**NEWS OF THE COUNTY**

**STONE.**

Grant Mumpower and son started digging potatoes Tuesday, finding but a very few damaged by the frost.

Corn planted in July is already forming ears.

The sick people in this neighborhood are slowly improving and will no doubt be around again soon.

A peculiar incident happened the other day, when Grant Mumpower, while on the way to Portland with his team, saw one of the horses drop apparently dead for some time, but again resumed its feet seemingly none the worse. It looked like a case of heart trouble, although it is supposed the animal in some way was shocked by an electric current. This same team during the week took fright suddenly and ran away, nearly colliding with a moving electric car.

The Clear Creek Creamery Company is doing quite a bit of improvement, beside asking for bids for firm-

wood, to be used during the coming season.

**CLARKES.**

W. H. Wettlaufer took C. Harrington to Oregon City last week. Mr. Harrington had his leg injured in September and it seemed to get worse again. He was taken to the doctor. Alex Scherrubbe went to town last week Thursday.

Mr. Nelson, from Elwood, was in Clarkes last week hunting for his cows.

W. G. Kleinsmith is plastering his new house.

Mr. Valien, of Ellwood, went to town last week Saturday.

Mr. Haag is ill. He has the rheumatism.

Mr. Bottemiller was in town last week on business.

Rat Sullivan came home from his term of jury last week.

Edith Stout is slowly improving from her sickness.

Mr. Wertz and Mr. Sharpe, of Highland, were in Clarkes last Saturday. The German M. E. Church is going to prepare for a Christmas tree. Mr. Fisher's new house burned down last week.

Dave Scherrubbe was out Sunday to visit his brother, Alex.

Mr. Madison sold his farm to Mr. Washburn, and intends to move as soon as he can.

On Saturday we had a fair day and on Sunday it started to rain and Sunday night we had a storm and heavy rain and it raised the Randall creek so high it run over the road on one side of the bridge. On the Westlauer road it washed around the bridge so no one could pass through unless they could swim.

**STAFFORD**

The second of this month over two inches of rain fell in 24 hours, and again on the 22d the rain gauge at Mr. Gage's recorded over two inches, so one realizes we are getting all that is coming to us. Still we are not suffering loss as in lower localities where it is reported that carrots, beets, potatoes, etc., are under water, and if the rains continue there will be considerable loss. Fred Baker has moved from his pretty green cottage, into the house on the Hayes' place.

Mr. Nimic is still waiting for \$50 to be offered for his hops, and Mr. Poinperne, we hear, held his for \$30, but has not realized that sum yet.

Mr. Weddie, we are sorry to hear, is on the sick list, but hope it will not prove to be the form of grippie which has been going around for the last few months.

Mr. and Mrs. Homer Kruse, and Mr. and Mrs. Stone, are going to celebrate their joint wedding anniversaries next Sunday, by a turkey dinner at Mr. Stine's. The ladies are sisters.

Farmers begin to kill and market their hogs as they bring a fair price at present.

Hens have put on their shaly winter coats and red combs, and a few begin to lay, but still \$100 eggs are scarce.

The fence around the Baptist cemetery is beginning to lie down to rest. It has stood a long while and the posts are rotting off.

What we are left almost without telephone service? We have paid our money, and for the past year, I think if the time was counted, we have been unable to gossip with our neighbors, or call the doctor, for at least three months. Surely we have been patient.

Mr. Gage was seen driving on our streets with a buggy load of un-dressed pumpkin pies, and we anticipated that Thanksgiving was near.

Big reduction in Millinery. Miss Goldsmith.

**GREENWOOD.**

During the late storm some of the telephone wires were blown down.

Miss Eda Allen is visiting relatives in Portland at present.

William Cassidy made a trip to Portland Friday and brought home a new steam engine for his saw mill.

One the evening of December 3rd there will be a basket social at the Greenwood school house. All who are interested are invited to be present.

W. P. Jacks has bought Mr. Cassidy's gasoline engine and will saw cord wood this winter.

**MOUNTAIN ROAD.**

Fred Zimmerman was a Portland visitor Sunday.

Fred Baker and Ernest Young, of Willamette, spent Sunday here with Mr. Baker's sister.

Mr. Peterson took a load of chickens to market Thursday.

Paul and Rudolph Schroeder went to Wilsonville one day this week.

Carl and Ora Elsiele were in Oregon City on business Friday.

August Koellmerer, Jr., held the lucky number that drew the lady's shawl that was raffled off at Wilsonville this week. Now August, all you need is a nice little wife to wear it, so get a move on.

Theodore Lohkamp, of Portland, is visiting at the Elsiele farm for a few days.

The Misses Mahle and Anna Hodge did some shopping in Oregon City on Tuesday.

Mr. Magnusen and family have moved to Canby, where they will reside this winter. We are all sorry to lose our good neighbors, but wish them good luck in their new home.

Isn't the rain nice and refreshing after the long dry spell we just had?

Charles Baker, who has just lately returned from Monmouth, spent Saturday here with relatives, and will leave Monday for Southern Oregon to spend a few months with his uncle, Dave Baker.

Noley Allen spent Saturday and Sunday here with his sister, Mrs. J. H. Elsie.

Several from here attended the shooting match at Charles Thompson's place last Saturday.

**Smashes All Records.**

**BEAVER CREEK.**

The good citizens of Beaver Creek will be obliged to build an ark if the rain does not cease.

We are all glad to see George Hollman out after his long illness.

Several of the popular young men of this city took in the literary society of Carus Friday night.

The party given at the Gregory home Saturday evening was a great success, everyone reporting a most enjoyable time.

**OSWEGO.**

Sunday, November 14, at 3 o'clock at the St. Alphonsus Hospital in Boise, Idaho, after an illness of two weeks, death came to A. F. Plankner, head of the jewelry firm of Plankner & Co. A tumor on the brain caused his death. He was born in Germany, December 4, 1877. He came to the United States from Schleswig-Holstein about 17 years ago. Mr. Plankner was a member of the Knights of Columbus and Woodmen of the World. On November 15, 1906, he was married to Eleanor Lemery, in Portland. He is survived by a widow, his father, F. F. Plankner, of Portland; two brothers, Henry H. of Denver, and John, of Hanover, Germany; and a sister, Mrs. B. Powers, of Portland.

At 9 o'clock, Tuesday morning, the funeral was held at the family residence. Requiem mass was celebrated by Father Keyser at 9:30 o'clock at St. John's cathedral. After mass the body was brought to Oswego. Interment was in the Oswego Catholic cemetery Thursday morning.

The O. I. & S. Co.'s pipe foundry has resumed operations after an extended shut down.

Mrs. Hannah Oaks, of Ironton, Ohio, is visiting her brother, I. Austin. She expects to spend the Winter here.

Charles Austin and Ed Hawk have returned home from the logging camp and gone to work at the pipe foundry.

**MOLALLA.**

Not much damage was done in this locality by the recent freeze. It was not nearly so cold as it was the November of 1896, when everything in the vegetable line was frozen. For a similar November for floods we will have to refer back to the November of 1893, but from the way this month is acting up it may surpass all previous records yet.

Two horses have died at the Watz farm. Well, no one could afford to lose them better, as he had just sold the ranch for \$19,700.

W. A. Shaver has lost 23 head of horses since he moved to Molalla Prairie about an average of two horses and a colt per year, enough to buy quite a good farm 25 years ago. Those fortunate enough to have secured a teasel trimmer, job now can say, "Let it rain, my work is in the dry for the winter."

Since the warm rains have begun the grass has taken a good appearance.

Last Saturday a farmer climbed to the top of the mountain to see how much plowing had been done and came down shaking his head, saying, "Water, water, water."

Robbins Bros. bought 600 turkeys for the Thanksgiving trade, against 700 last year.

Members of Molalla Grange No. 310 take the 26th of Saturday of November is the regular meeting day for the month, ask yourselves about the attendance.

Mrs. Sarah E. Parker, of Cottage Grove, is visiting with her sisters, Mrs. Thomas and Lett. She will remain for several weeks.

Miss Carrie Ridings, a former teacher of Molalla schools, will be married at Marquam Thanksgiving.

Miss Etta Daugherty caught the (king) fisher of the mountains, and

John W. Thomas, Dentist. Molalla Mondays.

WHAT IS HYOMEL?

You Have Heard About the Catarrh Cure Huntley Bros. Co. Guarantees.

Hyomel is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back.

It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with the active principles of eucalyptus as a base Hyomel is made more efficient, pleasant and quick acting by the addition of Thymol, an antiseptic and disinfectant largely employed in the Listerian System. Guaiacol and other important medicinal agents are also included in the Hyomel formula, which, without doubt, is the greatest destroyer of catarrh germs the world has ever known.

Hyomel is a powerful, penetrating antiseptic that is pleasant to use. It does not contain a particle of cocaine, opium or any habit-forming or injurious drug.

No dosing the stomach when you use Hyomel. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Oregon City by Huntley Bros. Co. \$1.00 for complete outfit.
