The showers of the past few days have been very beneficial. John Taylor, who owns a part of the Ben Koop D. L. C., is moving the Sevier hop house across the road near the site of the old homestead and will build an addition thereto. E. G. Seouce and Grant Yoder went to Portland last Friday to be present at the civil service examination to be held there on the 15th. Both the boys expect to be railway mail clerks, and although we are loth to see them leave the community, yet we hope the boys may be successful and answer all questions correctly. Mrs. L. D. Yoder left last Sunday for Seaside, Or., to visit her son, Henry, and daughter, Ida, the latter being in ill health. Last Tuesday evening the friends and neighbors of Mr. and Mrs. L. J. Bigelow gathered at their late home in the role of a farewell gathering. Instrumental music and singing whiled away the evening until the "wee sma' hours," when light refreshments were served and the company dispersed to their several homes. Mr. Bigelow has sold his farm and gave possession last Saturday. They will visit friends and relatives in Portland for a few days, and then expect to sojourn at Martin's Springs, Wash., for the benefit of Mr. Bigelow's health. G. H. Giger has torn down the old

box house on his farm recently bought of Joe Schwartz, and is putting down a concrete foundation for a modern farm house. He has much of the lumber on the ground and is ready for the carpenters to begin work. Meanwhile the family are camping in the wooded and barn as best they can. A. L. Yoder also has the lumber on the ground for a barn. He too is waiting for carpenters. M. Halverson has bought the old Sam Smith barn of L. B. Yoder, and is taking the same down and moving it onto his own place. R. E. Yoder and his sister Nellie, visited at Mr. Bigelow's near Liberal, last Sunday. Many of the friends and neighbors attended the funeral of Mrs. Joe Johnston, who died at Canby on Wednesday, the 12th. She was buried at the Gribble cemetery on Friday, May 14, at 3 P. M. Mr. and Mrs. Johnston were pioneers in this community, having moved to Canby a year ago last March. Many of the hop growers of this vicinity complain that the vines are late and many of the bills missing. Don't forget that Rev. F. C. Butler, of Hubbard, has an appointment at the Church here on Sunday, May 30, at 11 o'clock A. M.

Beaver Creek, Henric's school-house, English preaching and service at 2:30 P. M., Sunday, May 23. All are welcome. Pastor John Marschall.

### MACKSBURG.

What little rain we had in the last week has done the farmers a lot of good through this section of the country. T. Armstrong, who has been quite sick for the last week, was removed to Oregon City Saturday so he could be under the doctor's care daily. At last report he was recovering rapidly. Frank Palmer and family have moved to Woodburn to take charge of a restaurant at that place. Miss Catherine Wintinger is clerking in G. W. Scramilla's store at present. Charles Oglesby, Frank Oglesby and wife and George Hardisty spent Sunday on the banks of the Molalla river. We cannot say they went fishing, for they returned without any fish. Miss Ruby Rueck is working for J. E. Wells. The Macksburg nine went out to Molalla Sunday and crossed bats with the nine of that place, which resulted in a score of 3 to 5 in favor of the Molalla boys. It was a good game, as it was, although it would have been better had it not rained. Next Sunday Macksburg vs. Mulino at Macksburg. A. D. Gribble, who has been on the sick list for some time, is reported no better. We hope for his speedy recovery. John Kopper, of Marks Prairie, was in our burg Monday. The Macksburg Mutual Telephone Co. is getting ready to rebuild its line from Macksburg to F. M. Matthews' corner.

The rain continues to fall in gentle showers, keeping the weather cool. William Melton has been on the complaining list the past week. Preaching at Teasel Creek next Sunday.

### TEASEL CREEK.

The question for the Sunday school for next Sunday—What verse or verses in the Bible contain the word "heaven" three times each? Mr. Yoder, our music teacher, is to be congratulated for the way his pupils are advancing. Mi estos—I shall be. Vi estos—You will be. Mi iras—I am going. Mi iris—I shall go. Mi vidas—I see. Mi vidis—I saw. Mi vidos—I shall see. Every verb is regular.

### GRAEME.

Correl Creek School District, No. 82, Clackamas County, was closed on Friday, May 14, after a very successful school term of eight months, under the direction of the able and efficient teacher, Mr. Joseph Y. Bertlone. Each pupil upon being presented with a report card, was greatly surprised and delighted to find the report card was accompanied by a handsome printed souvenir containing the names of the pupils of the school, the school directors as well as the name of the county superintendent, Prof. T. J. Gary. This dainty little gift was given with the hearty wishes of the teacher for the future welfare of each and every pupil. Upon the following day, a picnic was held at high noon in the beautiful school grove, and was thoroughly enjoyed by the large number in attendance. After the table had been

relieved of its load of bounties, while the children, old and young, enjoyed a play upon the spacious school lawn, the mothers met together in the school house and organized a "Mothers' Club," to which all the mothers in the district are to lend their aid for the welfare and advancement of school district No. 82. The following officers were elected to serve for one year: Mrs. D. Allison Baker, president; Mrs. Smith, vice-president; Mrs. Reed Graham, treasurer, and Mrs. Norman Say, secretary. This day spent in such neighborhood fellowship will be one long to be remembered by all who were participants in its pleasures.

### STAFFORD.

The blessed rain descended and the local prophet says the grain is saved and a bountiful crop assured in and about Stafford, and the gardens which have been planted, will flourish like a green bay tree. Another man has delved towards Chinook river and been successful. John Wilkins went down 140 feet. The well borers now, we hear, have gone over into the Haselia neighborhood. Rev. Mr. Washlie who has been confined to his bed and room for the past three weeks is slowly improving. Mr. Powell was quite a good deal better the last part of last week, but on Tuesday was reported not so well, and that his hand and arm had begun to swell again, and he went to Portland to see a doctor about it. He is having a serious time. A great many are suffering with colds. Zack Elligsen's are nearly all sick with colds. Esther Toedemeler's baby boy has the measles and Amos Mays is thought to be coming down with the disease. We hope that it has been decided to meet on Saturday, the 29th, as Decoration day falls upon Sunday. Bring your dinners and work in the cemetery from 7 A. M. till 4 P. M. Bring scythes, shovels, axes, etc. and flowers and try to bring order out of chaos in the city of our dead. The ducks brought 25c a pound and Roy realized a good sum from his, as some of them weighed four pounds each. Mr. Hargraves had quite an accident while returning to Portland. A man with a motor cycle ran against one of his horses while he was going down the hill by Mrs. Kook's place. The breast strap broke and the team ran some, something broke about the wagon letting the horses loose from it, or it would have been much more serious. The man agreed to pay for all damages. Mr. Soderberg is building his barn and Arnold is painting it. Miss Soderberg and Arnold spent Sunday in Portland. The grading is going on at Sunnyside, making the road much better. A new bridge is being built near Dick Hunter's and it is quite inconvenient to have to pull through Mr. Townsend's field until the bridge is finished. # 70 YEARS

There are two kinds of whiskey. One is—the other isn't.

The kind that IS contains all the constituents that come from proper distillation and aging—That's what makes it REAL whiskey. The kind that ISN'T is made of alcohol, prune juice and head oil or is simply alcohol put in charred barrels, and branded whiskey. The Pure Food Law aims at having the consumer get exactly what he calls for. When you call for whiskey ask your dealer if it will respond to a government laboratory test. Ask him if he guarantees it. Then you will know what you are paying your money for. Buy the brand you know, the standard for 70 years. Cyrus Noble—pure whiskey—old whiskey.
