AURORA.

Mr. Prepsel, of Portland, was in Aurora Saturday on a visit to his aunt. Mr. Prepsel has just returned from an extended trip to the "old sod". H. L. Bents and family took a flying trip to Salem Sunday in their auto, paying a short visit to Mr. Houston, the railroad man, and wife. Mr. Bents says he is surprised at the pace Salem business buildings and fine residences are under construction. Col. E. Hofer, the enterprising editor of the Capital Journal, is building a fine residence and the steel frame work of the new National Bank building is nearly all in place.

He has proved himself to be a keen but safe business man and the trust fully reposed in him by his friends and business associates is such that any man might consider himself fortunate to be thus honored. He is also up-to-date in all respects and loses sight of nothing that will further the interest of the institution he serves. Mr. Bents recently purchased an automobile in which himself and family make frequent excursions through the county and to the nearby towns.

Sam Miller certainly is a lucky man. Folks laughed at Sam when he got the land fever which took him to Montana on what they called a "wild goose chase," but Samuel, the knowing one, said he would take a chance and the result was that now days he is receiving congratulations for being the winner of number 2196 of the Flathead Indian reservation land drawing. It is necessary now if he gets the land, make the place his home at least 14 months, at the end of which time he may purchase the land from the government. Mr. Miller will inspect the property next April or May, at which time the surveys will be completed, and if O. K. he will either lease his business here in the hands of some responsible parties or sell. The Aurora people will probably have a kick coming if the latter proves to be the case because Mr. Miller has always had the reputation of conducting a first-class hostelry and if he leaves, the town will lose an enterprising citizen.

CROWDS GOING TO CIRCUS.

Many Clackamas Citizen Will See Ringling Show at Portland.

Agreat many Oregon City and Clackamas County people are going to Portland on Tuesday and Wednesday next to the Ringling Bros' Circus. It will be the only opportunity this year and the railroads are preparing to handle thousands of visitors from the surrounding territory.

Ringling Brothers have made many important improvements since they last appeared in this part of the country. At Madison Square Garden, New York, where the season began, the performances were attended nightly by the biggest crowds that ever saw a circus in Manhattan, and the newspapers were not backward about saying that the Ringling Brothers were presenting, in every respect, the best entertainment of the kind ever given there. The performances in Portland will be identical with those given in the Garden, not the slightest change having been made in the long programs.

The circus offered this year is one of wonderful novelty. Instead of the usual single thriller presented by other circuses, the Ringling Brothers are heaving their bill with no less than seven of the greatest and most sensational acts that have ever been presented anywhere on earth.

The parade will be given in the forenoon. It will surpass the brilliant pageants which the Ringling Brothers have given in past years, having been entirely rebuilt in the foreign workshops of the show at Liverpool, England.

Base Ball Taxed.

The city of Grants Pass recently imposed a tax on the local base ball games. "Professionalism" is the excuse given and other cities in the valley are expected to soon fall into line.

BRANSON REVIVAL AT LENTS.

Capt. C. O. Branson and wife are holding a tent revival meeting in Lents and are in the midst of a great demonstration. Many are being converted and scores are stirred on account of their sins. The good work will go on for over another Sunday.
