

Why Don't YOU Get This Phonograph On FREE TRIAL?

We are now making the most liberal phonograph offer ever known! We are giving every family in Oregon the opportunity of hearing the the genuine Edison Phonograph right in their own homes without a cent of cost to them.

So far you have missed this. Why? Possibly you don't quite understand our offer yet. Listen-

OUR OFFER: We will send you this Genuine Edison Standard Outfit (the newest modfor an absolutely free trial. We don't ask any money down or in advance. There are no C. O. D. ship ments, no leases or mortgages on the outfil; no papers of any sort to sign. Absolutely nothing but a plain out-and-out offer to ship you this Phonograph together with a dozen records of your own selection on a free trial so that you can bear it and play it in your own home. We can't make this offer any plainer, any clearer, any better than it is. There is no catch about it anywhere. If you will stop and think just a moment, you will realize that the high standing of this concern would absolutely prohibit anything except a straightforward offer.

Why We Want to Lend You This Phonograph Our Easy Payment Plan: We have decided on We know that there are thousands and thousands

of people who have never heard the genuine Edison Phonograph. We can't tell you one-twentieth of the wonders of the Edison, nothing we can say or write will make you actually hear the grand full beauty of its tones. No words can begin to describe the tender, delicate sweetness with which the genuine new style Edison reproduces the soft, pleading notes of the flute, or the thunderous, crashing harmony of a full briss band selection. The only way to make you actually realize these things for yourself is to loan you a Genuine Edison Phonograph free and let you try it.

You Don't Have to Buy It: All we ask you to do is to luvite as many as possible of your friends to hear this wonderful new style Edison. You will want to do that anyway, because you will be giving them genuine pleasure. We feel absolutely certain that there will be at least one and probably more who will want an Edison of their own. If they don't, if not a single one of them orders a Phonograph, we won't blame you in the slightest. We shall feel that you have done your part when you have given these free concerts. You won't be asked to act as our agent, or even assist in the sale of a single instrument

If You Want to Keep It that is, if you wish to make the Phonograph your own, you may do so, but it is not compulsory. We are asking you merely to send for a free dem-

an easy payment plan that gives you absolute use of the Phonograph while paying for it. \$2.00 a month pays for an untilt. The payments are so very small and the terms so liberal that you never notice the payments.
