

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. FLETCHER In Use For Over Thirty Years CASTORIA

NEWS OF THE COUNTY

WILLAMETTE.

Mrs. James Downey has returned from Seaside, where she has been for the last two months for her son's health. Everett is doing very nicely, but will not be home for some time yet. Mrs. E. P. Berdine has received word from New York that her mother is very ill. She will leave for there on Thursday. Laura Baker is spending the week with her sister, Mrs. L. Koellmeier. Mrs. James Saunders was in Portland Friday. Her grand-daughter, Helen Ladd, returned with her. The ball game between Willamette and Mountain Road was a success for the Willamette boys, the score being 10 to 3. The game was played on the new diamond at Willamette, which is one of the finest in the county. Mrs. E. S. Kruse, of Frog Pond, spent Friday visiting with her mother and friends, of this city. Born, to Mr. and Mrs. Charles Kanney, an eight-pound son. Mother and child doing well. Miss Elise Konklin has returned from the mountains where she went six weeks ago for her vacation. Miss Nellie Johnson entertained a few of her friends at her home last Saturday evening. Games were played and refreshments served. All report a good time. Capt. Young has quite a swimming class again this year. Some of the children are doing real well. There are about 25 in the class. Ethel Greaves, of Oregon City, has been visiting her friend, Ida Berdine, this week. The revival meetings which are being held here are a success, there being several converts this last week. Mr. Warner and family and Mr. Barnes and family attended the camping at New Era Sunday. Gladys Baker spent last week camping with Mrs. R. J. Young's in their beautiful camp along the Willamette. Clyde Dollar spent Wednesday in Portland. Clyde Fromong, of West Oregon City, is visiting his grandparents, Mr. and Mrs. Fromong. Joe Justin and Oscar Woodfin, of West Oregon City, and Rose Reams and Gunther Schoenheinz, of Portland, spent Sunday with Lizzie Schoenheinz. Mrs. Phillip Marrs and Edna Kenney, of Oregon City, were visiting Mrs. Lynn. Mrs. W. Pollock has been visiting her mother, Mrs. H. Shipley. Miss Helen Pollock spent last week with Ruth Shipley.

MOLALLA.

Another rain visited us Saturday, doing no particular damage, and now the weather is most beautiful again. Tassel cutting was finished Monday. The yield is very good. The McLern's have three autos in the boneyard, commonly called garage. C. W. Herman is building a dam on

It is reported that Wilsonville may soon have electric lights and way not, with all our water power going to waste? The three acres near the Seely ranch sold recently by Darby & Butts, is to have a building upon it soon, which will be Wilsonville's first bakery. This will be a great boon to the farmers' wives when harvesters are to be fed. Mr. and Mrs. MacMillan, of California, left Wednesday for a trip to Seattle. They will return to the home of their daughter Mrs. H. D. Say and remain until September before returning to California. Mr. MacMillan has been attracted with heart trouble, but is much improved since coming to Oregon. The lovely corn of Oregon is attracting the attention of visitors from other states and people are trying to find out the secret of growing fine roasting ears such as Oregon has, for the corn of California and many of the other states is always more or less wormy, but Oregon's beaverdam corn is found in perfect condition. The neighbors and friends of Opal E. Young were shocked to hear of her untimely death Saturday, the 14th of August. Miss Opal was the second oldest daughter of John O'Young and was a sweet young girl, just blossoming into womanhood, beloved by all her relatives and hosts of friends. The funeral was held Monday afternoon at one o'clock at the family residence and was an exceptionally large one. Rev. Coleman, of the Congregational Church of Sherwood, officiated at the house and at the grave, and the Sherwood choir rendered several pieces of beautiful music. The remains were interred in the Pleasant Hill cemetery and was accompanied to the last resting place by a long line of carriages containing mourners and friends. We have a fault to find with the Sherwood mail service, for the postmaster and mail carriers are the most gentle and obliging of men, but why do not we as residents of Wilsonville demand a mail service from our town in the little village, now that we have an electric line, instead of having our mail hauled by carriage for seven or eight miles? It is very perplexing to visitors from other places who happen to know one's post office address as Sherwood, to come by train to that place, telephone to the friends at home, and against the fact that a ride of eight or ten miles must be taken to reach one's destination, while the host at the other end of the line hitches up his horses and drives to Sherwood to bring the company home, inwardly swearing that his friends did not know that he on Wilsonville and a half or from Wilsonville and when he greets them at the station he has to explain that he does not live near Sherwood, that he does not even live in the same county, that he is a Clackamas County resident, and his friends being completely mystified by this time wonder if he knows "where he is at" anyway.

Children Cry FOR FLETCHER'S CASTORIA Mulino Services. Preaching next Sunday morning and evening, August 22, at the M. E. Church in Mulino. J. W. Craig, pastor. CLACKAMAS. The blacksmith shop is again occupied by parties from Portland who are busy in the capable of securing a good run of custom in this line of business. Mrs. Harrington has bought the Chapman homestead, and is making extensive repairs and improvements. J. H. Johnson is putting up a handsome residence with up-to-date conveniences. Mr. Pisan is also building a new house on his property near town. Lewis Jagger, of Portland, has put in a fine cement basement under the building known as Runyon's hall. Mr. Jagger now owns the building and expects to use it as a warehouse for potatoes, hay, grain, etc. The new depot seems to be only a "case to the air" at present. Possibly it will arrive on date with the electric car line. Mrs. Cork has been entertaining quite a party. Henry Roadarmel, who is getting up a crew to go to the hop-yard of Mr. Bird, near Gervais, has about forty names of Clackamas people on his list. E. O. Hayward was in town. REDLAND. The M. E. Church hall has been thoroughly fumigated and there will be services next Sunday as usual. The district superintendent will come out in his auto from Portland next Saturday and hold quarterly meeting on that evening at 8 o'clock at the church and will hold services Sunday at 11 o'clock. A cordial invitation is extended to all to attend. Dr. Rowland is a fine speaker and should have a good attendance. Mrs. Mills Davis, of Hilltop, Colo., an old time friend of Mrs. Simpson, is visiting at Sagamore Hill, Mrs. Simpson's farm home. Thos. Harding, of Sturgis, Mich., and his son, Prof. G. L. Harding, of Walsenburg, Colo., are visiting at A. L. Allen's. Mr. Harding is nearly 36 year old, and although the trip was long one, he stood it very well and is beginning to feel quite like himself. He will make his home here with his daughter and family. Prof. Harding, after visiting here and the A. Y. P. Exposition, will return to Colorado to resume his school work. Word was received here last Saturday that Mrs. John Mattoon (nee Nannie Anders) was dead; it was a shock to many, although it was known she was very sick. She had written to one of her pupils of her last school that she was to have an operation and then expected to get well and would come here and see them all again, as she had taught the school here and at Viola some time before her marriage about one year ago, after which she and her husband went to Lake County, where they had taken a homestead. She died at a hospital at Albany, where Mr. Mattoon had taken her, and was buried at Viola cemetery Monday, August 16. Besides her husband she leaves her parents and four sisters, who accompanied the remains to the last resting place. Mr. Mattoon has the sympathy of all his friends as well as the pupils of this and Viola schools. D. R. Allen went to Portland to meet his grandfather and uncle Saturday, returning Monday. Teachers for Clackamas School. The Clackamas school has procured its corps of teachers for the Fall term, as follows: Mary Heacock, principal; Miss Edna Armstrong and John Stevens.

Estacada and Eastern Clackamas

LATE CAR FOR BORING. Early Morning Car Also Put on Run Out of Portland.

A committee of 26 members of the Boring Development Club met with the officials of the Portland Railway Light & Power Company in Portland Monday and asked for an early morning car from Portland to Boring and a car leaving Portland at 5:45 P. M., which would enable men to live in Boring and do business in Portland. The company was also asked to give Boring the theatre car, which now runs as far as Gresham. The railroad company acceded to the request of the committee and those extra cars mean a vast amount of good to this town and community. Messrs. Clark and Miller and other officials of the proposed Mt. Hood Railroad Company were over the entire route of the road Monday and stated that active work will be commenced not later than September 1. The company has had a number of men at work for some time, but few in this section have expected to see much done. Robert Jones, the driver of a cream wagon for the Damascus Creamery, had a runaway with disastrous results. The trace on one of the horses came down, the tongue fell and ran in the ground, the wagon was tipped over and Jones and Roy Rose were thrown out. Jones fell across young Rose, who was badly shaken up. The wagon was entirely demolished and the cream wasted. Jones was considerably scratched up. There is to be a basket social to be followed by a musical entertainment at the Boring Hotel next Saturday night for the benefit of a sick and deserving family in Boring. The baskets are to be auctioned off. Dr. Pfeiffer was called to Gresham Tuesday to attend to Mrs. William Gunn, formerly of Boring, who was quite ill.

ESTACADA GOATS ARE SOLD. Washougal Man Buys 150 Angoras From D. F. Warner. D. F. Warner, a well known citizen of Estacada, has sold 150 blooded Angora goats to D. H. Gary, of Washougal, for \$3 a head. Mr. Gary, who is a brother to T. J. Gary, school superintendent of Clackamas County, made an examination of herds at Salem, McMinnville and other Willamette Valley points. The goats have been taken to a farm near Washougal. Gary's own 1000 acres of fine pasture land there. The Estacada country is achieving fame for other products besides its fine fruit and vegetables.

NEW CHURCH AT SANDY. Dedication Ceremonies Will Be Held Sunday, August 29. The new Methodist Episcopal Church at Sandy will be dedicated on Sunday, August 29. The church is being built on the site of the old one, and is a fine structure. The dedication ceremonies will be held at 10 o'clock. Mr. E. O. Hayward, pastor, will officiate. The church is a fine example of modern architecture and is well equipped for the needs of the community.

SPRINGWATER. A "campfire" social will be given at the home of Mr. and Miss Cromley, next Tuesday evening, August 24. Everyone is invited to come. Ladies, come and bring cakes. Gentlemen, come and bring your lanterns. A short programme will be rendered, after which supper will be served, and the remainder of the evening will be enjoyed in playing games. Come at 7:30. Mattie Tucker was a caller at Mr. Schenk's last Sunday. What is that I hear? It sounds like the whistle of an engine. Mrs. A. Lacy and Miss Irene, are visiting friends and relatives in Springwater.

STAFFORD. Rain fell Saturday, but not enough to do much harm or good, and it has been very pleasant since; but Tuesday the mercury registered 90 degrees. Dick Oldenstadt and Loney Nimic are among the latest to catch the measles. The baby boy at Mrs. Mays' is quite sick with fever and bowel trouble. Chris Jones and Henry Toedemeyer were seen Sunday riding through Stafford. Ernest Aerni has been having the time of his life for the past two weeks visiting the scenes of his childhood, mingling with old friends and relatives. Fishing in the beautiful lake near by and going horseback after huckleberries, a quantity of which he brought home to his mother. On Tuesday afternoon the old Pankner house on the mountain road went up in smoke. It is said house, barn and all the clearing is burned over. Residents of Stafford saw the smoke and flames, but too far away to render any assistance. We have not as yet learned any of the particulars. We understand the house was occupied by a German who lived alone. Mr. Gage's grand-son, Will, came over last week and helped haul and stack hay. He returned to his home Sunday. Linn Saggotts, the Moser machine and the Sharps are all threshing this week in this vicinity. Threshing will soon be over and then comes the hops.

FIRWOOD. The entertainment and slipper social to be given at Firwood Hall Saturday evening, August 21, is welcome to all. Ladies bring lunches in shoe boxes. Everyone is invited to come and see what nice, jolly times we have.

Mr. and Mrs. H. Frey left Camp Idea-while to spend a few days in Portland. Mrs. C. Knowles visited Mrs. E. D. Hart last week. Mr. and Mrs. G. Koebel are camping at Camp Idea-while. Mr. and Mrs. Frost and Mr. Karnop took dinner with E. D. Hart's Sunday. Miss Mary Cassidy went to Portland Wednesday. The mower is busily making its way through the grain fields. The beautiful showers of the past month make the grain look promising.

DODGE. E. Tracey and family are going to the mountains to pick berries with some of their neighbors. George Keller has gone to Aurora to see his intended. We expect him to return Tuesday evening with his bride. Look out for the bells and a general wake-up. Harvesting has commenced. The rain Saturday stopped the work for a few days. There has been some threshing done in Spring grain. The Howell boys threshed out a little over 19 acres and got 1900 bushels of oats, a little over 50 bushels per acre. James Park is helping C. Bittner with his logging engine.

SANDY. A heavy shower fell at Sandy and the cut grain was only slightly injured, but standing grain mostly all flat. Threshing was started by Krebs' machine on the Ed Revenue place and 75 bushels of wheat were threshed from an acre and a half. Max Davis is busy clearing the ground lately purchased from the Sandy Land Company by Mr. Sherwood. Soon as cleared a handsome bungalow will be erected on the property.

Mr. Schroeder, of Arleta, was in Sandy and is negotiating with the Sandy Land Co. for a building and lot to start a bakery. Ed F. Bruns and James Phalen are both busy building a large amount of fence, fencing all their property. James Allison is making extensive improvements on his new home. J. L. Davis is visiting his brother, Dr. Davis all the way from Michigan. He likes this good old Oregon country.

L. E. Hoffman, as soon as he can, will secure ground and erect a modern slaughter house. The wrestling match that came off Saturday, August 14, was largely attended by the sports from far and near. Nelson easily flopped his man, Mr. Doety. Sandy people held several conferences with a view to either get the P. R. L. & P. Co. to reduce freight rates, or otherwise all of Sandy people will do their freighting by teams. Teamsters can make good money hauling from Portland and several are already in the freight team business. Sandy's new Methodist Church is being plastered and carpenters are now building the tower. The church when completed, will be one of the finest in eastern Clackamas County. Large numbers of Indians are passing through Sandy on their way to the hop yards. Anton Yerger is seriously ill at Portland. Sandy people are at present talking a great deal about starting a new county, while equally as many cherish the idea of having eastern Clackamas annexed to Multnomah. The new county scheme is a good one, having for the western line a line south from Columbia river just east from Gresh-

Advertisement for 'IN A PLAIN BOX' whiskey. Contains all those secondary constituents the government chemists say MUST BE THERE that it may be called whiskey. Any so called whiskey that doesn't contain them, whether bottled in bond or not, is alcohol-not whiskey. CYRUS NOBLE is pure. It is old. It is whiskey—and nothing but whiskey. Now sold direct to you by the biggest and best known legitimate wholesalers in the Northwest. W. J. VAN SCHUYVER & CO. Established 1864. 105-107 Second Street, Portland, Oregon.

HER LIFE IN DANGER. If You Have Catarrh or Weak Lungs Read This Carefully. "Some years ago I was taken with a bad attack of bronchitis. I was affected with a bronchial cough and cold. The cough was very bad at night and I would wake up choking and gasping for breath and there seemed to be a terrible stoppage in my throat and tubes. My throat was tender and irritable and had an aching sensation which was especially bad at times. I doctored and used several different remedies but never received any permanent relief that kept the malady from coming on until I used Hyomel. This remedy which to me is certainly infallible, cured me and to it I ascribe the cause of my being alive. Hyomel certainly saved my life and I accord it the credit it deserves. There is nothing too strong for me to say of Hyomel."—Mrs. Ada Hopkins, Cutter Ave., Coldwater, Mich. Hyomel (pronounced High-emo) is a rubber in the lungs through a hard rubber inhaler and this soothing antiseptic air passes over the inflamed membrane soothing the inflammation, kills the microbes and cures catarrh. Complete Hyomel outfit \$1.00, including inhaler, extra bottles 50 cents at Huntley Bros. Co., who guarantee it.
