed from our meetings and community for a few months, as he has gone to Portland to attend business college. The people of Section 29 and bordering places, are having their places surveyed this week and find a great many changes being made in both lines and roads. The Firwood school is very proud of its new organ and no doubt this will be an incentive for several organs in the homes. On February 23, there will be a basket social and entertainment at the Firwood hall.

### Piles! Piles! Piles!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice gives off steam. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Sold by druggists, mail 50c and \$1.00, Williams Mfg. Co., Props., Clavland, O. For sale by Jones Drug Co.

### TWILIGHT.

Irvin Boylan, of Kelso, Wash., has been visiting his brother, D. L. Boylan. While here he purchased 13 acres of the James McCord place. Fred J. Meindl, an attorney of Morrow, now attending legislature, came down Saturday to spend Sunday with his family who are visiting at the home of Mr. and Mrs. Geo. Lasele. Quite a number went to Warner Grange from here last Saturday. It was a very interesting meeting, being installation night. Miss Gladys Ripensnortski is staying with her grandmother, Mrs. D. B. Martin and attending the McLoughlin Institute.

### Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve, and it has never failed to cure any sore, boil, abscess or eruption, which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c at Jones Drug Co.

### REDLAND.

Mrs. Jack Fullam died Friday, January 22, of blood poisoning, caused by premature birth, and was buried at Portland Sunday. Besides her husband she leaves a little boy. They have the sympathy of all old friends and neighbors here. Miss Johnson resigned her position as school teacher of Redland school, on account of poor health. Born, to M. Morgan and wife, a girl, January 23. Born to George Gill and wife, a son, January 23. To bad Mr. Gill and Mr. Morgan could not exchange babies as the one has a supply of girls and only one boy; the other has one boy already. Mr. Ward, of Viola, was appointed room supervisor for the month of December. Clear Creek Creamery paid 40 cts. for cream for the month of December. Frank Whitman, mail carrier on route No. 2, will begin making his rounds today; he has been very faithful during the cold snap, only missed one or two days, but when the roads were flooded and bridges out, he of course, could not come; we have not been left without mail however as people going to town would take the mail and bring mail back with them. Kennedy's Laxative Cough Syrup tastes nearly as good as maple sugar. It cures the cold by gently moving the bowels and at the same time it is soothing for throat irritation, thereby stopping the cough. Sold by Jones Drug Co.

### HARMONY.

At a school meeting called for the purpose of voting on a change of the school house to a point one-half mile north, it was decided by a large majority to retain the present site. Mr. Gary was present and spoke on the different plans suggested for a division of the Harmony district, and a committee was appointed consisting of Messrs. McLaughlin, Hudson and Wise to confer with a like committee from Wichita to see if an agreement could be made concerning the proposed boundary lines of new districts. Consideration seized the community when it was discovered that a young man with a well developed case of small pox had attended the school meeting exposing the entire neighborhood. Two families have the small pox now, Mr. Stevens' and Mr. Millard's. The Improvement Society gave a basket social Saturday evening, clearing nearly \$20 to be added to their fund. Mrs. Jain and Mrs. Avery have been ill for some time with lung troubles, but are better now. Mr. Hunter is also on the sick list. Mr. Harding has moved into his new home in the Garner addition to Harmony.

CHURCH HAS ROLL CALL.  
Societies of Church Report Financial Condition Excellent.

The annual roll call of the Congregational church was held Thursday night in the church. There was an unusually large attendance, and the meeting was one of the most enthusiastic of its kind ever held in the church. The remarks made by many of the speakers were on the prosperous condition of the church. Following the meeting a supper was served by the members of the Ladies' Aid Society in the church parlors. Since coming to Oregon City Rev. Oakley has worked faithfully, and as a reward has built up the church. At the annual business meeting, about a month ago held in the church every society of the church made a report, and all are out of debt with money in the treasury. At this meeting the trustees were appointed to serve during the year.

## Estacada and Eastern Clackamas

### ESTACADA.

A number of the residents of this place chartered a car Thursday evening to attend the play, Ben Hur now on at the Hellig theater at Portland. The car left Casadero at 5:20 o'clock and returned to Estacada about 2 o'clock Friday morning. All who attended report having a very fine time. Those attending were as follows: Mr. and Mrs. E. Miller, Mr. and Mrs. Al Lindsey, Mr. and Mrs. F. G. Robley, Mr. and Mrs. C. W. Pugh and daughter, Mr. and Mrs. J. S. Murphy, Mr. and Mrs. A. Brill, Mr. and Mrs. W. J. Moore, Mr. and Mrs. J. A. Jones, Mr. and Mrs. N. L. S. Laury, Mrs. and Mrs. E. S. Womer, Misses Maude Sturgeon, Eva Pruner, Mary Womer, Rachael Reed, Mary Dale, Mae Stephens, Verga Hughes, Messrs. A. N. Johnson, Clyde Schock, Paul Womer, A. Yocum, L. M. Yocum, J. W. Reed, Harry Schickles, L. E. Bellis, Will Dale, Warren Barf, Carl Carry, E. Boner, F. Smith, and C. S. Reiser.

E. W. Bartlett and family from Portland have moved to Estacada. Mr. Bartlett is a lawyer and has opened up an office in the Bank of Estacada building.

Ed Scott has moved up to his house in Springfield.

W. A. Williams is intending to move his family to Lents in the near future. Mr. Williams was the editor of the Estacada News which has been changed to the Estacada Progress.

George Shultz, Bob Marchbank, Warren Bar, Bill Perry, Smiley Lovelace, Jack Close, L. O. Gerber, Joase Stubs, and Roy Gilbert attended the dance given by the base ball team at Eagle Creek Thursday evening January 21st. They report that the music was fine and they all had a fine time.

A. F. Sheltz of Montavilla spent Sunday at the home of C. F. Howe of this city.

Ed Boner, A. Morow and W. Dale made business trips to Portland this week.

Mrs. F. M. Gill has been spending the past two weeks with her parents Mr. and Mrs. William Dale of this city. The pupils of the Estacada school have just completed their mid-term examinations.

Miss Eva Pruner, a teacher in the Estacada school, has been unable to attend to her duties the last couple of days and Miss Ellen Erickson has been taking her place.

The Epworth league is planning to give an entertainment course in this city in the near future. There will be one lecture and two musical numbers. Each of these are well worth 25 cents but the three numbers are offered for the small sum of 50 cents. Dr. F. H. Haman of Willamette University will give the first number. If you fail to be present you will miss something good.

Kodol for Dyspepsia and Indigestion will digest any and all food at any and all times. Kodol is guaranteed to give prompt relief. Sold by Jones Drug Co.

**PSYCHOLOGY OF INVESTMENT.**

John D. Rockefeller, better than any other man of his time, understood the psychology of investment when he organized the Standard Oil Company. He knew how important petroleum in all its forms would be to the race in the near future. He knew how great a part it would play in the advancement of humanity. Those who followed his lead acted on his advice, invested and made money. It is poor return to say they made more for him than to themselves. His act and his genius would have brought his result to any of them.

George M. Pullman knew the day was at hand when passengers on long journeys wanted to sleep in beds. He grasped the psychology of the investment in the psychology of the investment were great gainers.

Inflexible rules cannot be laid down but this much can be determined: That product which supplies a fixed necessity of the human race is a safe thing to invest in. The market is sure. For example, there will always be a demand for fast-stuffs in small quantities, provides a secure base. Fortunes are made in salt, in matches, in soap, in street car fares. There is a sure sale. Whatever great number of people want, whether or not it is a necessity, offers good returns to the investor. A toilet convenience an accessory of dress, a certain paper, certain medicine, the examples are myriad, all pay well. He who can grasp the psychology of investment will make money with either of them. This helpful sense will show you when a region is ripe for development. It showed President Jefferson the wisdom of the Louisiana Purchase. It has shown thousands of others when a realm was ready to advance on the threshold of transition from obscurity to prominence in the thought of the world. When it begins to be a factor in the world's development, it shows the surest investment in the world is in productive land because on the farm the food and drink of mankind must be found. Grain, beet sugar and coffee—these are the staples of living for Americans. Find when these can be produced in maximum volume and at minimum cost, where their way to market is easy, sure and cheap and where investment proportioned to results is least. Of the market you may be sure. The demand will not cease. Seek that place through the guidance of men to be trusted, put the seed of your investment in the soil of that opportunity at the season of promise—not in the autumn of hopelessness nor in the winter of defeat. You have found the surest place and the safest means God has given to man for his blessing. Set there your hope in the sure, ground of reason. Then back your judgment with your courage. Defend your faith and with strong words augment the condition which will increase your fortune. Your investment rests on no chimera. Chance has no part in its development. The highest business faculty bestowed on man has guided you and it must follow as the night the day, the property which has crowned others, which has heaped the millions for those who follow these rules, which point the royal road to fortune, will bestow on you the riches you deserve. J. L. M.

There are two kinds of whiskey. One is—the other isn't.

The kind that IS contains all the constituents that come from proper distillation and aging—That's what makes it REAL whiskey.

The kind that ISN'T is made of alcohol, prune juice and head oil or is simply alcohol put in charred barrels, and branded whiskey.

The Pure Food Law aims at having the consumer get exactly what he calls for.

When you call for whiskey ask your dealer if it will respond to a government laboratory test. Ask him if he guarantees it. Then you will know what you are paying your money for. Buy the brand you know, the standard for 70 years. Cyrus Noble—pure whiskey—all whiskey—old whiskey.
