## NEWS OF THE COUNTY

### MOLALLA.

Molalla is being worked up over the railroad question as she never was before, all sorts of ideas, as to road building, are indulged in. It's right down to the spot now that it takes nerve to take a stand. Many can not find more objections to the means of building, but they prefer for the other fellow to make all the venture, and by and by when the enterprise becomes an assured thing they will calmly, in the coolness of the evening quiet their nerves, and sell out some of their possessions at a big profit, quietly scratching their heads with the thought, how conservative and wise they have been not to foolishly throw away any thing when there are people in the community that set their nerve and purse to these important things.

Mrs. Minnie Gray, of Wasco county, niece of Arthur Kayler, is visiting relatives about Molalla and will probably keep house for Mr. Kayler for a while.

C. H. B. Thomas, who has been out to Oak Point Farm for a few weeks, returned to Portland Monday, where he is engaged in the real estate business. His health is much improved and he thinks with the coming good weather of spring he will be able to handle the homeseekers from the east all right.

Mrs. E. K. Dart has returned from Stone where she was attending her father's last illness. She has been in poor health since. We hope to say soon that she is well again.

Molalla Commercial Club held a very interesting meeting last Friday night. Taylor, Des Shume and Thomas, of ortland, were the visiting guests. Several papers on the resources of the Molalla Valley were read by members. Several new members were added to the membership roll. Every man in the community should attach himself to this organization.

Molalla Grange No. 210, will hold a very important meeting next Saturday. Twenty members are to be added to the roll.

### TEAZEL CREEK.

Rev. Quinn and wife visited at Molalla last Sunday.

The sick of our neighborhood are all improving. Let us hope the nice weather will last, that all may be able to be seen out soon.

Wm. Melton made a flying trip to Oregon City last week visiting his son Frank.

Mrs. Joe Simons is very poorly again, not being able to be up, but a few minutes at a time.

Several of the Teazel Creek school children have been afflicted with sore eyes.

Cascasweet is for babies and children, and is especially good for the little so common a cold weather. Look for the ingredients on the bottle. Cascasweet is sold by Jones Drug Co.

Always uniform—our best product—sold in 1 lb., 2 lb., 2 1/2 lb. and 5 lb. cans. Your grocer will grind it—better if ground at home—not too fine.

### BEAVER LAKE.

Miss Dora Wyland and Anna Wade were visiting friends at Scott's Mills Saturday and Sunday.

Mrs. S. Davis is spending this week with her son near Willbut.

Ray Wyland is improving quite a bit on his new ranch.

Miss Myrtle Wyland has been quite sick this week.

Frank Haun, one of our neighbors, is about to sell out and go to California.

Some of Mrs. Shaw's relatives have come from Canada to live with her as she is a very old lady.

Miss Myrtle Wyland of Willbut, is visiting her sister-in-law, Mrs. Edward Wyland, of Marquam.

We are very sorry that Mrs. Pitman is worse again.

### BEAVER CREEK.

Rain, rain, is the order of the day. The young people's meeting at the 10 o'clock church is quite a success and would like to see all who can, come and join our meeting.

Miss Inas Snodgrass is the guest of Misses Kate Snodgrass and Blodwen Thomas.

Phillip Steiner was over to Howard's four mill one day last week.

The Beaver Creek school will give an entertainment and basket social at the Beaver Creek Hall, February 27th. Girls bring baskets and the boys are always willing to do their part.

Laura Pary has gone to Portland to work.

Minnie Smith is home from Portland on a visit.

### FIRWOOD.

The Farmers' Institute by far surpassed all our expectations, both in the amount of valuable information derived therefrom, and in the great interest which our farmers and dairymen showed in the meetings by their questions and absorbed attention to everything that was said. The speakers were introduced by A. C. Milliner, of Firwood Progressive Association. James Withycombe spoke first on general agriculture. He spoke very highly of this country as a fruit, garden truck and dairying district. Professor C. E. Bradley then spoke on the chemistry of the soil, which was followed by an enthusiastic discussion on the plants adapted to our soil and the fertilizers required to keep it in good condition. He also looked at some samples of soil brought him and pronounced it very excellent. He had some samples sent to Corvallis and will analyze them and in the near future will send a report to us, and place the samples in the state collection of soils.

Mr. William Schulmerich, of Washington County, and George Wolf, of Dover, talked of their respective dairy ranches, and gave us a great many valuable points. An interesting discussion followed in which it was brought out that vetch and kale were the best and cheapest dairy feeds for this country. Professor C. I. Lewis told us a great many things about orchards which will be of great value to those who follow out his suggestions. In the evening we received a few short talks on the Grange by Mr. Chadwick, of Damascus, and others, then a short programme and two stereopticon lectures by James Withycombe and Professor C. I. Lewis, with which everybody was very well pleased.

On Saturday night, March 6th, there will be a debate at Firwood Hall. "Resolved that Firwood has greater advantages as a fruit country than Hood River." Be sure and be there, if you can't tell us something, why come and hear what the others say.

### STAFFORD.

Just at present we are enjoying beautiful weather. Sunday and Monday of this week without rain.

Mr. Aerni met three daughters at Oswego the Misses Josephine, Dullie and Lydia, all employed in Portland, and are out home for the holiday. All of them, accompanied by their

When the clerk is taking the school census, it is only common sense when he uses the telephone to call up a patron and ascertain the number of children of school age he has. If a man will do the telephone he will do the same. If the clerk is in his house, the assertion that the school census of this district has not been taken during the past five years is as untrue as it is silly. Your correspondent challenges any one to name one child in the district not enumerated while he was school clerk. Most of us are gifted with common sense at least, let us hope.

### EAGLE CREEK.

We have enjoyed some quite fine weather the past two or three days.

Wm. Douglass and his father went fishing one day last week and caught a fine salmon.

A. B. Chapman, of Pendleton, has been visiting with his sister, Mrs. R. B. Gibson, and relatives for the past few days.

Miss Bina Douglas, accompanied by her father, attended the entertainment and basket social given at Firwood Saturday evening. They reported a fine time.

Miss Elsie Hatz went to Portland, Friday evening and spent Saturday, Sunday and Monday with her parents. She returned to Eagle Creek Monday evening to resume her duties as school teacher.
