The parlors of the Seely residence were beautifully decorated in white chrysanthemums and maiden hair ferns, with a back ground of gorgeous autumn leaves while the wedding veil artistically suspended over head, where the imposing ceremony was performed. A PLEASANT WAY TO CURE CATARRH.

Poor deluded victims! Continually sprinkling and spraying and stomach dosing. What are you doing it for? Trying to kill the catarrh germs? Might just as well try to kill a cat with fresh milk!

Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs. You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomei, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs. Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by Huntley Bros. Co. to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including inhaler, costs \$1.00. Extra bottles, 50c. Cures sore throat, coughs and colds.

"I take especial pride in recommending Hyomei to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomei had any recurrence of asthma."—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909, Oct. 8-22

STAFFORD.

We have been enjoying delightful October weather, warm and hazy with just enough of a chill in the air to give one a feeling of life and liberty not felt in any other month.

Grapes in this vicinity are nearly all gathered. Hops are nearly all out of the growers' hands at prices ranging from 22c to 26c, leaving a good living margin after all expenses are paid.

Potatoes are turning out fairly well and all farm products bring a good price. The Moser brothers are running their chop mill again on Saturdays.

Mr. Aerni has been digging a well. The men thought they heard water running within a few inches last week, but have not struck it yet. It might possibly have been to one side.

Louis Schroeder, who was born and brought up near Stafford, and was associated for a number of years with the Sharp Bros. in the threshing business, died in Portland on Sunday, and was brought to Stafford for burial on Tuesday. Although it rained, a large concourse met at the cemetery to pay the last tribute of respect to a departed friend and neighbor.

Mrs. Powell went to Oregon City Tuesday. Zack Ellegren had a house full of company Sunday.

Mr. and Mrs. Millem are camping on her part of the old Hayes place, trimming the orchard. When they were out, Fred Baker's hogs helped themselves to all the entables they could reach, necessitating a fresh supply.

Adolph Delkar is having a well dug near his fine, new house. They have been having the measles at Charlie Tiedeman's. Miss Grace is very ill with them.

Mrs. Mays and family are preparing to move to the Will Borland place owned by Mr. Kellar.

Mr. and Mrs. Gage have returned from their trip to the coast, and Miss Bee Gage, their granddaughter, is with them.

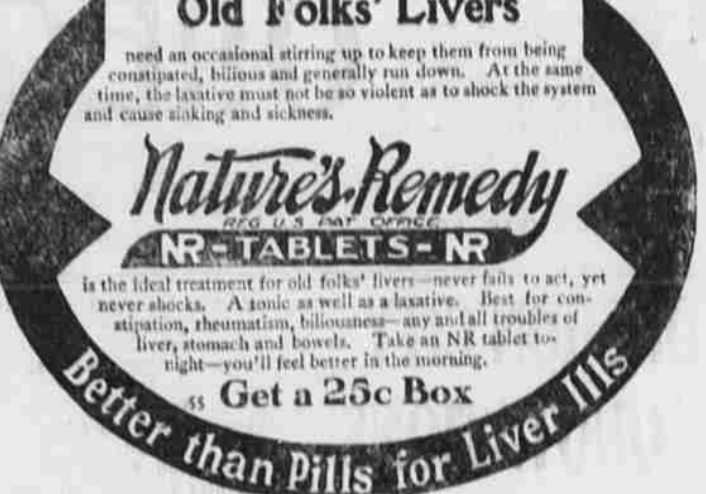

Ed bought a couple of cans of paint and ten pounds of beef for his father last Friday, when he went to Oregon City. Coming home he took in the party at Mr. Thomas' and when he started home his purchases had disappeared. Although there is no positive proof as yet, it is thought the party who is being watched closely, will make a mistake and give himself away.

A house full of company assembled at Mr. Schatz' on Sunday, and to their great surprise in walked Jake, who was last heard from in Denver about sick with a cold which grew worse, and he realized Wolf and home was the best place for him. He is better at the present writing, proving the wisdom of his course.

Mrs. Fredericks is very sick. Dr. Mount in attendance. She had but lately returned from the Fair.
