J. LEVITT, 2 Doors South of P. O.

MISERY IN STOMACH IS ENDED FOREVER

TELLS READERS HOW TO RE-LIEVE INDIGESTION IN FIVE MINUTES.

Why not start now-today, and for ever rid yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat then take Pape's pepula to start the digestive juices working. There will be no dyspepsix or belching of Gas or cructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and body has to stick close to the stove poison your breath with nauseous and wait till better weather comes.

cents for a large case at any drug Mrs. Ahnert. Dancing was spent very store here, and will relieve the most of the evening until a large case of indiscrete. set Stomach in five minutes.

from Stomach and cleanse the stom- Fall grain is it ach and intestines, and besides, one this neighborhood. triangule will digest and prepare for Potato pia assimilation into the blood all your the program food the same as a sound, healthy stomach would do it.

When Diapepsin works, your stom--and then you feel like eating last Friday, when you come to the table, and what you eat will do you good.

Misery is waiting for you as soon as ing his attention, you decide to hegin taking Diapepsin. Mr. Ruhl, one of the prominent can be bought separately, or the drug-Tell your druggist that you want farmers of George, was in Oregon City for our readers if asked to. to be thoroughly cured of Indiges-

DAMAGE BY BARKBEETLES IN NORTHWEST FORESTS.

It is well known how enormous is ests of the Northwest, but there are at present. other enemies of the trees of this region. Insects are also active destroy ers of live timber.

The Forest Service has lately found that in one locality in Washington a nonderosae, the entomologists call is it has been killing spots of thrifty any case of muscular or chronic rheu; the egg product of this route. young longias fir and doing thousands matism, and more than nine out of name the route No. 1, the Logan and of dollars of damage. Those beetles every ten cases of the disease are of Stone egg route, present their egg ordinarily breed only in small num- one or the other of these varieties, cases at 30 dozen to the case, price bers between the bark and the wood When there is no fever and little (if paid per dozen 19 cents cash at our bers between the bark and the wood of damaged, dying, dead or recently any) swelling, you may know that it folled trees, but when suitable breeding places become particularly numerical suits. Liniment freely to get quick land joining the Clear Creek bridge ous and favoroble, they increase so relief. enormously in numbers that they are Bsos. Co. forced to take up their residence in living trees, which they promptly kill. The fact that these barkbeetles find such favorable breeding places in old logging works is a strong addition-

al reason, the Forest Service con cludes, for burning over slashings after logging. If the beetles become ex-cessively abundant only when they have the unconsumed debris from logging to breed in, and if they will kill valuable timber when they do become pagation?
