SOCIETY

Meriment made the A. O. U. W. hall ring Friday night, when 200 hundred people saw a reproduction of an old fashioned school. County Superintendent T. J. Gary was the stern pedagogue and among the pupils were C. Schuebel, O. D. Eby, Miss Ellen Brooks, Mrs. George C. Brownell, Mrs. Ed Story, Mr. Duane C. Ely, Mr. and Mrs. Fred W. Greenman. Many of the students were dressed in ludicrous styles and there were recitations, readings, songs and an old-fashioned spelling match. While Mr. Eby was on a pilgrimage to the platform to say his little speech, he was tripped by Mr. Schuebel and fell headlong. For this breach of discipline Mr. Schuebel was soundly thronged by the school master. Spill balls were thrown at random and Mr. Gary had great difficulty in maintaining order. The whole affair was under the auspices of the Ladies Aid Society of the First Presbyterian Church, and was a wide and pleasing departure from the ordinary stereotyped church sociable. Refreshments were served.
Mr. and Mrs. Fromong, who were recently married in this city, were taken completely by surprise at their home at Willamette on Friday evening by a number of their friends calling to extend their congratulations. Many handsome gifts were presented to the newly married couple. The evening was devoted to music and games, and a most enjoyable time was had. Refreshments were served.
Present were Mr. and Mrs. George Doty, Mr. and Mrs. P. Christensen, Mr. and Mrs. W. Johnson, Mr. and Mrs. August Rakei, Mr. and Mrs. Joseph Davenport, Mrs. J. Martin, Mrs. H. McLarty, Mrs. C. H. Barber, Mrs. Annie Johnson, Mrs. Forschner, Miss Lillian Trembath, Miss Nellie Lindquist, Messrs. Clyde Highes, August Christensen, Harry Bressler.

APPEAL IN WHITLOCK CASE.

Judge Campbell Takes Demurrers Under Adjudgment.
Judge Campbell heard the argument in the Circuit Court Friday on two demurrers involving the settlement of the estate of the late Mrs. Honor Marks Whitlock. The whole case hinges on the right to sell real property, to which the Bank of Oregon City has title, to satisfy two bequests of the will of Mrs. Whitlock. Judge Campbell took the matter under advisement, and will render a decision later. (Ren & Schuebel appear for William Whitlock, the executor of the estate, and two New York religious societies, and the Bank of Oregon City are represented by State Senator Hodges. There are two distinct actions, both of which have the same end in view. One of these is an appeal from the County Court, which ruled that the real property could not be sold to satisfy the bequests and the other is a new one, instituted by the religious societies. About \$250 is involved, to which is added interest for about 13 years.

PILING IN LEGAL TANGLE.

Two Suits Tie up 32,598 Feet in River at Wilsonville.
The disposition of 32,598 linear feet of piling in the Willamette river at Wilsonville, is awaiting the outcome of a legal tangle and may be settled out of court. Last May J. A. Sellwood, a resident of Salem, made a contract with W. F. Lewis, whereby the latter was to be given the privilege of cutting standing fir piling on the property of Sellwood in Yamhill County. Lewis was to pay Sellwood 14 cents per linear foot, the value of the piling cut by Lewis is estimated at \$491.37 and George Emmerson, of Newberg, filed a mechanics lien on the piling, and brought suit to foreclose the lien. It is alleged that Lewis made a pretended sale of the piling to W. E. Purdy, of Portland, and Purdy has been restrained from interfering in the disposition of the case. Following this action Sellwood has filed a suit against Lewis to recover the amount due for the piling and Sheriff Beatie levied an attachment on the logs. Attorney O. D. Eby appears for Sellwood and Emmerson.

RISLEY IN NUT CULTURE.

Satisfactory Yield Can be Produced in Clackamas.
John S. Risley, one of the most enthusiastic fruit-growers of Clackamas County, is going into the nut culture business on a large scale. Mr. Risley had on exhibit samples of butter nuts that are now being raised on his farm at Oak Grove. Last year about 20 bushels were gathered, but this year the crop is light, and only 10 bushels will be the crop. It has been found that nut trees in this county, if properly cared for, will produce good crops of excellent quality. Ralston Moore, a lad of Oak Grove, is raising peanuts, and is meeting with success, having some of the plants on exhibition at the county fair, one of these plants bearing 15 nuts. C. W. Swallow, who is well posted on nut culture, had several varieties of walnuts at the fair that were awarded first premium. Mr. Risley's butternuts were among the Oak Grove exhibits, and attracted attention.

Little Earl Anderson snuffed a coffee bean up his nose yesterday, causing a lot of trouble for himself and family. Folger's Golden Gate Coffee is enjoyed more when used as a beverage.

OREGON CITY JEWELERS SUSPENSION BRIDGE CORNER

HOP PRICES SOARING.
Prevailing Quotation For Oregon Crop is 25 Cents.
Hop growers are having their in-lings, with the prevailing quotation for the Oregon crop at 25 cents per pound. The average price last year was 7 cents, in 1909 7 cents and in 1906 12 cents. The last high priced year was 1904, when the Oregon crop went to 45 cents and away back in 1882 there were sales as high as \$1.25 per pound. In some respects, the market this year resembles that of 1882.
Light crops all over the world are responsible for the prevailing high prices. The Oregon crop is the lightest since 1896. The estimate of 70,000 bales for the year's yield in this state is considered about right, with Washington's crop 15,000 bales, compared with 17,000 bales last year, and California has about 60,000 bales this year compared to 68,000 bales last season.
It is expected this year will mark the first series of high priced crops. This year, the next possibly one or two more, will mean large profits to growers. After that, because of high prices having stimulated production, more hops will be grown than are needed and the price will drop again.
