FORTY-THIRD YEAR—NO. 30.

OREGON CITY, OREGON, FRIDAY, JULY 23, 1909.

ESTABLISHED 1866.

REPORTS ARE ENCOURAGING

POMONA GRANGE ENTERTAINED ROYALLY AT MOLALLA ON WEDNESDAY.

MEMORIAL TO EATON

Advisability of Establishing High Schools in Country Districts Discussed by T. J. Gary and G. B. Dimick.

Clackamas County Pomona Grange met at Molalla on Wednesday of last week, and the result was a very interesting and well attended meeting. There was a good representation of the various granges of the county, notwithstanding that the farmers are busily engaged with the farm work at this time of the year. The people of Molalla entertained their guests in a royal manner.

Encouraging reports were received from all of the subordinate granges of the county. T. R. A. Sellwood, of Milwaukie, was elected and installed as chaplain to fill the vacancy caused by the death of Oscar Eaton, who for many years was a most faithful chaplain. The remainder of the morning session was devoted to the business of the order.

At the afternoon session a memorial service was held in honor of the deceased chaplain, Oscar Eaton, of Oswego. State Secretary Mary Howard read communications from members of the order attending the high esteem in which he was held. Mrs. Maggie Johnson, T. R. A. Sellwood, and J. W. Thomas made speeches appropriate to the occasion.

The committee on resolutions surprised the meeting by reporting that no resolutions were had to offer. The meeting was then thrown open to the public, and Judge Dimick and County School Superintendent Gary addressed the meeting in the cause of education, this being the annual educational meeting of the grange. The subject under discussion was "New Ideas in Education and Advantages of Establishing County High Schools."

Judge Dimick explained the purposes of our revenue for school purposes, and explained why some people vote against the levying of a tax for school purposes. Judge Dimick thinks there should be a tax on incomes and incorporations for the benefit of our schools.

Superintendent Gary favors the elimination of many things from our course of study for country schools, such as grammar, much of the geography of foreign countries, psychology and anatomy and the substitution of those of more hygiene, the geography of our own country and an immediate surroundings, only the practical arithmetic and much language. He stated that he believes the time would come when every boy and girl in Clackamas county would have the advantage of a high school without having to leave home to get them.

Judge Ryan was present, and being called upon, spoke upon the same subject, partially endorsing the new ideas, and stated that he believed that the time would soon come when our whole course of study would be changed.

In the evening a class was initiated into the mysteries of the fifth degree. A dinner and supper were served by the members of Molalla Grange No. 310, much enjoyed by the many visitors.

COMMENDS MR. DAVIS.

Tom Richardson Likes Literature of Commercial Club.

The literature now being sent out by the Commercial Club by Secretary Davis is being most favorably received both at home and abroad. The following letter gives the judgment of one who has long been an expert in publicity work.

Portland Commercial Club, Portland, Oregon, July 15, 1909. Mr. S. P. Davis, Commercial Club, Oregon City, Oregon.

My Dear Mr. Davis:—This is just a little note to congratulate you on your wonderfully effective Clackamas County Bulletin. If you are using this to send to all the inquirers whose names we furnish, you are going to get some tangible results. Don't get discouraged just because you don't see these results immediately.

Sincerely yours, TOM RICHARDSON, Manager.

County School Superintendent Gary, who delivered an address to Pomona Grange at Molalla.

HEADED THIS WAY.

New Yorkers who sought to get railway accommodation from Chicago to the Pacific Coast in June were told that they would have to give three or four weeks' notice before room could be found for them. All trains running West are crowded, and space in them was reserved for that length of time ahead. Three reasons for this unusual condition were given by the railway managers. That many national conventions are to be held in the West this summer, that the Seattle fair is open, and that the people are beginning to realize that the future expansion of America is to be toward the West, and are anxious to understand the problems to be met there—Youth's Companion.

Mr. Beck was born in Baden, Germany, and came to America at the age of 18 years. In 1865 he left New York and came to California around the Horn. Rush for Lands Continues.

The rush for land applications on lands in the Couer d'Alene, Flathead and Spokane Indian reservations still continues. Dr. Clyde Mount has gone north on this errand and is acting as agent for Fred W. Humphrys, who is not required to file in person, as he is a veteran of the Spanish-American war. Jake Miller left yesterday and Dr. McHenry will go some time this week. Peter Frey will also leave the latter part of the week.

School Superintendent Arrives.

Fred J. Toozie, the new city superintendent of the Oregon City public schools, arrived here Thursday from Monroe, Mich., and will find a residence here. Mr. Toozie is staying with his brother, C. T. Toozie, at Gladstone, and is looking for a dwelling in Oregon City.

NEW HOUSES UNDER WAY

BUILDING IMPROVEMENTS ARE IN PROGRESS ALONG MANY LINES.

BANK BEING ENLARGED

C. T. Toozie is Improving Property and Historic McLoughlin Home is Being Placed in Order For Visitors.

The beautiful new residence of Gus Engbrecht on Seventeenth street near Washington, is completed, and Mr. Engbrecht is moving his family into it. The house is modern throughout, having 11 rooms with bath, and full cement basement, the cost of which was about \$2000. The contractor of the building was William Krueger, a recent arrival from Wisconsin, who has come to make Oregon his home. Mr. Engbrecht arrived in Oregon City from Athens, Wisconsin, about three years ago, and purchased the 20-acre tract belonging to the Dolan estate, the land of which is all under cultivation. Since moving to Oregon City, Mr. Engbrecht has gone into the dairy business and has built up a large custom. The Oregon City Shoe Store is undergoing extensive improvements. The show windows have been enlarged and enclosed at the rear, new shelving added and renovated throughout. The manager, S. Palley, has secured F. S. Baker, the contractor to have charge of the work. A. Buckles, who conducts a feed and grocery store on Eleventh and Main street, is having the roof of the store building raised. The first floor will be used as a saloon, and the second story as living rooms by Mr. Buckles' family. F. S. Baker has the contract, and is pushing the work along. G. A. Brown has been awarded the contract for the building of the cottage of Thomas Blanchard on Eleventh street, between Adams and Jefferson streets. The cottage will be of one story and with reception hall and bath, and will be modern throughout. William Krueger is having a building constructed on the ground he recently purchased from Harvey Cross on Twelfth street. This will be used as a grocery store, which will be a great convenience to the people residing in that section of the town. The cottage owned by H. L. Kelly on Eighth and Washington street, formerly occupied by W. A. Dimick, has been enlarged and re-painted, and is now one of the most attractive cottages of Oregon City. The cottage adjoining this and owned by Mr. Kelly, has also been renovated. The addition to the Oregon City Bank is progressing rapidly, and will be ready for occupancy by September. This will extend about 15 feet at the rear, and will occupy the space where the office of C. H. Dye formerly stood. The building will be of one story and of concrete. A new concrete vault is being constructed to take the place of that in the present building. When complete the building now occupied by the bank will be thoroughly renovated, and refurnished with up-to-date furniture and fixtures. C. W. Vonderahe has charge of the construction. The work on the new addition to the Eastham school building will be commenced in about 10 days. Besides this work new picture rails will be added to the Eastham and Barclay buildings. The two houses belonging to Judge G. B. Dimick have been greatly improved in appearance by the addition of verandas.

On Thirteenth and Main streets, C. T. Toozie, of Gladstone, is having constructed one of the most up-to-date dwellings in the city. The house is situated on the property overlooking the river, and is a most desirable place for a residence. Mr. Toozie, who purchased the block on which this house is located, is also to have built in the near future, another residence overlooking the Willamette. This will be on the north side of the one he is at present building. The residence in the center of the block is also undergoing repairs. W. A. Dimick recently took possession of a very attractive bungalow in this block. When the residence Mr. Toozie is at present working on, and the one on the north side are completed, there will be seven of the prettiest homes in Oregon City. Mr. Toozie has spared no expense in improving his property in this city. Among the smaller buildings that have been constructed within the past month is the greenhouse on the residence property of G. A. Harding. A new roof has been added to the McLoughlin home, which was recently moved to the Seventh Street Park. New sills have been added, and the work of painting the building will soon begin. After the interior has been thoroughly fumigated and cleaned it will be opened to all visitors who wish to view the home of Dr. John McLoughlin, the father of Oregon. The cottage that is being built on the Miller place on Center street near Seventh is nearing completion, and will be occupied by Mr. and Mrs. Ralph Miller. The cottage at the rear of the Oregon City Bank building has also been improved.

HARD GRADE ON BORING HILL.

Forty-seven cars attached to one engine delayed traffic for while Monday afternoon on the Cazadero line of the Portland Railway, Light & Power Company. Forty of the cars were loaded, and there were seven empties, a caboose and a dead engine attached to the train, which had to be divided into three sections before it could be hauled over the Boring hill.

President William H. Taft, who will visit the A. Y. P. Exposition at Seattle next fall.

BOOST CHAUTAUQUA.

REDLAND, Ore. July 20. Chautauqua is coming again and the campers have gone home after the most delightful season we ever had in spite of a little rain. They were a jolly crowd in camp. The only regrets heard were on behalf of the management. Many that came this year for the first time told us they had no idea it was anything so nice, and they were going to plan to come for the whole season next year and bring their friends and we have heard of others at home who say the same. It is not so generally understood as it ought to be what kind of an institution it really is. Some think it is all Sunday School and preaching. I believe we had the best programme we ever had and it was very much appreciated. We owe many thanks to Mr. Cross for his untiring efforts to make these sessions a success and for his courteous attention to the wants of the campers and other visitors. This is a Clackamas County institution of which we may well be proud. Let us boost it all we can and make it a grand success. GEO. C. ARMSTRONG.

ALEXANDER WARNER CROSSES DARK RIVER

CAME WEST FROM NEW YORK IN 1870—LEAVES WIFE AND THREE CHILDREN.

Alexander Warner, a well known resident of this city, died at the home of his daughter, Mrs. Thomas A. Pope, on Water Street between Fifth and Sixth streets, Friday afternoon at 3:30 o'clock. Mr. Warner had been in ill health for the past six weeks, and he was taken to their cottage at Long Beach for the benefit of his health, but he gradually failed, and he was brought here on Saturday by his wife and daughter, Mrs. Pope, who were with him during his illness.

Mr. Warner was born at Stuyvesant, Columbia County, New York, September 10, 1826, and was united in marriage to Miss Maria A. Pease, October 20, 1850, at Stuyvesant. After residing in that city for a brief time, they went to New York City, where they lived until 1870, when they came West, settling in this city. They afterward made their home in Spokane, where Mr. Warner entered into business, and later moved to Portland, where he was also in business. Of recent years Mr. and Mrs. Warner have made their home in this city. Mr. Warner, though was reserved in character, was of a kindly disposition, and his passing will be deeply regretted. Mr. and Mrs. Warner would have been married 59 years had he lived until October 20.

The deceased leaves a wife and three children, Mrs. Thomas A. Pope, of this city; Charles Warner and Mrs. W. A. Lee, of Portland, three grandchildren and two great grandchildren. The funeral services were conducted on Monday afternoon at 2:30 o'clock at the Portland Crematorium, a special car leaving this city at 2 o'clock. Dr. T. L. Elliot and Dr. W. L. Elliot, of the First Unitarian Church, of Portland, officiated, and Mrs. Imogen Harding Brodie rendered a vocal number.

Mrs. Annie E. Howard leaves in a few days for Seaside to spend a week with Mrs. A. L. Beattie and family, who have a cottage there for the Summer season.

HIS FAREWELL SERMON.

Rev. John M. Linden, whose resignation as pastor of the First Baptist Church becomes effective next Sunday night, will preach his farewell sermon on that day. His subjects will be the same as on the first day he occupied the pulpit two years ago, "Life With and Without Vision," and "The Value of a Soul." The farewell prayer meeting was held last night, and this evening there will be a reception in the assembly room of the church, to which all are invited. Mr. Linden leaves next Monday for Chicago, which will be his headquarters in future. He opens August 20, with Evangelist "Billy" Sunday at Boulder, Col., and hereafter will devote his entire time to work in the evangelistic field.

PRESIDENT IS COMING

WILLIAM H. TAFT TO VISIT A. Y. P. FAIR LATE IN SEPTEMBER.

MANY TO WAIT FOR HIM

Special Arrangements Are Under Way to Provide Entertainment for Crowds Who Will Come To Seattle.

When President William H. Taft visits Seattle the latter part of September, to attend the Alaska-Yukon-Pacific Exposition, it is predicted that the largest gathering ever known on the Pacific Coast will congregate. Special arrangements are already under way to provide special entertainment for not only the president, but the crowds also. Three previous presidents have visited Seattle while in office: Hayes, Harrison and Roosevelt. Each visit was a memorable occasion. The records for crowds established on these visits are certain to be shattered when "Big Bill" comes, not that he is a stranger to Seattle and the Northwest, but because he is so well known and so well liked here. Many prospective visitors will put off their coming until the visit of the president, when they will "kill two birds with one stone." The president will leave the East, September 15th, stopping enroute for brief visits in Denver, Salt Lake and Spokane. Owing to Mrs. Taft's poor health, he will not be able to make the contemplated trip to Alaska this year.

No Place Compares With Oregon.

P. J. Winkie has returned from a visit of several months at his old home in Pennsylvania, and he was accompanied home by his daughter, Miss Anna Winkie, whom he had not seen for 15 years, and who will make her home here. She has been living with her grandparents. Mr. Winkie visited at St. Louis, Mo., and in Kansas and passed through the flooded districts, his train being delayed 17 hours. Mr. Winkie is glad to get back to Oregon, and found no place during his travels to compare with it.

Membership Contest Interesting.

The Knights and Ladies of Security held an interesting meeting Monday night and received nine applications for membership. There is a membership contest in progress. After a short programme, lemonade and cake were served.

DEATH OF THOMAS SAGAR.

Father of Unfortunate Young Man Relates Particulars.

MULINO, Or., R. F. D. No. 1, July 18.—(Editor of the Enterprise)—As a good many of our friends and neighbors wanted to know the particulars of the death of my son, Thomas L. Sagar, who died June 9 last, in Fairbanks, Alaska, of a gunshot wound, in a letter written by his brother, Frank, a few days after the accident, he states on the evening of the 8th and a friend of his, a Mr. John Carrie, went out to hunt ducks. At this time of the year it is daylight all night in that country. It seems Mr. Carrie shot an owl and as he was reloading his rifle, a 30-40 Tom started to walk away but just as he got in front of Mr. Carrie the trigger slipped out of Carrie's fingers, the gun went off, the bullet striking Tom between the hip and knee. It struck the bone, and being a soft nosed bullet, shattered the bone and made a bad wound. Mr. Carrie had to go a mile to the station for help and then to a farm for a buggy to haul him to the station. They put him on a hand car and hauled him six miles to Fairbanks. Mr. Carrie telephoned for Tom's brothers, Frank and George. The doctors amputated his leg at 10 o'clock the morning of the 9th, but the loss of blood and shock was too much. He passed away at half past four the same day, and was buried next day from the St. Joseph church.

THOS. L. SAGER.

COUNCIL TO MEET TUESDAY.

Adjourns Out of Respect to Councilman J. J. Cooke.

The city council met Wednesday night and adjourned at once out of respect of Councilman J. J. Cooke, whose only son was killed Wednesday by a train near The Dalles. The next meeting will be held on Tuesday evening of next week, when the ordinance for the improvement of Twelfth street will come up for its first reading. Action on the ordinance for the improvement of Eleventh street will await the return of Councilman Sheahan, who is taking his summer vacation.

THESE ARE STATISTICS?

Vital statistics for Clackamas County have been reported by the State Board of Health for the months of March and April. In March the births numbered 25; deaths, 10; cases of tuberculosis, 1; deaths, 3; cases of smallpox, 2. In April there were 18 births and 19 deaths; 5 deaths from tuberculosis; one case of typhoid fever; 16 cases of diphtheria; three of scarlet fever; six of measles and one of smallpox. The inaccuracy of the Board's statistics is noticeable in the report of two marriages during the month of March, and none for April.

DID NOT KNOW HIS DAUGHTER'S VOICE

BOVINE CREATES EXCITEMENT LAST SATURDAY NIGHT IN BOLTON.

Sheriff R. B. Beattie and Constable F. A. Miles were routed from their beds last Saturday night to hunt for a supposedly missing girl at Bolton. The two daughters of Mr. Lynch, who resides there, had gone to Portland during the day and when darkness fell the father became anxious over the safety of his girls and thought he heard one of them scream. He immediately got into communication with the officers, who drove down to Bolton and found that the girls had left Portland at 8 o'clock for Oregon City and were in no danger. Another Bolton girl, whose name could not be learned, was wheeling a baby carriage, when she became frightened at a bull and screamed, and Mr. Lynch thought he recognized his daughter's voice.

GIRLS IN JUVENILE COURT.

Bessie and Viola Mayo Do Not Have Proper Parental Care.

Bessie Mayo, aged 16 years, and Viola Mayo, aged 10 years, were brought before the Juvenile Court Friday by Constable Miles. They may be committed to the Boys and Girls Aid Society. The mother and older sister of the girls work in the woolen mills here and during the day the two younger girls and two little boys are left in the house. The girls have been brought before the Juvenile Court officers say they are wayward. The youngest one attempted to borrow \$2 from R. L. Holman, telling him that "Grandpa Mars" sent her, and the older girl spent Thursday at Tualatin.

Short Chapter of Accidents.

Audrey Skervin, aged 11 years, slipped and fell Saturday afternoon at Gladstone Park, and sustained a colles fracture of her arm. Dr. E. A. Sommer was called and reduced the fracture. The little girl is a niece of D. T. Griffith of Stone.

On Tuesday afternoon Otto Gengler was kicked by a horse on Clackamas Heights, and received a compound fracture of his forearm. A resident of Canemah, whose name was not obtainable, was hurt in the mill Monday, sustaining a compound fracture of the arm, and a Slavonian at the mill received a broken leg this week. Virgil Ladd, of Gladstone, sustained a colles fracture of the wrist Friday afternoon at Gladstone Park, while jumping over a hurdle.

The Palm Goes Out of Business

Mrs. Miller, who has conducted The Palm confectionery store in the Caulfield building, adjoining the store of Huntley Bros. Co., for several years, moved Wednesday to Portland, where she will open a store on the East Side. The building has not yet been rented, though the refusal of it has been given to William Gardner, the jeweler, who is now in a building on the Episcopal Church property near the corner of Main and Ninth streets.

Gilbert Herren Dead.

Gilbert Herren, who resided here with his parents for many years, died in Portland last Sunday, aged 22 years. His funeral was held Monday at the family residence, 127 East 12th Street, at 11 o'clock. Consumption was the cause of the death of young Herren, whose father was for several years connected with the store of I. Seiling in Oregon.

CHANCE FOR THE LADIES

EXCELLENT OPPORTUNITY GIVEN BY THE ENTERPRISE TO YOUNG LADIES.

SCHOLARSHIP AND TRIP

Besides, a Residence Lot is Given Away Absolutely Free. Other Valuable Prizes For a Few Days' Work.

This sort of sultry weather should make the young ladies sigh for the seashore. The Enterprise offers the opportunity. Although several weeks have passed since the first announcement was made it is yet early enough for any one to secure a vacation trip for just a few minutes work each day among friends. And with so many prizes offered the element of failure is almost entirely removed. The highest score could be easily overcome in a week's time by any ordinary hustling. Renewals count the same as new subscribers and with the special added inducements of the Pacific Northwest for three years, and, also, a pair of \$1.00 shears, all for the price of the Enterprise—\$1.50—the task is made easy indeed.

Another Oregon City young lady has entered this week. Miss Jennie Schatz thinks she can secure the first prize, maybe, and comes in with the fine showing of 14,000 credits, putting her in fourth place.

Miss Curran makes a gain of 6,000 credits, giving her a total of 24,525 and keeping her in the lead. Mary Dale, of Etawanda, is in second place with 18,435 credits and at the rate she is going will keep right at the top.

"Bunnie" Ownbey was called out of the city and unless she is able to return quite soon will be too greatly handicapped to win out.

Hattie Hatcher is in third place with some 15,000 credits and hasn't fairly got started. Further reports from the others have not been received, but suffice it to say, the coveted prizes are not secure to anyone yet. Send in the name of any young lady and we'll show you how easy it is to get votes.

The \$200 lot will be given to the one receiving the highest vote. The other prizes the four trips to Long Beach with all expenses paid at the Breakers Hotel, a scholarship in the Behnke-Walker Business College at Portland and two credits on lots in Oregon City.

We certainly are making the inducements for vacation work strong enough to appeal to anyone in the county.

TWO WOMEN ARE INJURED.

Mrs. J. B. Robinson and Miss Lou Cochran Hurt in Portland.

The first accident on the new Meier & Frank building, in Portland, occurred Monday when an iron eye-beam, being drawn up toward the top of the building on the east side, fell through the unused elevator shaft in the old building, injuring slightly three women on the first floor.

The injured are Mrs. J. B. Robinson of Oregon City, who sustained a scalp wound; Miss L. Cochran, of Oregon City, bruised and shaken up and Mrs. S. W. Parker, of 255 Gibbs street, a demonstrator in the store, whose shoulder was bruised. Mrs. Robinson and Miss Cochran were taken to the Good Samaritan hospital where it was found that they were only slightly injured. Mrs. Parker went home.

It is considered miraculous that the falling beam did not kill the women. Suspended over the elevator shaft in the rear of the old building, from which the lift has been removed, it fell four stories downward until it struck the temporary floor which had been placed over the shaft. Breaking through the floor it fell on a table covered with goods, one end swinging about and knocking the women down.

After Reservation Lands.

Ernest Mass, Thomas Myers and Frank Koenig left Monday for Spokane, where they will make applications for land in the Couer d'Alene, Spokane and Flathead Indian reservations. Frank Albright and D. E. Frost left Tuesday and John C. Bradley and Chauncey E. Ramsby go the latter part of the week. There is a great rush from Clackamas County for the land in these reservations, and scores of people will make applications for filing.

Jancigal Appeal Heard.

Attorney Walter A. Dimick left Tuesday for Salem where he appeared before the Supreme Court Wednesday to argue the case of the State of Oregon vs. Matt Jancigal, who was convicted in the Clackamas County Circuit Court last November of the murder of Mary Smrekar. District Attorney E. B. Tongue appeared for the State. The crime was committed last July and Jancigal has been in the state penitentiary, under sentence of death for many months. The case was appealed from Judge McBride's Court on the ground of error in instructions to the jury.

Fisheries Bureau Moves Office.

The office of the United States Bureau of Fisheries in the Masonic Temple was vacated Wednesday and Superintendent Henry O'Malley and his office staff will be furnished quarters at the hatchery office of Clackamas Station, several miles from this city. It is presumed that the removal of the office is in the interests of economy.
