## NEWS OF THE COUNTY

**BEAVER CREEK.**  
April foot is past and who was the biggest fool at last.  
M. Hall has bought Jim Shannon's farm and intends to move on it next week.  
A farewell party was given at Henry Richer's Friday evening in honor of Henry, who is going to leave.  
Cumlin Rowland, of Portland was visiting H. W. Parry one day last week.  
Mrs. C. Fisher visited friends at Oregon City one day last week.  
Mrs. Pearl Thomas went to Oregon City Saturday. Also Blodwyn Thomas, Benny Fisher, Sophia Bohlander, Kate Shodgrass, Willie Kubbe. We are wondering what all this means.  
Lena and Joe Stuedeman called on Blod Thomas one day last week.

**MARKS PRAIRIE.**  
April showers with a vengeance are here now.  
Our farmers are rushing in their spring grain.  
Our hay raisers are beginning their annual hop work.  
Cherry trees are blooming here and if it does not get warmer will get nipped yet.  
The Oglesby road is now open for travel, and our road boss will have all fences removed from said road at once.  
Mr. William Rhodes and Miss Alice Marshall, of Estacada, were visiting relatives here the past week.  
Our part of the County is forging to the front and if we had a few first-class mossbacks' funerals it would be a God-send to this part of the county.  
The county can not be what it should be until the old moss-grown fossils are all dead then the younger generation can develop the county.  
Mr. and Mrs. Frank Oglesby were visiting the latter's parents at Hubbard Sunday.  
J. E. Wells went to Portland on business one day last week.  
A heavy hail storm visited our section Saturday.  
Goat shearing is in full blast here now. The crop is said to be light owing to the hard winter.  
John Goetz will soon put up a large frame barn.  
A plan to unite all southern Clackamas County to center on one man for County Commissioner is being worked out by leading Republicans of Southern Clackamas, so that the County Court will not be all from one part of the county.  
Can a man keep his fences in the road just to save a little six-foot flower garden is the point. We think not, as the County Court paid one hundred dollars of the tax payer's money for that flower garden and we will see whether that fence will stay in the public road or not.

**GREENWOOD.**  
B. F. Allen has sold five acres of land for \$500 to Walter Mead, who will soon build upon the same and make it his home. It is an exceedingly fine location and we congratulate Mr. Mead. This is the beginning of the S-acre subdivisions in Greenwood.  
We notice a number of strangers on the streets of Greenwood, and that reminds us that any parties wishing to buy a home had better first look at the fine country around Greenwood.  
The ladies of Greenwood gave to Mrs. Knowles a surprise party in honor of her birthday. They came with well filled baskets, from which a nice dinner was served. It was a very enjoyable affair and one long to be remembered by the ladies of Greenwood. Those present were:

Pete Sagar, was in town Saturday on business.  
There was an error in the Courier that Mr. Fully was going to run the cook house for Mr. Cumins. Its the edger, not the cook house. Mrs. Fully and daughter are going to cook for the man.

Annual meeting of the Clear Creek Telephone Co. May 3, at 1 P. M., at Grange hall.  
Mr. Culver Richardson, of Juliaetta, Idaho, accompanied by Mr. Pickens, made a flying trip here Sunday, starting back Tuesday. Mr. Richardson is well remembered by all old settlers.  
The Clear Creek Telephone Co. is putting in a phone in Lovelace's store, at Estacada, and will connect with central here.  
Miss Ruth Courtright is improving a little at this writing.

**MOLALLA.**  
Rev. Craig preached to some dozen and a half people last Sunday, defending the Methodist position on baptism.  
Mr. Williams was a quite a loss to understand why the religious people of Molalla had to "defend their views" of baptism on last Lord's day, as yet, he has not preached on the subject of baptism in Molalla, only alluded to some phases of the subject mostly in answer to some questions handed him including some given him by their pastor, as he only gave scriptural references, it does seem bad that they feel that their position was assailed.  
W. A. Shaver met with quite a painful accident last Saturday night, on starting over to his mother's on horseback. A low hanging telephone wire caught him just above the eye and a ragged splice in the wire barred quite a cut in the side of the head. Now there are a whole lot of low hanging wires all over the country that people carelessly leave too low when they repair the line. All should take warning before some one gets his head sawed off unexpectedly.

Of course all Molalla people are anxious to hear how our electric railroad is progressing when all kinds of rumors are going the rounds. Things seem to be materializing at Portland and look very favorable to an early completion of the road, but don't get scared when some one comes to buy a home and double up again on your land, unless your taxes are not quite high enough yet, remember that no

**SANDY.**  
Regardless of bad weather Sandy is progressing rapidly, buildings of all kinds going up everywhere.  
J. B. Allison, who lately purchased a lot from the Sandy Land Co., has lumber on the ground for a handsome residence.  
M. E. Church will erect a \$2000 edifice at once on a lot donated by the Sandy Land Co.  
C. Junker is building a business building on Main street. It will be occupied by Victor Fosberg, harness-maker.  
Max Davis has the walls and roof up on the residence facing Main street.  
Straus Lumber Co.'s new mill is almost complete to receive the machinery. It will be, when finished, one of the largest mills in Clackamas County, with all modern machinery and steam feed. They will have two donkey engines to do the logging with.  
Charles Krups has just purchased a 20-horse power brick mill to make 40,000 brick per day. He has a big traction engine to furnish power.  
Sandy's new four thousand dollar school house is almost completed by E. Coalmán, contractor.  
Ole Mickelson has his new residence complete. A handsome building.  
Miller's Hotel is the name of Sandy's new hotel, managed by H. Miller, an experienced hotel man.  
E. Donahue is moving his residence to a more slightly place. It will be occupied by Joe Donahue, who lately got spilled up for life.  
Considerable talk about Mt. Hood railroad started to build again. We all hope so.  
M. E. Church and Sunday School will be held at Odd Fellow's Hall every Sunday until the new church is completed.  
Artisan Lodge of Sandy, is taking in many new members.

**TEAZEL CREEK.**  
Our community was shocked last Saturday when the news went out over the phones that Grandma Shaver had died of paralysis at 11 o'clock. The funeral took place at 1 o'clock last Sunday. Rev. Craig conducting the services. She leaves several children besides many friends, to mourn her departure.  
Elder Williams is still holding services at this writing.  
Rev. Charles Cross is visiting this section and assisting Rev. Quint in a series of meetings.  
We are glad to hear that Mrs. Cary Herman is improving as she has had a very bad time with her throat.

**RHEUMATISM.**  
More than one out of ever ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic rheumatism. For sale by Huntley Bros. Co.

**MEADOWBROOK.**  
The farmers are the busiest class of men in town since the weather has cleared up.  
Dr. Morey was called to town Sunday on business.  
Master George Kay was given a pleasant surprise Friday, it being the day he reached his 10th mile stone.  
A number of his young friends, present were: Glen Orem, Allen Larkins, Nettie Larkins, Myrel Crayne, Esther and Elsie Orem and others.  
Mr. and Mrs. Bonaker called on Mr. and Mrs. Holman Sunday afternoon.  
Prof. Dibble and F. R. Cooper are preparing to ship potatoes to Lake View this fall.

A number of our young folks attended the basket social at Mullino Saturday evening.  
Mrs. McCutchen, of Schafertown, and her two daughters were visiting with friends in north Meadowbrook Sunday afternoon.  
There is some excitement over a report that diamonds are being found on Woodcock creek.  
O. T. Kay informs us that he expects the C. W. P. & C. Co. to be running cars by the fourth of July.  
Mr. Giles Looney, of Garfield, was visiting in town a few days last week. Rumor says there was a high old time at the dance. Some thought they could see as many as five moons.

**LOGAN.**  
At the April meeting of Harding Grange the following resolution was unanimously adopted:  
"Whereas, certain influential parties are much in favor of changing our school system so as to have a single county board to take the place of our present board in managing school affairs, now, therefore, be it  
Resolved, That we strongly condemn such proposed change, as being against the best educational interests of the people and especially objectionable and inappropriate in Oregon, a state that has taken the lead in trusting the people to directly manage their own affairs."  
Resolved, That the proposed change would be a long stride backward and would develop vastly greater imperfections in practice than has our present system.  
Resolved, That we believe the people of each school district are the proper ones to select the managers of their own school.

**HARMONY.**  
Several sales of land are reported. A number of Harmony people have been suffering with a mild attack of the grip, but are recovering.  
The marriage of Miss E. Vannoy Griffith and Mr. George D. Kilton took place in Centenary Church in Portland Wednesday evening. The bride was beautiful in a white gown of white Dretroire satin. The bridal party consisted of three brides maids, maid of honor, flower girl and ring bearer and the ushers. The church was beautifully decorated and Mr. Peck presided at the organ. The bridal chorus was a feature of the evening, and a reception followed the ceremony in the Sunday School room.  
A farewell party was given the Misses Dix as their father has rented his home and will soon move from the neighborhood in order to devote his time to his milling interests.

land is really worth \$100 per acre, out this way for farming purposes.  
Mrs. M. E. Shaver died last Saturday of paralysis, age 67 years. She was born in Missouri and came to Alford Shaver in 1856 in Portland, and moved to the Waldo Hills, then to Clackamas County in 1885. Deceased leaves two sons and four daughters. Interment took place in the Adams cemetery by the side of her husband. Deceased was a member of the M. E. Church, and Molalla Grange No. 210. Rev. J. W. Craig conducted the funeral services at the cemetery.

**CLACKAMAS.**  
The cold, wet weather somewhat hinders all farming operations. Nevertheless, flowers are blooming, trees are unfolding bud and leaf, and the cheerful dandelion stars the luxuriant grass.  
The Ladies' Aid society of the Congregational church were entertained last week, Thursday, by Mrs. R. B. Holcomb. The rooms were prettily decorated with daffodils and ferns. Two lovely bouquets of carnations were added by Mrs. Street and Mrs. Hanley. A dainty Easter lunch was served. Twenty-three ladies and several children enjoyed the pleasant occasion.  
The school board of district No. 64 met Saturday evening and perfected plans for the new school building, and bids for contract work.  
The Mothers' Club of Clackamas met as usual on the afternoon of April 2. Before the pupils were dismissed cake and sandwiches were distributed to the satisfaction of the youngsters. The meeting was called to order. Election of officers resulted in Mrs. Langenberg, president; Mrs. M. C. Hayward, vice-president; Mrs. Planer, secretary; Mrs. Mather, treasurer. On motion, the club voted to prepare a fine program for the next meeting for the pleasure of the scholars. The latter have rendered so many enjoyable programmes for the entertainment of the mothers it seemed that "turn about" would be fair play. On motion, the club adjourned to meet Friday afternoon, April 16, at 2 o'clock.  
The M. E. Sunday school will hold Easter services in that church at the usual hour, 10 A. M.  
The Sunday School of the Congregational church will hold its Easter service in the evening, beginning at 7 o'clock.

W. B. Reynolds has bought the Garrison and Naas places, and will take up his residence on the former in the near future.
