CANBY.

G. P. Osborn, of Oregon City, accompanied by his daughter-in-law, Mrs. Osborn, of the same city, were visiting at the home of Mr. and Mrs. A. J. Burdette, Mr. Osborn, who recently arrived in Oregon, is very much impressed with the Oregon country.

Frank Klingor, of Macleburg, was a Canby visitor on Monday. W. H. Blair is in Oregon City this week, where he is serving on the jury.

Mrs. Louise Grant, who resides in Spokane, Wash., and is the owner of property on which the Knight hotel is situated, is to replace the old wooden sidewalk with a cement walk, which will improve the appearance of the street.

Mr. and Mrs. B. Hyde and two children have arrived in Canby from Lewiston, Idaho, and have rented the still-while place, where they will reside until their new house is completed on their place they recently purchased from Mr. Nelson. The farm is situated about one and one-half miles from Canby, and is considered to be one of the best farms in this precinct.

Mr. and Mrs. G. W. Kesseling are to return to Canby on Wednesday and on their return come by way of Shubel, where they visited with Mrs. Lester's parents, Mr. and Mrs. G. A. Schenkel. Mr. Lester has recently purchased a horse and buggy.

Regular services will be held at the M. E. Church on Sunday and are as follows: Sunday school, 10 o'clock; morning service, 11 o'clock; Loyal Temperance Legion, 3 o'clock; evening service, 7:30 o'clock. At this meeting there will be a song service and all are invited to attend. The Loyal Temperance Legion has a membership of 63, and the meetings are made very interesting by Mrs. W. J. Weber, who has charge.

A. J. Knight, who has a position at Wynch, about 52 miles from Portland, was in Canby on Sunday morning, and was accompanied to Portland on the 10 o'clock train by his wife, who remained in this city until Monday.

Mr. and Mrs. A. Kocher went to Portland on Wednesday afternoon's train and attended the theatre, having had the pleasure of seeing the beautiful Lillian Russell.

Mrs. Jennie Eccles, of Portland, spent Sunday in this city with friends. B. C. Davenport went to Portland on a business trip Tuesday.

L. V. Carothers, sporting editor of the Canby Tribune, was in Portland on business several days this week.

H. O. Paddock, of Gladstone, was in Canby Sunday as the guest of his brother, A. D. Paddock, and wife.

William Cantwell says that many inquiries are coming in from parties in the East, who are contemplating

ing spent last summer here with her parents, has been in poor health for some time, but the immediate cause of her death was pneumonia. Mrs. Ray leaves besides her husband, three children, two girls and one boy, the oldest being 12 years of age and the youngest 5 years. While visiting in this city, she made many friends who regret to hear of her untimely death, and deeply sympathize with the bereaved family. The remains were interred in Harrisburg, Pa.

Mrs. M. J. Wheeler, who was taken to the Good Samaritan Hospital on Saturday and underwent a severe surgical operation, is reported as getting along nicely. Her son, Irvin Wheeler, who was with her at the time of the operation was performed and who accompanied her to the hospital, returned to his home here Monday evening.

The month of April seems to be a boisterous month for Charles Hurlas. About two weeks ago he met with a painful accident, and on Monday was driving his team along the road near Canby, when the horses became frightened. Mr. Hurlas' son was in the buggy with Mr. Hurlas at the time and he was thrown heavily to the ground, receiving several bruises and cuts.

Mr. and Mrs. G. W. Kesseling are to return to Canby on Wednesday and on their return come by way of Shubel, where they visited with Mrs. Lester's parents, Mr. and Mrs. G. A. Schenkel. Mr. Lester has recently purchased a horse and buggy.

William Cantwell says that many inquiries are coming in from parties in the East, who are contemplating

coming West. The Coleman place near Molalla, consisting of six acres, was sold by him a few days ago, and is considered to be an excellent piece of land. Mr. Cantwell expects to close up several other deals by the latter part of the week.

Mr. and Mrs. Grant White were Oregon City visitors on Tuesday afternoon, having gone down in their new automobile. White & Scheer are finding that their automobile will be a great attraction to the young people of Canby this coming summer, and already a party of young folks are planning to take a spin on Sunday afternoon. This is the second automobile that White & Scheer have purchased, the first one being a two-passenger machine and the latter a four-passenger, but will easily accommodate five. White & Scheer have used the machines every day this week taking the traveling salesmen to their different points.

Mrs. C. C. Hutchinson and Mrs. Harvey Blissett, of this place went to Portland on a business trip Wednesday, stopping for a short time at Oregon City. Mrs. Hutchinson went to Portland to purchase more millinery goods.

Mrs. A. L. Stillwell, of Portland, who has been visiting with friends in this city, returned to her home on Saturday. During the week the Canby Canal Company has closed the following real estate transactions: 24 acres to Mr. Hof, of Twin Falls, Idaho; 20 acres to Mr. Lucas, of Spokane, Wash.; 10 acres to William Rider, of Canby; 20 acres to Mrs. E. Saltmarsh; 17 1/2 acres to J. Sullivan, of Portland. Mr. Hof, who comes here from Twin Falls, Idaho, has disposed of his irrigated farm at that place, and will arrive in Canby in the early fall. Mr. Lucas, of Spokane, will also come here in the fall. There are other land deals which will probably be closed up in the near future.

The Canby Canal Company will begin the construction of its headgates of the canal about May 1st, and will have them in by 60 days. Flumes will be constructed and be ready as soon as the headgates have been completed. The Canal company will have water in the city of Canby by September 1.

The baseball game between the Canby baseball team and the O. R. & N., on the Canby diamond last Sunday, was attended by a large crowd, many coming from Portland, Oregon City, Aurora, Barlow and Woodburn. Canby people turned out en masse. The game was entertained by the music furnished by the Canby band under the leadership of Dr. De Lespinaise. The game was exciting from the beginning to the finish, and resulted in a score of 13 to 3 in favor of the home team. Next Sunday promises to be a big day in Canby for the lovers of baseball, as the Delworths will be here from Portland and play the local

team. The Canby band will be out and play popular selections during the game. The lineup of the game on last Sunday was as follows: Canby—R. Baty, catcher; Wang, short stop; White, third base; Lavier, first base; Huddleson, second base; Eckerson, center field; Krueger, left field; G. Baty, pitcher; Sherrerd, right field; O. R. & N.—Comers, third base; Herb, right field; Evans, center field; Murray, second base; Irish, first base; Pontae, short stop; Severence, right field; Kelly, pitcher; Murphy, catcher.

The game was played in one hour and 35 minutes. Strike outs: Baty, 12 men; Kelly, 4 men; hits off: Baty, 4; Kelly, 13. The baseball grounds here have been worked over by the members of the team, and are in better condition now than at any other time. It is probable that many games will be played on the Canby diamond this year.

At a meeting of the Canby band recently, it was decided to change the name of the organization from Keough band to the Canby band, and the new leader, Dr. De Lespinaise, has had many years of experience as leader of musical organizations, and has played in all positions. The band boys are to be congratulated in securing his services. New officers have been elected who are as follows: W. H. Bair, manager; Leo Eckerson, secretary and treasurer; Ed Brandt, president; Erroy Bates, vice-president; Clara Baty, custodian. The band has about 15 members, and rehearsals are held twice a week, Monday and Thursday evenings.

Mrs. Helen D. Harford, national lecturer and organizer of the W. C. T. U., spent April 14th and 15th in our city. Her work here was excellent and proved to be just what we needed. The first evening, after a musical contest, and a drill by the L. T. L. children, Mrs. Harford lectured on "The Government to Be." Our only criticism was that she closed too soon. During the lecture a memorial to the mayor and city council was presented to the audience for signing asking that the only remaining saloon sign in Canby be put out of sight, for the reason that it belies and disgraces our city in the eyes of the public. A large number of men and women signed. On the afternoon of April 15th, a Mothers' Meeting was held, at which Mrs. Harford was the speaker. Much interest was manifested. In the evening, after an oratorical contest by eight little folks, and another L. T. L. drill, Mrs. Harford lectured on "That Boy—is he safe? Whose Business is it?" The house was packed and the people were delighted. The musical medley was won by Miss Daphne Blissett and the oratorical by Master Clarence Weber. A general revival of interest in our W. C. T. U. has been manifested of late and ten new members have come in since March 1st. Last Thursday evening, Mrs. Harford was here and Mrs. Bertha Lee joined. The next regular meeting will be held on Friday, April 23, at the home of Mrs. O. R. Mack. The following Friday Mrs. W. J. Weber will be our hostess.

The Drover's Telegram tells of a little more than \$1000 that was paid for the Kansas City stock yards for a year load of hogs raised in alfalfa by A. S. Frydendall, a farmer living near Bellaire, Kan. These hogs were less than nine months old, and had been run all summer on the alfalfa, getting very little corn until a few weeks ago, when they were put on full feed. Mr. Frydendall came to Kansas direct from Denmark, where he has been for years ago. He worked around his present neighborhood as a farmhand for several years and then bought a farm on time. He paid for that and bought and paid for a second quarter section, and now owns 320 acres, assessed at \$17,500. "I have found hog raising and farming in Smith County, very profitable," said Mr. Frydendall. "I have on my farm fifty acres of alfalfa. I manage to almost raise my hogs on that. It cheapens the cost and makes them much more profitable. This year I have on my farm corn that will make sixty bushels to the acre. Our crops generally this season were good and farmers are very prosperous. I have been very fortunate in raising hogs not to lose many by sickness. This season we have had sickness in my neighborhood and many farmers met with losses. I do not know how to raise hogs, something that is a preventive or not, but so far it has worked well. I just buy the common sort coal, which I scatter over the ground where they can get at it, and the eat it all the time. I have fed them several tons of coal in this way and my hogs seem to be perfectly healthy. I believe that if we would look after our hogs a little more carefully and feed them certain things we would meet with fewer losses."

For Constipation. Mr. L. H. Farnham, a prominent druggist, of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price 25 cents. Samples free. For sale by Huntley Bros. Co.

The Best Eggs. There is a constantly growing demand for eggs that are both uniform in size and color. Such eggs, while not demanded, are generally the first selected and, all other things being even, they will sell more readily. About the only way one can judge of eggs of hand is by their appearance, and if it is uniform in color and size they will be more likely to command a better price.

PROPERTY CHANGING HANDS IN CLACKAMAS

REAL ESTATE FIRMS REPORT BRISK BUSINESS AND BRIGHT PROSPECTS.

Considerable property is changing hands in Clackamas county, and during the coming summer many land deals will be closed, as real estate dealers here are in communication with people who are anxious to make a change and care to try their luck in the West. Within the past few weeks several Eastern families have arrived in this city and have purchased property, deciding to make their homes here. The Alaska-Yukon-Pacific exposition at Seattle this summer will bring people West, as excursion rates will be on, and many will take advantage of the opportunity.

The real estate men claim that business is good and many deals have been closed up within the past week. There is a boom on at Gladstone, and the Gladstone Real Estate Association reports among the sales the following: One acre of ground has been purchased by Mr. Lamberson, who recently arrived from the East, and has already begun the construction of a modern home. Thomas Patterson, of Canada, came to Oregon to look for a place to settle and found property at Gladstone. The property purchased has a dwelling on, but this will be thoroughly renovated. Mr. Patterson's wife and mother will arrive this week. Mr. Williams, of North Dakota, has purchased the Avery property, of 3 1/2 acres. Mr. Williams has returned to North Dakota, where he will dispose of his property and return with his family. W. R. Dann has purchased lots 4 and 5 of block 27, and will put the land in to orchard. Niles & Company have sold their property on the east side of the O. W. P. track. Mr. Niles having gone to the coast to invest in property. Mr. Dauchy has bought four lots from Mr. Rockwell. The property is situated on the west side of the track, and the price was \$1200. Mr. Dauchy will build a residence immediately. Adolph Graves, a recent arrival from Michigan, has purchased two lots from Torrence McGuire, the consideration being \$600. The sale was made through the real estate firm of Freytag & Swafford.

Geo. Stuart, who purchased two lots there has the lumber on the ground for a house. Mr. LaSalle has broken the ground for the foundation of two new buildings. The foundation of the new California bungalow of Harry Paddock to be constructed on his two lots will be built by Mr. LaSalle. The building will be ready for occupancy in 60 days. The building erected by P. G. Wells on the north side of his store building is about completed, and will be occupied by the postoffice, and it is stated that the other will be used as a barber shop and real estate office.

Several farm deals are pending and will be closed within a few days. Schooley & Cadell report that not only have they closed several good land deals, but that there are several good deals pending. During the past few days they have received several letters from Eastern parties, who are contemplating coming West, and who wish information in regard to the climate, crops and advantages of the state. Among the sales they have made during the past week are the following: The Jacob Harry place of 25 acres and including stock and farming implements, consideration \$2,200. The place was bought by Mr. Pierce, who arrived here a short time ago. The Holcomb farm of 60 acres was also sold by this firm, and the price paid was \$800. The place is situated on the Holcomb road and the purchaser was W. R. Irwin of Portland. The live property in Portland, located at 1104 East Taylor Street was also sold this week by Schooley & Cadell, consideration \$2800.

The Nathan Moody farm, known as the Thomas Jackson, Donation Land Claim, near Molalla, has been sold to the Elliott Real Estate Company, by Mr. Fletcher, a capitalist of Nebraska, who has taken possession of the place. Mr. Fletcher is so impressed with the Oregon country that he will induce other men of capital to come to Oregon and invest their money. The farm Mr. Fletcher purchased consists of 320 acres, 100 of which is under cultivation, consideration \$16,000. Many of those desiring to purchase farms have written to the real estate dealers as to the time of planting crops. If more literature pertaining to the advantages of Clackamas county was secured by the real estate dealers, it would tend to induce the people to come here, and would benefit the town. Most of the reading matter advertising Clackamas county has expired and every real estate dealer should have printed matter so as to be able to send out when a request is sent for same.

SUNDAY SCHOOL SPECIALIST.

Noted Lecturer Will Be at Oregon City Tuesday.

Prof. E. C. Knapp, of Chicago, one of the most vigorous and interesting Sunday School lecturers in the United States, will speak on next Tuesday evening at 8 o'clock at the Presbyterian church, his subject being "Why the Boy Left Sunday School." Mr. Knapp is the Sunday school lecturer at the Chicago Theological Seminary and superintendent of one of the Chicago schools. He speaks right to the point, and no parent or Sunday school worker, especially, should fail to hear him. He had been scheduled to speak here through the kindness of Field Worker C. A. Phillips, of the Oregon State Sunday School Association, and stops here on his way to the State Convention at Salem. The lecture on Tuesday evening is to be given under the auspices of the Teachers' Training Class of Oregon City.

Making Soap. A correspondent asks how to make soap from waste fat that accumulates in housekeeping. The commonest and easiest method is to buy a box of any of the brands of concentrated lye and follow the printed directions on the label.

Rheumatism. More than one out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic rheumatism. For sale by Huntley Bros. Co.

McCormick Machines

... Insure a Successful Harvest ...

McCORMICK mowers embody all the excellent features of McCormick construction and are made in various styles and sizes to meet all requirements. There is the New Big 4 with its wide cut for extensive fields, and the Little Vertical Lift for the large lawn or small fields where trees and shrubbery are to be found. For fields that are full of stumps and stones, the Vertical Lift mower is unsurpassed. The noiseless, smooth cutting McCormick mower is the machine to buy.

Numerous excellent features are found on McCormick hay rakes, among which are: heavy axle, head, best quality spring steel teeth, substantial, interchangeable wheels, protected ratchets, and removable boxes in hubs. These rakes are equally suitable for raking hay from the swath, or bunching hand-dump style. For durability and quality of service, McCormick hay rakes are unsurpassed.

A successful harvest consists of gathering all the grain, no matter what its condition, with the least possible delay and expense. McCormick binders cut all conditions of grain easily and rapidly, and bind it into neat, compact bundles for future handling. Under all reasonable conditions the McCormick will never necessitate any long delays for repairs, and thus jeopardize the entire crop. The machine is so simple in construction and easy to operate that it can be relied upon to do the work at all times.

The hay tedder is now recognized as being indispensable to the proper handling of hay. It is a great time saver, because tending hay will cure quicker than untended hay. It is also a hay saver in case of wet weather. McCormick tedders are constructed with the same care that characterizes all machines of this notable line, and have become general favorites wherever hay is grown. Steel frame, steel wheels, steel forks, and the positive and uniform gear drive, make McCormick tedders durable and extremely efficient.
