Those who have news for the Milwaukee department of the Enterprise should either mail it to the Milwaukee Editor of the Enterprise at Oregon City or leave it at the real estate and insurance office of A. H. Dowling in Milwaukee, or to the Justice of the Peace Kelso.

MILWAUKEE. Mrs. Wynan and daughter, Mrs. Bertha McMan, of Oregon City, visited friends in Milwaukee, Wednesday, the 17th. Born, February 17th, to Mr. and Mrs. Guy Souvey, a daughter. Mother and child doing well. By mistake, late Saturday night, Miss Hildebrand narrowly escaped serious injury. After leaving the car at island station, she mistook her footing and fell from the trolley, receiving a serious cut over her eye and breast. Fortunately no bones were broken. Conductor Gould on a late car from Oregon City heard her cry for help and together with Mattie McMillan carried her to the car. She was taken to Bellwood, where Dr. Bellwood dressed her wounds. From last reports she is getting along nicely.

Hicham has his residence completed to the first story, on the Riley tract. The citizens are trying to purchase the building for a jail, where they will be able to hold some of the unruly boys of the community, as the building is a stone structure. The basketball game between the Clackamas basketball team was defeated by the Oregon City team, February 18, by a score of 1 to 6. They will play a return game at Oak Grove, Monday evening, March 1. We hope to see a different game when the visitors come to our city.

JENNINGS LODGE. Society has seemed to lie at its height during the past week. Mrs. Allen Brown gave a luncheon on Monday for Mrs. Della Roberts, and on Thursday of last week Mrs. Geo. E. Stone and Mrs. Roberts were guests of honor at a delightful luncheon given by Mrs. J. W. Hutchinson at her home in Portland. Mrs. H. Emmons was hostess to a delightful luncheon in honor of Miss Lella Brown, of Detroit, Mich., on Wednesday of last week. Covers were laid for six. Those invited were Miss Lella Brown, Mesdames Terry, Brown and Roberts, and Master Allen Brown. On Monday, February 15, Mrs. J. E. A surprise was tendered Mr. and Mrs. Charles Slocum on Thursday evening, February 18. About twenty-five were present and a good time was enjoyed. The following were present: Lloyd Rice, Edna and Reginald Ross, Grace and Audrey Ross, Shelby Shaver and Wendell Smith, Earl Boardman, Ethel and Fern Hart, Helen and Doris Talbot and Sybil Brown. One of the most enjoyable events of the season was the surprise tendered Mr. and Mrs. H. E. Emmons at their beautiful home, Stone Gables, on the Willamette River, when about forty of their friends gathered there on Saturday evening, February 20th, as a token of gratitude, the people in general have, for the many acts of kindness, Hon. Emmons and his estimable wife, have done for this community. Games of various kinds were indulged in. The one that seemed to be the most amusing was when they passed white shells, like petroleum, as each was to try and mould the article on the slip out of fun. Mr. Halowell and Miss Rice having the best. Were awarded prizes for their efforts. Music on the graphophone and recitations by Mesdames Brown and Beck-ton and by special request Mrs. Beck-

The Johnson Realty Co., have moved from the Snyder Bakery to the east side of the street where they have erected an office on Mrs. Lehman's property. They are now prepared to handle all kinds of city and country property. As soon as Messrs. Shindler and Kerr have their new building erected, the Milwaukee Pharmacy will move from its present location in the Snyder building and occupy the lower portion of the building. The proprietor of the pharmacy finds that the building he now occupies is too small and that a larger one is necessary for his rapidly increasing trade.

OAK GROVE. J. A. Rupert reports that the prospects for strawberries this year is a great deal better than for many years past. Dr. McArthur, of Vermont, who recently purchased L. E. Armstrong's property on the corner of Railroad street and Maple avenue, intends to open up his office in our midst by the first of March. A doctor is a necessity, which we have been wanting in our community for a long time. Mrs. E. C. Warren has completed the sale of her farm home at Courtney to W. J. McArthur, brother of Dr. McArthur. The south-east quarter of the Heller tract, situated on the corner of Third avenue and Center street, has just been sold to Miss Beale Hewitt, recently from Germany, and we hope the new buyer will improve the property and also build sidewalks. Born, to the wife of Mr. Carson, who occupies the Meyer's property, a son. Mother and child both doing well.

Oak Grove Rod and Gun Club had a successful shoot on Washington's birthday. The best score being 12 out of 15 birds, which was made by Geo. Mullen. The "gooby" prize was won by our popular butcher, Edward King. Our boys averaged among some of the best shots, as we saw some of Portland's crack shots on that day. Any of the outside sports posting as crack shots can find a speedy entertainment with our boys by dropping a line to our captain, L. E. Armstrong. The gold mine scare is still on the top notch, as our prospector, Vonderahe, is finding bits of this precious metal every day. The youngest daughter of Mr. Stroemer is slowly recovering from a severe attack of pneumonia. Miss Bessie Vigfus, the little daughter of Mr. and Mrs. J. C. Vigfus, is up from a hard attack of pneumonia, which was caused by a relapse of the measles. The amount of real estate sales for the week ending February 20, in Oak Grove was \$19,450. This is the largest number of transfers made in this community for some time.

Bertha Burnett, Ruth and Edith Klueckerbocker have returned to school after a long absence. Mrs. M. L. Roberts visited with the eighth and ninth grades Tuesday. Ednah Spidell is absent on account of her mother's illness.

AFRICA AS HUNTERS KNOW IT. The Stretch of "Big Game" Country Has Widely Varying Characteristics. A brown village of thatched huts, squatting in a trampled clearing of the forest, and backed by thicket trees so closely laced with a living tapestry of woven green that the aching, tropic sunlight can scarcely penetrate. Slim, naked blacks slipping like shadows among the broad-leaved bananas and rubber trees, starting furtively as your bearers file slowly past them. A lonely station, far up or down the river, where a hardy white man sits to receive tribute in the name of his trading company, marks an outpost of civilization in this jungle land. And through and under it all is the fevered glow of sunlight, the ceaseless drizzle, whisper of the woods, the hot dry scents of the parched earth; or, if the rains have come, all the land about will be cloaked in steaming vapor, the sultry air as thick and humid as the air of a greenhouse at home. There you have the Congo as the white man knows it—the Congo jungle, or the jungle of Uganda; but all this is only a part of what we have chosen to call, and to picture as the Dark Continent.

A Deadly Stream. According to Scrup, near the River Diamante, in Peru, is a most remarkable death trap in the form of a yellowish white mud, like petroleum, as sticky as birdlime. It issues from the bare wall of a rock on a mountain side, and fissures is like a tiny volcanic crater, black, bituminous and very hot. An exploring party which investigated it some years ago found floundering in it a large skunk, which had evidently been attracted to its fate by trying to reach one of the numerous miserable little birds that had been already caught in the warm adhesive bath. A great number of skeletons of birds were found on the edge of the stream and several four legged animals, including marmots and foxes.

Festival of Nations Will Be Presented at Gladstone. "Festival of Nations" will be presented at Gladstone on Saturday evening by the people of the Christian Church. The committee are active in preparing for the entertainment, which promises to be one of the most successful yet. The program given at that place. Booths of different nations, where articles will be sold, by ladies dressed accordingly, will be one of the most attractive features of the evening. A genuine Indian has been procured by the ladies in charge, who will dress as a warrior, and will be in charge of the Indian booth. A musical and literary programme will be given.

INDIGESTION ENDS IN FIVE MINUTES MISERY FROM AN UP SET STOMACH GOES BEFORE YOU REALIZE IT. Every family here ought to keep some Diapensin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night. This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards. If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is the sign of indigestion. Ask your Pharmacist for a 50-cent case of Pape's Diapensin and take one triangle after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapensin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there. Actual, prompt relief for all your stomach misery is at your Pharmacist waiting for you. These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or indigestion.

CATARRH MUST GO. And Hawking, Spitting, Snuffles Must Go Too. Hyomel (pronounced High-oh-mel) will give the sufferer from catarrh relief in five minutes. It is such a remarkable cure, and so positive in its action, that Huntley Bros. Co. go so far as to guarantee it to cure catarrh or money back. A complete outfit, which consists of a hard rubber pocket inhaler, a bottle of Hyomel, and a unique dropper for filling the inhaler, only costs one dollar, and if an extra bottle is afterwards needed, the price is only 50 cents. Hyomel is a healing antiseptic balsam, taken from the mighty eucalyptus trees in the health-giving forests of Australia, where diseases of the respiratory tract are unknown. All the sufferer has to do is to inhale the antiseptic air of Hyomel over the inflamed parts, where the germs are entrenched three or four times a day. It cures coughs, colds, asthma, hay fever and croup without stomach dosing.

BAKERS BRIDGE. Baker's Bridge, Ore., Feb. 20 1909. The year just closed has been quite an eventful one for this vicinity and we can bid good bye to the old year with a feeling that it certainly has been good to us. We are so near the little metropolis and your thriving little town that we naturally share the prosperity of both. Many substantial improvements have been made and among them we notice that Walker Mundenke has built a new substantial barn, slashed some land and other important improvements made. Frank Haberlach has been putting things in order too on his place, clearing land and has fixed up a neat little cottage home that is a credit to the community. He has a choice piece of bottom land and is one of the leading market gardeners of the county. He has lately secured an "assistant cook" for his wife, in the person of a big girl baby that arrived not long since. Long may she live and prosper and comfort her new found home. A new and substantial school house has been built in district No. 9 and shows very plainly that the people are interested in education. Antone Heinrich has been keeping pace with the times too and has added some substantial improvements to his place in the way of clearing land and fixing fences etc. J. W. Bennett too, our old time neighbor and friend, has added some necessary improvements to the old home. There are many new comers in this section whose names we cannot give you but they are worthy of mention for they are daily adding to the value of this vicinity and land is getting pretty high priced \$5,500 being paid for 15 acres not long since. P. DeShields has added a new and cozy kitchen to his house and fixed up the old buildings in a neat and substantial manner. Walter Wilson built a new home on his place last summer, and some new-comer has bought the place and whose name we have not learned. Traveling easterly on the road we pass a number of strangers to the writer, but each and all are doing their part for the upbuilding of Clackamas county and this community and we gladly welcome any and all strangers who are looking for homes. Jas. Bachman is known to many of your readers, but let me say that he is one of the best market gardeners in the county and he has made many substantial improvements to his place as any one I know. He holds a gold medal from Lewis and Clark Fair for the best exhibit of onion seed and we are proud to have such men in our midst. Michael Heimrich too is blocking out a nice home in the woods and what use to be the thickest kind of woods is fast growing into prettie un-

AT THE OLD STAND Farms, City and Suburban Property, Lots and Business Chances for Sale or Trade. W. F. SCHOOLY & CO. 606 MAIN ST. OREGON CITY, ORE. Will Treat You Right

Our old friend and pioneer, Mark Hattan, died February 14th. He was one of those sturdy pioneers who helped to blaze the way to Oregon in 1846. He was born in Rock-bridge county Virginia December 8th, 1821 and was upwards of 87 years old. He started in Oregon in 1845 but when he reached the Missouri river it was too late and as all the immigrants were gone he and the others remained in Missouri till the following spring when they came on. The writer once said of him through the columns of your paper that he had been here since 1845. He had a hole in the ground. When seen later he remarked that the "hole was pretty well filled up now." To illustrate his sturdy character I have only to say that in the early 60s a large panther came to the corral of Horace Baker and killed a calf and carried it away a short distance and buried it. Mr. Hattan was sent for and he and Mr. Baker and an Irishman working for Mr. Baker were soon on the scene of action. The dog of Mr. Hattan soon tamed the panther a short distance away. The Irishman seized a couple of stones and ratched off toward the panther. When called and asked what he was going to do he replied, "Be jabbers I'm going to kill the baste." A little later he came rushing back in great haste exclaiming, "For God's sake don't go out there! He's as big as a horse! He'll eat yer up!" It is needless to say, however, that they went over and killed the panther. The stuffed skin of this panther was on exhibition in a saloon in Oregon City for many years. Will write more later but an very busy at present. E. C. HACKETT. HANDICAPPED This is the case with many Oregon City people. Too many Oregon City citizens are handicapped with a bad back. The unceasing pain causes constant misery making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains you must cure the kidneys. Doan's kidney pills cure sick kidneys and cure them permanently! Can you doubt Oregon City residents? W. M. Stone, a well-known resident of Oregon City, Oregon, says: I have been greatly benefited by the use of two boxes of Doan's kidney pills. My troubles were occasional dizzy spells, were constant work a burden and stooping or lifting an impossibility. I had to get up often at night on account of the latter annoyance, also suffered at times from attacks of back ache. Having found such great relief through the use of Doan's kidney pills I do not hesitate to recommend them. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Mt. Pleasant Civic Improvement Club Gives Supper. The supper served by the Mount Pleasant Civic Improvement Club at the Mount Pleasant School house Monday night was a very successful affair. The net proceeds of the supper amounted to \$18.40, which will be applied to the building fund. The net was in charge of Mrs. A. E. King, S. O. Dillman and T. C. Thomas. The ladies of the organization, who have established a reputation for themselves as experts in the culinary line, served a bountiful spread. The assembly hall, where the affair took place, was appropriately decorated with flags and bunting. The picture of George Washington was decorated in the National colors. In the center of the room was a beautiful centerpiece of flags. The room was elaborately festooned with bunting. After the supper was served the remainder of the evening was spent in music and social intercourse. The Crime Of Idleness. Idleness means trouble for any one. It's the same with a lazy liver. It causes constipation, headaches, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c. at Jones Drug Co.

William Wilcox is very ill with pneumonia at Gardfield. The Garfield grange will hold their next meeting Saturday, February 27. The election of an executive committee will take place at this meeting, also a number of initiations will be made. Mrs. F. M. Gill is spending the week with her father and mother, Mr. and Mrs. William Dale. O. H. Shock, who has been ill for some time, has recovered sufficiently to enable him to be about the street again. Mrs. Joseph Pinkley is visiting with her daughter, Mrs. J. W. Hoare of Portland. Last Saturday evening a quartette of Civil War veterans, gave a musical entertainment at the church. They also sang in the choir Sunday morning.

der his hands. He too is a successful gardener and he has a few choice walnut trees that are bearing choice walnuts. These Schmale died some time ago but his wife and children carry on the place as of yore and everything about the place bears evidence of thrift. Our pioneer friend, A. W. Cooke, has one of the neatest and coziest little homes in the county, and I have only to say that he wouldn't take less than \$12,000 for his 40 acre tract to show you that he has a home worth mentioning. Back toward home our neighbor and friend J. A. Byers has another home that reflects credit on himself and family and one of which he may justly feel proud. He is gardening some, but fruit-raising principally and I need not say that he is very successful. Den Griffin has a little home east of the Byers place that will soon be as neat and cozy as any under his hands. He has lately added a windmill to his equipment and is bountifully supplied with the finest water. Grant Mumpower is one of the leading market gardeners of the county and has a piece of choice bottom land that is peculiarly fitted for his vocation. He has just bought a gasoline engine to irrigate his land during dry times in summer. Just at present the engine is idle as irrigation is not needed. At some future time I'll try to tell you readers more about other successful farmers here but to do so in this worlderly complaint, just now, seems to be the high taxes we are having to pay. When Clackamas county pays a sum approaching a half million dollars it seems pertinent to inquire what is being done with it. Nothing has been done on the Clackamas river road and there is nothing spent out here to speak of and the county is fast running behind. What we are to do I'm sure I don't know.
