Suppose that my name is John Smith, and that I live at Sleepy Eye, Minnesota, and that I get a bulletin of the weather by act of Professor Moore. In the first place, this bulletin was not meant for me at all. It came from Chicago, which is to say, in this case, from the North Central Forecasting Station. Either I got this district forecast, or I get a national forecast made by wire from Washington. Every night there is a forecast made up at Washington which is sent all over the country. Every morning there are sent out district forecasts; which is to say, state forecasts. These bulletins printed about eleven A. M., sometimes reach their destination the same day, but more often twenty-four hours after the date of the weather prediction. But there are only seven of these district forecast offices in all our many thousands miles of territory: Boston, Chicago, New Orleans, Louisville, Denver, San Francisco, and Portland, Oregon. The Chicago office, from which I get my Sleepy Eye service, is obliged to cover fourteen states and one or two special regions, such as the Upper Lakes, etc. I do not get any local forecasts at all. Such large cities as Milwaukee and Cleveland are allowed to publish local forecasts provided that the local observer for at least two years has "shown himself qualified" to make such forecasts. But these local forecasts for large cities are good for only twenty miles! Where does that leave me at Sleepy Eye? What I really get at Sleepy Eye is a remote and general prediction, handed out to my state from a district office some hundreds of miles away, and my prediction is always hedged with the statement that the Bureau does not claim to predict "local conditions." The obvious answer is that I ought to move my farm to Chicago, Cleveland, or some other large city.—Emerson Hough, in the May Everybody's.

EXHIBIT OF ROSES.

Portland Festival Will Take Place in California Building. Contract has been closed for the lease of the California building on the Lewis and Clark Fair grounds for the next annual floral exposition of the Portland Rose Society. The building is in the form of a Greek Cross, 200x200 feet, and contains more display space than either the Forestry or Oriental buildings, which have been used in the past. Request will be made of the city authorities to keep the Forestry building open both days and nights during the Rose Show, as an easy means of access to the California pavilion. According to figures being prepared by the various committees of the Rose Society, there should be no fewer than 2500 individual exhibits at the coming show. This is estimated from requisitions for space coming in. The exhibition space will be a trifle more than 20,000 square feet, or about half an acre of solid roses. Districting of the city for gathering exhibits has been undertaken and community work in the rising interest in all parts of the city will be started directly. The Portland Automobile Club has named M. C. Dickinson as chairman of the committee on the road races for festival week and has also selected W. S. Fechtelner as chairman of the automobile parade committee. The automobile parade is to take place on Wednesday afternoon, June 9.

The minstrel troupe is composed of members of the McLaughlin Club, of Portland, and their specialties are blackface comedy. COMFORTING WORDS.

Many an Oregon City Household Will Find Them So. To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting to hundreds of Oregon City readers. William McLarty, 16th and Washington streets, Oregon City, Or., says: "I had a persistent backache and pains through my loins that never seemed to let up. The pains bothered me mostly at night and it was impossible for me to find a comfortable position. I did not get my proper rest and consequently in the morning, I had but little energy. Seeing Doan's Kidney Pills advertised, I purchased a box at Huntley Bros. drug store and when I had used half the contents my condition was greatly improved, but

PARDON FOR MURDERERS.

Youtsey is the Only Man to Suffer For Goebel Murder. Governor Willson, of Kentucky has granted pardons to ex-Governor W. S. Taylor and ex-Secretary of State Charles Finley, both refugees in Indiana, charged with complicity in the murder of William Goebel in 1900. Pardons were granted also to John Powers, brother of Caleb Powers, who is believed to be in Honduras; to Holland Whitaker, John Davis and Zach Steele, under indictment and who did not flee the state. Those over whom indictments are left hanging are: Wharton Golden, now in Colorado; Frank Cecil, a railroad detective in St. Louis and William H. Culton, said to have died in the West a few months ago. These cases, with the possible exception of that of Cecil, will be dismissed, leaving Henry E. Youtsey, now serving a life sentence in the State Penitentiary, the only person to suffer for the killing of Governor Goebel. Heterizing the belief he expressed some months ago when he pardoned Caleb Powers and James B. Howard, that no one but Youtsey had part in the murder, and that it was not a conspiracy, Governor Willson said he believed that to pardon Taylor was "a sacred duty which I must no longer delay to carry into effect."

AMATEURS SHOW CLASS.

Production of "The Union Depot" Draws a Large Crowd. Some near professional thespians would have blushed with shame Friday night after witnessing the smart performance of a clever company of amateurs in "The Union Depot," a modern farce comedy that was interlined with amusing specialties. The production was for the benefit of the Daughters of the King, of St. Paul's Episcopal Church and was directed by Miss Ethel Snyder. With only a week's practice the 40 odd people in the cast did really wonderful acting. There were very few vacant seats in the Shively Theatre when the curtain rang up at 8:45 on Gay Godfrey, who, as depot master, made a hit from the start. Philip J. Sinnott displayed versatility in assuming five different characters during the evening and he was more than good in all of them. He was at his best as the Widower Smith and his proposal to Miss Araminta Fishrole, (Miss Kathryn Sinnott), elicited vociferous applause. The little people in the show were in their glory. The first chorus was splendidly done. Little Alice Holman being the soloist. Every child had a Teddy Bear and every bear was brown. The voices of the children blended splendidly. "So long, Mary," from Forty-five Minutes from Broadway, was sung by Miss Alice Goetting. Her make up was excellent and she might have been trained by George Cohan himself. In the chorus were Bessie Warner, Morieta Hickman, Florence Grace, Madge Brightbill, Florence White, Erna Petzold, Mary Roos, Evelyn Harding, Louise Huntley, Carl Schram, Harry McClure, Lionel Gordon, Alex Bowen, Arden Hickman, Frank Astman, Harold Swafford, Philip Sinnott and John Busch. Earl Latourette, with six lovely young women, sang "A Sweetheart in Every Town," with pleasing effect. In the chorus were Miss C. Barclay Pratt, Miss Laura Pope, Miss Elaine King, Miss Myrtle Buchanan, Mrs. W. A. Shewman, Jr., and Mrs. L. A. Morris. "Won't You Buy a Paper, Dear?" was sung by Miss Morieta Hickman. The old song of one of Sam Bernard's plays has lost none of its harmony, and the chorus in this number had been well drilled. This is also true of the chorus in the song of Frank Busch, Jr., "Gee, Ain't I Glad to be Home Again." Miss Elizabeth Roos was Mme. Patti and her number from Samson and Delilah was charming. Miss Mary

DO YOU DRINK?

And what do you drink? Breakfast Coffee or Breakfast Tea? A strong after-dinner Coffee is just the thing some big, robust men like for their breakfast, but we wouldn't ordinarily give it to you for breakfast unless you asked for it. Some people wouldn't use it at all—one woman told us that it is "black as ink and strong as ice." That is stretching it a bit, but it is, as a matter of fact, real, genuine, black Coffee. Tastes differ, and we have a fine selection of the best roasted berries to fit them all. We carry Costa Rican, Guatemalas, and Brazilian Coffees from 20 to 25 cents per pound to the best grades of Mocha and Java grades at 25 cents per pound or 3 pounds for \$1.00.
