HOLIDAYS HOLIDAYS

Christmas is some way off. At this time we call attention to the fact that holiday goods sell at high prices because the buying period for such merchandise is so short. Usually the dealer counts on disposing of his holiday stock in a week or ten days. He expects to have a considerable part of his stock to carry over to the next season—for a year in the way—and constantly depreciating in value. No wonder that he feels he must have a handsome profit on the holiday merchandise he sells.

For the coming season we are going to pursue a different plan. We are now getting in an immense holiday stock. Some of it has already arrived. Within ten days it will all be in our store. We expect to make the season of holiday buying in our store cover a long period of time. This will enable us to mark holiday goods at the prices of our regular merchandise. We will not have to ask excessive profits.

In order to start the holiday business going right away we offer this extraordinary inducement. For purchases in this line amounting to \$5.00 made during the present month we will give in addition any article or articles of holiday merchandise of the value of \$1.00. That is, you buy \$5.00 worth of holiday goods and get \$1.00 worth free. No matter how much or how little you buy, if the purchase is made in November, you will receive free merchandise in the above proportion. Thus, if it is \$2.50 you spend, your free merchandise will amount to 50 cents. If it is \$10.00, you will get in addition \$2.00 in holiday goods.

To take advantage of this offer you only have to select your goods during the present month, make a small deposit on them, and we will set them aside to be called for at your pleasure.

By commencing the holiday season early we can make you attractive prices and you will get an extra present free for every one you buy. This plan makes possible the greatest value ever offered for your holiday expenditures.

EXCELLENT WORK ON ROAD.

Sandy Highway Improved by Supervisor Charles Krebs.

C. Olsen and Charles Krebs, prominent residents of the Sandy county, were in Oregon City on business last week. Mr. Krebs, who is supervisor of the road district at Sandy, was in to have an interview with the county court in regard to assisting in the laying of planks on the Duncan-Cross road. Some excellent work has been done on this road, on some places a 20-foot cut had to be made. The road will be great benefit to the residents in that part of the county when completed. Mr. Krebs is serving his second year as supervisor in his district, and is giving satisfaction to the public. Mr. Olsen, who has recently installed a saw mill near where the road is being repaired, and which will start up within a few days, has donated the planks for the road. He has been in the sawmill business in Clackamas County for the past three years. Where the sawmill is now located there is a fine belt of timber.

SANDY.

Sandy people were suddenly disturbed from their peaceful slumbers by a bright light and racket of bursting ammunition Thursday at 1 A. M., and discovered J. B. Tawney's store was a mass of flame. Alf Bell who lives next door, first discovered the fire as it burst out of the roof. He spread the alarm and soon the whole town was on the scene, and by heroic work Alf Bell's house was saved. Tawney's store and contents is a total loss of about \$7000, partly covered by insurance.

H. E. Kloek while riding a horse and leading another, was at the same time peeling an apple with his pocket knife when his riding horse stumbled and in trying to hold his balance swung his arm in such a manner as to bring the blade into his breast just below the heart, making a serious wound, severing an artery and would have bled to death had it not been for F. Leiman, who happened along with his wagon and took him to the Sandy drug store, where Dr. Davis attended the wounded man, who under his care is expected to soon recover. J. H. Weser received word from

Portland that his daughter Frances, is seriously ill with typhoid fever. He went to visit her at the hospital.

The heavy rains of the last week raised all streams beyond their banks; the dam of the Mt. Hood Railway Co. under construction, washed out; also the dam and racks at Salmon River lately went out. F. E. McGugin, road boss, has a crew of men opening the old grade up Cedar Creek hill in order to save the new grade which in places is washed out by heavy rains and heavy travel.

Mr. Crow, Sandy's new landlord, is doing a rushing business.

Clarence Casady has purchased a half interest in Allison Blacksmith shop and both are busy striking while the irons are hot.

F. Langensend sold part of his farm to Portland parties.

BORING.

Fire Thursday night destroyed the general store and warehouse of Jacob Tawney at Sandy. Mr. Tawney had a large stock of general merchandise, as well as a building containing bullocks, wagons and farm implements, all of which were consumed. The stock was insured for only \$6000, which does not nearly cover the loss. Prompt work by a bucket brigade saved the Bell house, next door. It is supposed that the building caught fire accidentally.

Born, to Mrs. Gus Brehm, a 12-pound boy.

George Marton, of Boring, accompanied by his wife, during the latter part of August went to Salem to pick up his wife who was taken sick, and, through the financial assistance of her father, Henry McGinnis, of Boring, was taken to a hospital in Salem, Martin did nothing whatever towards looking after her, but kept constantly drunk. He had often, while intoxicated, said that he had killed a man in Kansas and that there was a reward of \$500 for his capture. No one believed it or paid attention to his talk. While drinking in a saloon in Salem, he repeated his story so often that the bartender went to the sheriff.

Martin was arrested and again said that he had killed a soldier guard in Leavenworth, Kan., while he was a military prisoner and made his escape to the Coast. He enlisted in the Army under an assumed name, and for the second time deserted, came to Boring and married Miss McGinnis. The bartender and the Sheriff took Martin to Vancouver, where a reward of \$50 was paid them for his capture, and he is being held there as a Government prisoner while his story as to the murder in the East is being investigated. Mr. McGinnis has just returned from Salem, and says that he has no doubt that Martin is the man wanted in the East for murder.
