NEWS OF THE COUNTY

DAMASCUS AND ROCK CREEK.

Mr. Stall has sold out and is moving a way to Portland we hear. It will make a few empty seats in the school, which has been crowded for some time. A great many have sold around here and lots of new comers are already putting up new buildings. Some of the large farms are being sold in 10, 20 and 25-acre tracts. It won't be long before we are in town. It is reported there will be a railway go down Rock Creek over into the Logan country soon. The old survey has been gone over again. E. Thebo has cleared five acres of land this Spring. Mr. Casper about two, and Mirrell Newell five acres, which adds greatly to the looks of their farms. Mrs. Delise Hunter was visiting Mrs. George Johnson Wednesday. Frank McMurray is running the butcher wagon through Damascus, Sunnyside and Lents, from Gresham, twice a week. Miss Janet Newell, of Portland, was out last Sunday visiting her parents, returning Monday. Mr. Apleland and family were visiting friends at Powell's Valley Sunday. Some probably don't know they lay themselves liable to a fine by being wired together in their houses, but if it happens again there will be trouble and no little trouble either. Everyone knows who it was and furthermore they hurt their reputation considerably and did themselves the most damage.

REDLAND.

It has rained and the sun is shining. Mr. Brock and wife have returned from Estacada so that Central has resumed its normal condition and everyone on Clear Creek telephone line is happy once more. Mr. Hendry, from Wisconsin, is the man that has bought Mrs. Ordway's farm. Dr. Wm. Morey, veterinary of Molalla, was in the neighborhood Tuesday and took dinner at A. L. Allen's. Mrs. Cassie Farrell, of Portland, who is visiting her parents, Mr. and Mrs. Wilcox, is suffering from the effects of grip.

SUNNYSIDE AND ROCK CREEK.

The Damascus baseball club played two games of ball against Rock Creek club Friday afternoon. Damascus won one game and Rock Creek the other. Rock Creek will not be able to hold nine months of school. It is feared, as there is not enough money in the treasury. It has been suggested that they use the money belonging to the members of the R. C. E. I. Society to continue the school a little longer, but a number of people are very much opposed to it as they think they have no right to the money. A farewell party was given Mrs. Stoll's people on Saturday night. About 25 or 30 people came in about 9 o'clock in the evening and a general good time was had, with games and music until the wee sma' hours. Several neighbors called on Sunday. The family moved to their new home in Portland on Tuesday, and another family has moved into their old home. We are sorry to lose such good neighbors as the Stolls. Mrs. J. H. Reed was called to the bedside of her daughter, Mrs. Cox, last week, who was seriously sick with pneumonia, but the last report she was much better. The Sunnyside Push Club meet every two weeks on Wednesday night. They have quite a good time, have an orchestra and several singers to help the meetings out. Frank Stoll bought Mr. Donlay's coats. They have scattered and one little kid was found near E. Hubbard's place nearly starved, but Adolph took it home and is feeding it on a bottle. We are sorry to hear that Mrs. George Deardoff is sick again, came near having pneumonia. We hope she is better ere now. Roy Johnson has been having his house newly shingled and it looks much better. Miss Griffin, who held the meetings at Sunnyside last winter was married April 22, to Mr. Albert H. Smith, a minister. We wish her a pleasant journey through life. Mr. Soderberg is breaking a new piece of ground towards the creek from the house. Mr. Stanton's baby's face is getting better slowly. It is almost a duck ranch at Joe Deardoff's, they have 66 young ducks.

MOUNTAIN VIEW.

N. C. Smith and family are guests of Mrs. Gillett this week. Mr. Smith is building a shanty and will cut wood for Mr. Skinner. Joe Barnard, who was blacksmithing with Ed Gottberg, sold out last week and went to Portland. Mr. Wickland has decided not to build this season and has rented his ground to Mr. May for pasture. He went to Portland to work. John Francis, who is working in Portland, spent Sunday among relatives and friends in this burg. Mrs. Ernest Jones, of Eldorado, accompanied by Miss Nellie Barley, of St. Johns, was calling in this vicinity on Friday last week. Mr. and Mrs. Ed. Friedrich and baby of the West Side, were visiting Mr. and Mrs. Frank Bullard last Sunday. Vergil Welsh is still quite poorly. Mr. Welsh has been at the sanitarium, himself near the house. Pearl Selby went to the logging camp at Rainier last week to work during the summer. Grandma Gottberg was not so well again Wednesday. Mrs. Della Gottberg and Louis Valen went to Elwood Monday to spend a few days visiting their parents. Miss Edith Buckner is working for Grandma Gottberg during Della's absence.

BEAVER CREEK.

Rain has come again and is welcomed by all. Mrs. T. B. Thomas and Miss Evans, of Portland, were visiting Mr. and Mrs. Lewellyn Saturday and Sunday. Mr. Babcock and family and Miss Sophia Boblander were visiting Mr. Babcock and family at Mullino last Sunday. Hal Lindsey is hauling lumber for his new house and barn. Mrs. H. Thomas, Blodwen Parry and Blodwen Thomas called on Mrs. Edwards and family one day last week. Miss Sarah Parry is spending a few days at home. Mr. Burbach is hauling logs to Shannon's mill to be sawed into lumber for a new barn. Dan Jones is on the sick list. Miss Kate Snodgrass was on the sick list the latter part of last week, but Monday morning the school bell again pealed forth and told the joyous news that she was again in her old place and calling her pupils to order. Alvin Kleinsmith and family were visiting at Steudeman's Sunday. Mrs. H. Hughes has been visiting her son at Cathlamet. Mrs. Henry Staben is visiting her parents. Miss Eleanor Hartnell was a visitor at Thomas' last Sunday evening. Three of the Beaver Creek young ladies were seen rolling rocks down the hillside and a day or two later two more took up the work, and we are wondering if they are looking for a silver-diamond mine. Otto Fisher called on Miss Millie Grimm last Sunday evening. G. Thomas and Emmet Hughes, the expert sheep shearers, were out with their new machine shearing sheep for Bill Jones. The most interesting ball game ever witnessed was played on the Shubel grounds between the home team and Mullino, last Sunday, the score being 6 to 1 in favor of Shubel. The worst of it was that there was no well for Mullino to fall into and Shubel gaining their runs in that way. The Dutch and the Welsh may be scrubs, but they were big enough to beat Mullino last Sunday at the ball game. Hip-Hurrah for Shubel.

TEAZEL CREEK.

We are having extreme dry weather after the extreme wet, but hope it will be changed soon to a little moisture, so our spruce will grow. Quite a party gathered at the home of J. L. Tubbs and had a good sociable time. Those present were Aunt Mary Kaylor and Mrs. Boswell, of Molalla. Mr. and Mrs. J. H. Quinn and Miss Bessie and Willie, and Mrs. J. P. Quinn and children, and Mrs. M. J. Melton. Uncle Jimmy Moore has treated himself to a fine team and wagon and has come back among us to stay awhile. Rev. Quinn will preach at Russellville school house next Sunday at 11 o'clock. All are invited to attend. Sunday School at Teazel Creek at 10 o'clock sharp. Everybody come and bring your children. Young men come and bring your best girls. You can tell a good husband by the clothes his wife wears. A Common Cold. We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by Huntley Bros. Co.

Grandma Tenny has returned to her home with her son, Lorenzo, at Viola, after visiting a few days with her son and family, A. O. Hollingsworth, a few days. Roll of honor for month of March, for Fir Grove school: Leslie Smith, Grace and Gladys Allen, Edgar Brock, Herman Polsh, Claude Kerr and Allison D. Allen. It is as much the duty of a farmer to take an interest in politics as in the church. But he can do that without being a permanent and valuable member of the Grocery Store Debating Club.

Money Comes in Bunches.

To A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes, "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine." Infalible for Stomach, Liver, Kidney, Blood and Nerves. 50c at Jones Drug Co.

ELLIOTT PRAIRIE.

Elliott Prairie sky was overcome with downpours induced by Summer-like rays and was first awakened by the April showers of last Monday, to full consciousness of the benefits of Nature and the business of his neighbors made necessary at this time of the year by the amount of farm work. Mr. and Mrs. Frank Campau and family visited Mr. and Mrs. George Devens Sunday. On the 21th of April there was a party at the home of H. Blosser in honor of Lillian's sixteenth birthday. The crowd of young people enjoyed a very pleasant evening playing games and dancing. Dainty refreshments were served near midnight. Miss Lillian received many presents. Among those present were Mrs. Uppendahl, Mrs. T. Lottler, Grace Yoder, May Pulley, George Lottler, Dorlan Todd and Harvey Garrett, and numerous other friends. School at Whiskey Hill comes to a final April 29th. As a fitting climax there is to be a basket social Friday evening. The programme under the direction of the teacher, Miss Viola Gibble, is expected to be a great success. Misses Frances and Paula Lion, left for their home in Salem last Sunday. They have been visiting at the home of Nixon Blair for the last three weeks and during that time the little girls have made a number of friends. Charles Casio is working an acre of Bert Kent's onions on shares, and is busy weeding them at the present time. A. Chase is finding use for his buggy these days. He and Miss "Somebody" attended church at Zion Sunday evening. Dugan Casto has been working for Josh Misher lately. Mrs. Todd left Friday for The Dalles on a visit to her daughter, Mrs. C. Budd, of that city. The inhabitants of upper Elliott Prairie have had a series of meetings for the purpose of organizing a band. We hope that they will be successful. Miss Edna Stanton is suffering from an attack of la grippe. The attending minister of Elliott Church has noticeably increased since it has secured the ministry of Rev. Buttler. If our troubles which keep us awake nights were really as big as they seem in the dark we would never get over them.
