

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients are printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of service. Accept no substitutes—there is nothing "just as good." Ask your druggist.

SUBSCRIPTIONS IN ADVANCE.

The United States postal regulations compel publishers to discontinue a newspaper after the subscription expires. For this reason The Enterprise will not be sent after expiration. Subscribers will receive ample notice before the paper is discontinued.

THE MOLALLA RAILROAD.

In his effort to secure subscriptions to guarantee the construction of an electric railway from Oregon City through the rich Molalla Valley to Silverton, Mr. F. M. Swift, who has been working on the project for more than a year, is meeting with insufficient encouragement at the hands of the people of Oregon City. It is not possible for every business man to subscribe \$1000, for which he will receive stock, but nearly every man in business can well afford to subscribe something, even if it is only \$250 or \$100. The facts may as well be published and faced by them.

Oregon City at one time had nearly all of the trade of Clackamas County. The custom of the Springfield country, the Wilsonville and Stafford territory, the Oswego district, the Marquam and Scotts Mills section, and the great Molalla Valley all came here. Within the last few years the electric line has tapped the Springfield, Eagle Creek, Barton, Garfield, George and Viola country, and what has been the result?

The trade has left Oregon City and is now going to Portland and to the new town of Estacada, and it will continue to go there. Last year the Oregon Electric went through the Western portion of Clackamas, and since then we have utterly lost all of the trade of that section.

The custom of Oswego has been gone for several years.

The people of Marquam and Scotts Mills go to Silverton and Mount Angel. They have to go by team and the distance is short. Canby is rapidly coming to the front as a wide awake town, and the hustling people residing there have made overtures to Swift to bring his road there.

If it goes to Canby or any where else but Oregon City, we shall immediately lose the only valuable territory we have left, the great Molalla Valley, and the farmers of that wonderful region are starting with open mouths at the business men of this city and wondering if they have all gone to sleep.

It is high time that something is done.

If it is not done, then Oregon City will be purely a factory town and her growth will depend altogether upon the growth of the mills. Every big town has to depend upon the agricultural country surrounding it. We have the Molalla Valley left, but we may lose it.

The Oregon Daily Journal of Portland is awake to the situation and has the following editorial in its issue of last Wednesday:

"It is reported that there is some doubt of the success of the proposed Molalla railroad, due to insufficient stock subscriptions, although the greater part of the required \$100,000 has been subscribed; and also due, perhaps, to some doubt as yet about the route to be traversed. The Journal hopes whatever doubts there are may be settled and whatever difficulties overcome, and that assuming that the project is in reliable hands, the subscriptions will be made entirely sufficient at an early day. This is a very important enterprise for all the people of the region to be traversed, and if carried to a successful completion will be of great financial and other benefit to them. They should never turn back."

Starting a Business For Yourself

It is unreasonable for a young man to think that he can set himself up in business without some capital to invest in the enterprise. Perhaps this lack of capital has been the cause of your working for some one else instead of yourself these many years. If so, it is high time that you began to accumulate a fund for the purpose of establishing yourself in some good paying business.

An account with this bank will afford you a convenient, safe and an ideal method of putting your surplus sums where they will grow into a fund, that in time, may make possible your business success.

Others Have Done So You Can Do Likewise

The Bank of Oregon City Oregon City, Oregon

Milwaukee and Northwestern Clackamas

Those who have news for the Milwaukee department of the Enterprise should either mail it to the Milwaukee Editor of the Enterprise at Oregon City or leave it at the real estate and insurance office of A. H. Dowling in Milwaukee, or with Justice of the Peace Kelsa.

MILWAUKIE

Work on the Lowell building is about completed. Mr. Kelly expects to have his stock in about the first of July.

W. H. Mankin, of Portland, was a visitor in Milwaukee last Monday.

The family of George Zeek were released from quarantine the first of the week.

Mrs. Maggie Angelus, of Portland, purchased the J. J. Miller property of 1.4 acres east of the S. P. track, the price paid being \$2200.

The graduating exercises of the class of the Milwaukee school was held in the school house Tuesday evening. The class of 13 graduates were: Mary Devine, Emma Roberts, Ruth Sanders, Vada Bristow, Olga Droffs, Mamie Bonifit, Maud Hadden, Hattie Keck, Olivia Johnson, Dora Broetje, Otto Schindler, Frank Fisher and Edgar Addie. The programme rendered by the class was exceptionally good and consisted of readings, essays, poems and songs. Some of the prominent numbers were the reading, "Class History," by Mamie Bonifit; a duet, by Vada Bristow and Olga Droffs, and the mandolin duet, by Otto Schindler and Van Devine. The presentation of diplomas was made by J. W. Gracie. Professor Gracie made the address to the class. The class was presented with several beautiful baskets and bouquets of flowers by relatives and friends.

The spectators at the ball game last Sunday between Clackamas and Milwaukee were treated to a rare chewing match with a little ball game mixed in. Clackamas evidently came down with the purpose of winning the game. When the boys made a rally in the 7th inning and tied the score Clackamas thought it was time to get in. They tried to run a professional pitcher against the home boys, who were justified in making a kick, but, as Clackamas saw there was no hope for them without using their star pitcher, the game was called off with a score of 9 to 5. The next time Clackamas wants to come down to play the kids they had better engage some members of the league team.

The Hawley Block Mill was closed down a part of the past week as a result of breaking a gear in the plant at Oregon City on Friday of last week. Repairs are being made and the mill will be in operation some time this week.

The infant son of Jack Peterson died on Saturday afternoon last week. The funeral was held Sunday afternoon.

Archie Marraci, who has been visiting relatives and friends in Italy returned home last Sunday.

While splitting wood last Monday, Mr. McKinney severed two of the fingers of his left hand. Dr. Townley dressed the hand and Mr. McKinney is getting along nicely.

A small fire was discovered in the pulp mill Tuesday evening but was extinguished and little damage was done.

teemed. A good and useful woman, who walked in quiet, womanly ways, she will be greatly missed from the place and endeavor that knew her so long.—Oregonian.

ROSE SHOW DOORS OPEN

(Continued from page 1.)

A. S. Hunt, 25c; George Reddaway, 25c.

Oregon City Manufacturing Co., Indian robe; R. C. Ganong, sack flour; Bank of Oregon City, cut glass dish; First National Bank, cut glass sugar and creamer; J. Levitt, silk umbrella; John Adams, cut glass water bottle; F. T. Barlow, vase; George A. Harding, cut glass vase; Frank Busch, china pitcher; C. G. Myer, hammock; G. Rosenfeld, stein; Huntley Bros. Co., teacup vase; Miss C. Goldsmith, Haviland plate; Dr. L. A. Morris, brass vase; C. C. Store, china plate; Oregon City Shoe Store, pair of shoes; Larsen & Co., olive dish; G. B. Dimick, cut glass vase; Franklin T. Griffith, hand painted vase; Rev. A. Hillbrand, cut glass dish; Charming Drug Co., pencil; Duane C. Ely, mirror and glass bowl; Price Bros., hat; C. W. Friedrichs, creamer and sugar; Pacific Soda Works, case of soda; Burmeister & Andersen, sugar and creamer; Pope & Co., pruning shears; Lent's candy store, box of candy; Beattie & Mount, Haviland sugar and creamer; W. A. Shewman, game carving set.

Piles! Piles! Piles!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Sold by druggists, mail 50c and \$1.00. Williams Mfg. Co., Props., Cleveland, O. For sale by Jones Drug Co.

Improving the Milk.

I wish to give a few hints as to how a farmer can improve his milk, says a dairymaid. Use plenty of sawdust. Clip the danks. Avoid feeding directly before milking. Use small top milk. Milk with clean, dry hands. Cool the milk quickly and keep it cold. There are only three requirements for good milk—simply healthy cows, cleanliness and cold.

Light in Cow Stables.

The light in a cow stable should come from the rear of the cows, so the milkers can see to clean the cows properly for milking. This arrangement is accomplished in modern stables by building them thirty-four to thirty-six feet wide and having two rows of cows facing toward a feeding alley in the center.

JENNINGS LODGE.

Thursday afternoon, June 10th, closed the first term of school in the Jennings Lodge district. The school room was most beautifully decorated with roses and ferns and blossoms of the woods and the children, dressed in light frocks and faces beaming with joy as they took their places in the school room for the last half session. After a few remarks by Miss Jennings the following program was carried out for the afternoon:

Greeting song by the school accompanied on the piano by Miss Hampton. Recitation, A Bird, by Willard Slocum, a German song by Minnie and Dora Roethe, was heartily received and they responded with a recitation in German speech on the graphophone. Memory Gems, by the pupils; piano solo, by Ethel Hart, was heartily applauded and she responded with an encore recitation, by Harold Pratt, recitation, Doris Panton; recitation, Glenn Russell; song of the Flag, by the pupils; recitation, My Shadow, Fern Hart; recitation, Grace Rose; Physiology exercises, by the 3rd and 4th grades pupils; piano solo, by Helen Panton, who responded also with an encore; recitation, Annie Russell; recitation, A Troublesome Call, Beulah Roberts, Vacation Song by the pupils. Major Clarkson, at the beginning of the school term, offered a prize to the two pupils who planted and had the best kept gardens and with some very choice remarks presented Miss Shuff's basket with \$1.00 as first prize and Helen M. Panton with \$2.00 as second prize. The judges were G. D. Boardman, James Soesbe and William Finley. The pupils had the parents to read and Miss Edna Ross, on "Oregon" and Arthur Roberts on "Paper" were especially good.

Mr. and Mrs. G. D. Boardman left on Saturday for a visit at Hood River, Oregon.

Mrs. F. W. Ruebert and four children arrived on Thursday evening from Dubuque, Iowa, to spend the summer with her parents and their relatives at this place.

Mrs. C. P. Morse has entertained a number of friends at her home the past week. On Thursday her guests for luncheon were Mrs. Wetherbee of Eugene, Oregon, and Mr. and Mrs. Dill, of Portland. On Sunday Mr. and Mrs. Elmer Mink, of Eugene, were their guests.

The Woman's Club met at the home of Mrs. Evans on Thursday afternoon, June 10, at 3 P. M. Mrs. Alice Panton gave a very interesting paper on the Turkish Revolt and certainly enlightened all who were privileged to hear it, on the affairs of the Turkish Empire. Mrs. Brown, in honor of the Rose Festival, gave a very fine reading. Mrs. Evans, assisted by Mrs. Ross, served dainty refreshments. Those present were Mesdames Shaver, Panton, Pratt, Morse, Rose, Brown, Roberts, Hart, Emmons, Jacobs and Miss Susie Smith.

Mrs. H. H. Emmons left on Saturday for a four days trip to Lebanon to visit friends and also her ranch before returning home the coming week.

A number from here attended the Rose Festival the past week. All were delightfully pleased with the display of roses. A number took apartments and remained down for the week and others just viewed the electric parades in the evening and took in the automobile races on Saturday afternoon.

Mr. and Mrs. H. J. Rice and Miss Nellie Rice and Lloyd Rice and Mr. Will Miller attended a very pretty double wedding in Vancouver on Saturday evening, June 12, at 8:30, when Mrs. Rice's niece, Miss Ollie Hubbard and Mr. Steven Rossman and Miss Grace Hubbard and Albie Baker were united in marriage.

THE HORSEMAN.

Watering often is far better than waiting till a horse is almost choked and then letting him have all he can drink. Many horses are spoiled by the latter method, while no one ever hurt a horse by frequent watering.

Selecting Work Horses.

In buying a horse for work on the farm don't select a nervous, high strung animal. One with plenty of bone and muscle, that takes a hearty interest in the feed trough and is wide between the eyes will give more satisfaction.

Feeding the Foal.

To encourage the colt to eat solid food I have found it a good plan to moisten a little bran with milk or sweetened water, says a horseman. A double handful of grain prepared in this way will make a good ration for a foal three times a day during the first month it is put on feed. At the end of the first month the ration should be increased one-half and at the end of the second month doubled, which quantity may be continued as about the proper ration until weaning time.

Correcting a Depraved Appetite.

When horses eat dirt and show a depraved appetite a veterinarian advises liberal bran mash once a day and a tablespoonful of the following powder morning and night in feed: Powdered sulphate of iron, one and one-half ounces; salt peter, four ounces; nux vomica, one ounce. Should be thoroughly mixed and kept from air. Keep plenty of salt before horses at all times. Good rock salt may be used, but the pressed bricks of fine salt are to be preferred. Rock salt often contains injurious substances.

Preventing Shoulder Boils.

A vast majority of shoulder troubles arise from using collars too large. These move and shift with every motion of the horse. Even collars that fit reasonably well at first sometimes stretch and enlarge with use, while the necks, as they harden, grow smaller, even if the horses keep in good condition; hence chafing soon wears the neck or creates shoulder boils, and the suffering that follows increases the stress and wear upon the animal's vitality, often to such an extent that great loss of flesh follows. Frequently, even if there is no break in the skin, it is practically impossible for an animal to do its best in a collar that bears chiefly on the outside front of the shoulders or against the points of the lower shoulder rather than close up all around the neck.

Messrs. Vernard Locke and Sidney Keller, of Lenta, are lathing the house of Mr. Ernest Smith. Mr. Locke is considered as one of the best lathers in Portland and after seeing him put on the laths one is convinced that he justly holds the record.

Rev. Shupp and wife were calling on their many friends who are always so pleased to have Rev. Shupp and wife in our midst.

Mr. Panton has been very successful in drilling wells near Clackamas having completed two in that vicinity recently.

Little Kenneth Wilcox has been on the sick list during the past week and a physician was called but at this writing is much improved.

Miss Miller, of Vancouver, is visiting her brother, Will Miller, and is a guest at the H. J. Rice home.

Mr. C. L. Smith, who recently removed here from Portland, Malaga, left for a business trip to Baker City, Oregon.

Mr. and Mrs. Frank Soesbe and Kenneth, of Oregon City were calling on Mr. James Soesbe and family last week. Little Kenneth's friends at this place were pleased to hear that he won a prize at the Rose Show in Portland on Friday night.

Mr. Walter Beckner arrived home from Baker City, Oregon on Sunday, where he went to install a dredge for the Hammond Mfg. Co. of Portland.

Mr. Watson, near Meldrum, delivered some very choice Magone berries in this vicinity for \$1.10 a crate.

Miss Grace Morse, of Newberg, visited with Miss Arline Shaver on Monday.

Miss Eva Mouton and Miss Nettie Kruse spent Sunday afternoon with Miss Mabel Morse.

The Sunday School at the Grace chapel was quite largely attended on June 13th. Election of officers took place. The following officers were elected until January 1, 1910: Superintendent, Rev. Shupp; assistant, Mr. A. F. Russell; secretary, Della Roberts; treasurer, Della Pratt; organist, Carrie L. Scripture; librarian, G. D. Boardman assisted by Annie Russell and Fern Hart.

Mr. and Mrs. Tom Spooner attended the pioneer meeting in Portland on Friday and report a most enjoyable day. A number of Mrs. Spooner's school mates who attended school with her 40 years ago sat at the same table in the Armory, and a very pleasant remembrance of the day for Mr. Spooner was when Mr. F. L. Coffin, president of the State Bank of Idaho, presented him with a walking stick. Mr. Coffin and Mr. Spooner had each other good bye 35 years ago in Portland and this was their first meeting during these years.

Mrs. Ross and Reginald and Miss Edna leave on Tuesday for their ranch near Vancouver, Washington.

Mr. Williams, who has been ill at the home of Mr. Allen Brown, was removed to his son's home in Portland Sunday.

Miss Cravatte has returned from a trip to Eastern Oregon.

Tuesday, June 15, Mrs. Tom Spooner entertained Mr. and Mrs. Clifford Spooner and Mrs. Evans to a delightful luncheon in honor of little Miss Vivian Spooner's fifth birthday anniversary. In the afternoon Mrs. Spooner invited in five little Misses who were entertained in a most charming manner with a boat ride on the beautiful Willamette. Dainty refreshments were served and Miss Vivian presented each of her guests with a bunch of Oregon lilies. Her little guests were Dorothy Slinger, of Portland, Wilma Bruchett, of Dubuque, Iowa, and Doris Panton and Bessie Roberts.

Let Dowling sell your property.

IDEA WORTH DEVELOPING.

Value of a University in Extending Village Improvement Work.

President James of Illinois university is trying to develop a sentiment in favor of the artistic in connection with home life in Illinois. He wants the university to be the medium through which information about landscape gardening, ornamental horticulture and other local improvements may be obtained. A state organization with the object of stimulating interest in such matters might accomplish much. The need of attention to them is apparent to every one who travels through the country. Few examples of intelligent arrangement of farm buildings are to be found. Even where nature provides most beautiful environment its glory may be badly marred by the excessiveness in the shape of buildings. The barns and outhouses are not properly disposed, whether attractiveness, sanitation or usefulness is considered. Too often the offer of a few dollars tempts an owner to sell advertising privileges that help to mar the face of the land scape.

The country road might lend itself to tree planting in a way to secure the effects to be noted in parts of the world where the traveler may ride for miles along shaded highways. Few farmers appreciate the usefulness of trees about the house or along the lanes or roads, even when "the woods are full of them" and transplanting is comparatively easy.

The country village is seldom cared for in its little details of cleanliness and beauty. The churches stand in the sun. The burying grounds are as bare of ornament as the dusty roads. There is no need of specifications. A great deal might be done at slight expense of money or labor if the spirit were there and with it the knowledge of what should be done and how best done.

If the state university is able to get something started in Illinois that will help toward the extension of the village improvement society idea more widely it will put citizens under additional obligation to it. The field is one worth developing.—Chicago Tribune.

Stomach

Many remarkable cures of stomach trouble have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at Huntley Bros. drug store.
