BETTER SERVICE TO BE GIVEN

BEING THE CANEMAH OREGON HISTORICAL SOCIETY

COMPLAINT OF SUBURBAN RESIDENTS IS HEARD BY STATE RAILROAD COMMISSION.

It is expected that the State Railroad Commission will make an order directing that the cars of the Portland Railway, Light & Power Company be brought into Canemah during certain hours of the day to accommodate the working people. This is thought to be the probable outcome of the investigation made by the Commission. The inquiry conducted here this week by the State Railway Commission was concluded Tuesday at the Couch Building, Portland, where the running orders of the company, relative to the Canemah end of the line were examined. Many witnesses were called and examined carefully among whom were General Superintendent Francis J. O'Connell, Traffic Manager Hunt of the P. R. L. & P. Co. The complaint was filed by R. C. Gansong and others, of Canemah, who claimed and brought evidence to show that the company had been slighting that part of town by giving a wholly inadequate and irregular service. The reason for this as set forth by the company was that the railroad crossing was too dangerous to negotiate after night fall. One conductor, when on the stand, admitted that he had not been running to the end of the line even when his orders were to do so.

Sheriff Beattie's Hotel Empty.

The county jail is empty. For the first time in many months Sheriff Beattie's hotel is unoccupied, the last prisoner, Jacob Brueger, being released Thursday of last week. Brueger was arrested near Garfield, upon a charge of maliciously destroying grape vines belonging to William Reiman, and he was bound over to the Circuit Court at Justice of the Peace Edwin Bates, in default of \$200 bail. John Henshaw and George W. Lockery assumed responsibility for the appearance of Brueger to the amount of his bond and Brueger was released.

Assessor Jack Cuts Expenses.

Forty-eight dollars is the actual cost of manufacturing the index to the 1909 tax roll. The work has just been completed in the office of County Assessor Jack, and the index is now being bound. Assessor Jack is making a good record for economy in the administration of his office. One clerk at \$2 a day worked just 24 days in preparing the index. The cost of the index last year was \$175, according to figures furnished by Deputy Assessor Johnson.

Peter Nissen Asks FOR HEAVY DAMAGES

CHARGES PETER JULIUS HANSEN WITH DEAFENING HIS NAME AND REPUTATION.

Peter Nissen has filed a suit in the Circuit Court against Peter Julius Hansen for \$5000 damages for defamation of character. The complaint was filed with the papers in the case at his home in the Southern part of the county. He is charged to have stated while in conversation with Mrs. Nissen, the wife of the complainant, "You folks better leave the Gales alone. Mr. Nissen lived with his sweetheart in Iowa and they had a child and it died. This will be proved against him." Nissen states in his complaint that this statement was made by Hansen in Marion County on October 25 last. He charges that his good name and reputation have been damaged by Hansen's statements.

Edward J. Hepp Sues For Divorce.

Edward J. Hepp, through his attorney, W. E. Thresher, of Milwaukie, has filed a suit for divorce against Amanda Hepp, to whom he was married at Spokane, Wash., September 3, 1907. He says she deserted him on November 1, of the same year, and then returned in May, 1908. Later they moved to Rossland, B. C., and she again deserted him.

Mollala Woman Obtains Divorce.

Mrs. Mary E. Thomas secured a divorce Friday in the Multnomah County Circuit Court from Charles H. B. Thomas, of Mollala, Clackamas County. They were married January 22, 1890, at Mollala. Mrs. Thomas is a sister of W. A. Shaver, the well known Mollala cattleman.

WANT RULING FROM EAKIN

ELEVENTH STREET PROPERTY OWNERS ASK COURT FOR A DECISION.

The Oregon City Street Improvement Club will endeavor to obtain from Circuit Judge J. A. Eakin a ruling on the injunction suit instituted by Captain J. T. Apperson to prevent the improvement of Eleventh street in front of his property. Judge Eakin has had the matter under advisement for several months. The members of the club are anxious to see the whole street improved, but naturally the council will not act as long as the matter is held up in the courts. It is known that a great deal of building is being held up, pending the improvement of Eleventh street. Dan Lyons is planning the construction of eight cottages. Miss Fannie Porter will build three houses, S. P. Scripture two dwellings, and F. C. Burke one. Other improvements are in contemplation.

PROGRESS IS RETARDED

Street Improvement Club Will Ask Commercial Organization to Assist in Campaign for Low Fares.

The improvement club at its meeting on Saturday night took up the question between Portland and Oregon City and will ask the Commercial Club to co-operate in attempting to secure a 10 cent fare to Portland. The present rate is 25 cents. One of the club members said: "If the Portland Railway, Light & Power Company cannot grant Oregon City a 10 cent fare, then we plan to work for the annexation of Oregon City to Portland, which will compel the company to give us a 5 cent fare. Los Angeles has extended its limits 24 miles, and if Portland will reach out 15 miles she will have the most romantic spot in the west. The fare question will be settled without further ado. The tax levy in Portland is 4 1/2 mills, while we have 8 mills here."

MOLALLA.

We have the other kind of weather now; how do you like it? Merry for Xmas! N. Everhart is building a barber shop on his barber, Mr. Wood, on his lot next to the Hotel de Perry. Since the cold, east wind has started to blow, some farmers are just beginning to congratulate themselves that they have no grain to freeze out. Brother "Meadowbrook" has misquoted us again; he has been drinking more of that "warm air" they best their ship with.

MOUNTAIN ROAD.

The sun is shining again and is welcome to us all after having so much rain and snow. The farmers are taking advantage of it as plowing and potato digging is the order of the day. Miss Polly Koellmeier was visiting her sister-in-law, Mrs. L. Koellmeier, on Sunday. Mrs. Elsie and daughter, Minnie, spent Wednesday afternoon with Mrs. Hodge. A surprise party was given on Miss Pearl Leavitt on Tuesday evening at her home in Deadman's valley. A large crowd of young folks attended and all reported having spent a most enjoyable evening in playing games. Mrs. J. H. Elsie went to Portland Thursday to spend a few days with friends and relatives. Many boys from town are seen in the neighborhood gathering mistletoe at the oak trees in Mr. Christiansen's place here well every year. But if they continue to saw off large limbs as they are doing now, we are afraid that mistletoe will not be so plentiful in years to come. R. Wilson, H. Allen and R. McConeck were visiting J. H. Elsie on Sunday. Miss Mary Bernert, who has been spending a few days with her friend, Miss Emma Volpp, of Willamette, has returned home. There was a sheriff sale at Peterson's on the old Gross place Saturday. Some things went at a reasonable price, while others went very cheap. Mrs. Belle Koellmeier went to Wilsonville Monday to purchase gifts for Christmas. Mrs. Fredericks was an Oregon City visitor Saturday. We are all very sorry to hear that Miss Gladys Baker, who used to live in this neighborhood, is very ill at her home in Willamette with typhoid fever. There are many other cases of the same disease in Willamette. Mrs. Minnie La Flemme, who has been on a short vacation, has returned to Portland. A young man of this place has been purchasing furniture, and we wonder if his intentions are serious. Fred Baker was visiting his sister, Mrs. L. Koellmeier, on Sunday. Mr. Wagner, who rented the Axtell place, has been purchasing some pig-

TYPHOID FEVER IN MANY HOMES

SERIOUS EPIDEMIC PREVAILS AT LITTLE TOWN ON WEST SIDE.

A sweeping epidemic of typhoid fever has struck the town of Willamette three miles south of Oregon City on the west side of the Willamette River. Every physician in Oregon City has from one to five cases under his care and about 35 cases have been reported. None of them has resulted fatally, though the condition of a few of the patients is very grave. In other instances the fever has not fully developed. The cause of the fever is probably due to the fact that during the recent high water the river arose so high that water ran from the Willamette into the Spring that provides a water supply for the people of Willamette. This caused the Spring to become contaminated. While the water is still being used, the people of Willamette are careful to boil it, and in the public school water from the spring is not given to the pupils. Miss Alice Stone, a trained nurse, is seriously ill with typhoid fever at her home in Canemah. She contracted the fever while attending Henry Berline, of Willamette, who was stricken with the fever. CITY FREE FROM TYPHOID.

Oregon City's Filtration Plant Produces Pure Water.

W. H. Howell, superintendent of the Oregon City Water Works, went to Portland Saturday, having been called there to start the new filtering plant in the new Y. M. C. A. building and the Corbett building. Mr. Howell is well posted on this business, having been superintendent of the Oregon City Water Works for the past 25 years. Mr. Howell had charge of the installation of the water system in this city, several years ago, which was enlarged during last summer, the plant costing about \$40,000. While there are many typhoid fever cases in other cities, due to impure water, there are no cases in this city, which goes to show that the water system here is entirely satisfactory.

Leighton Family No Typhoid.

E. A. Leighton's wife and two children, of Willamette, who formerly resided here, are down with typhoid fever. We are having cold, frosty weather in Willamette, and the mills are putting in good time. Carl Brox & Rath have purchased a fine, large team to log with. Mr. Goldensohn's children and Bertha Yabs, who had the chicken pox are all well again. Mrs. E. A. Leighton and Mrs. Hoffman, a son, December 2. Joel Jari and Leo Rath are rushing things along trying to get their mill moved to the new site. Robert Miller, of George, was in Kelso this week, trying to buy a team. Henry Eri is rushing work on his new house and expects to move soon. Jack Fritz has taken Leo Rath's place to work in R. E. Jari's store. Two new families have moved into Kelso lately. School is closed for the holidays and Misses Pearl and Blanche Miller have gone to their home at Clarkes. Lewis Hauglum's new house is nearing completion. John Jousrud is the able carpenter.

High School Students Give Party.

The High School party given at Willamette last Friday night proved a most enjoyable affair. The party opened with a grand march, led by Miss Maud Mattley and Waldo Caulfield. This was followed by an address by City Superintendent Tooze, and an impromptu program by the following numbers: Recitation, Miss Maud Mattley; recitation, Miss Mae Smith; address by the newly appointed "Mayor" of the High School, Miss Hazel Tooze; vocal selection, Alex Bowen, Walter Moore, Walter Hart and Byron Moore; piano solo, Miss Alice Moore; vocal solo, Miss Louise Brace. The remainder of the evening was devoted to music and games. In a geographical contest, Mrs. F. J. Tooze was awarded the prize. Refreshments consisting of ice cream, cake and candies were served by the students. The committee in charge of arrangements was: Harry Hargrove, chairman; Miss Edna Kinney, Walter Hart, of the Seniors; Miss Mae Smith, and Miss Evelyn Harding, and Waldo Caulfield, of the Juniors; Byron Moore, Miss Florence White, Sophomores; Miss Louise Huntley, freshmen.

Work Progressing at Ogie.

Thomas Faircloth, John Faircloth, Charles Early and Abe Atwell returned from the Ogie mountain mines this week and report work going on in good order at that place. They have dug 600 feet on 1200 foot tunnel and have crossed several ledges of paying ore, ranging from four to eight feet in width, but the main ledge which they are digging is expected to be found at about 1200 feet. Reddicks Apper in Sketch. Mr. and Mrs. Guy Reddick, who have been studying dramatic art for the last year at the Western Academy in Portland, made their first appearance together last Saturday night in a sketch at the hall of the Academy. The sketch was a scene from Robert Emmet and was cleverly done. Many of the friends of Mr. and Mrs. Reddick went down to Portland to witness the sketch. Mr. Reddick had a part in Prince Chap at the Baker Theatre a few months ago.

DAVIS IS SUCCESSFUL.

S. P. Davis, Secretary of the publicity department of the Commercial Club, is now busy preparing the fourth edition of the Clackamas County Bulletin and attending to the increasing correspondence. Mr. Davis has been more than ordinarily successful in bringing settlers to this county during the brief time he has had in charge of the work. Many new homes have sprung up here, the owners of which have been brought here through the club's efforts. Measures will be taken in the near future to increase the fund for this branch of the service.

Estacada People Marry in Oregon City.

The marriage of Miss Alice Wilcox and Mr. H. H. Huxley, of Estacada, was solemnized Tuesday afternoon at the Baptist parsonage, Rev. S. A. Hayworth officiating. The ceremony was witnessed by Miss Edna Wilcox and Miss Grace Baxter.

MILWAUKEE WINS FIGHT

SECURES FIVE-CENT FARE WITH TRANSFERS INTO PORTLAND.

Supreme Court Rules Fare From Oak Grove to Portland is Reduced to Ten Cents—Refund for Patrons Who Hold Receipts.

In view of the action of the Supreme Court in giving Milwaukee and Oak Grove a lower fare into Portland, it is altogether probable that Oregon City will benefit. The fare to Milwaukee is 15 cents and the payment of five cents will carry 27 passengers on into Portland, a hardly likely that the company will attempt to compel the people of Oregon City to pay 20 cents to Milwaukee, and it is apparent that the Supreme Court decision will necessitate a general adjustment of rates all along the line.

PAPER MILL GIVES \$2,000 TO EMPLOYEES

WILLAMETTE PULP AND PAPER COMPANY MAKES CHRISTMAS GIFTS TO MEN.

The Willamette Pulp & Paper Company distributed \$2000 Wednesday as gifts to its employes who have worked in the mills since December last. Every man received a present of \$2.50 in addition to his regular pay, and the Christmas gift will affect about 700 employes. It was formerly the custom of the Willamette Pulp & Paper Company to give a Christmas turkey to every married man employed in the mills, but the single men did not profit by this custom. The company paid off its employes Wednesday afternoon, which is one day in advance of the regular semi-monthly pay day. This was done to enable the men to take care of their holiday purchases in plenty of time.

SILVERTON LOCAL CALLS HERE.

New Train is Accommodation to Southern Clackamas People.

The Southern Pacific Company has arranged the schedule of its Silverton local so that the trains stop at Oregon City running both ways. The North bound train, reaching Oregon City before 9 A. M., will accommodate hundreds of people in the Southern part of Clackamas County and in Northern Marion by stopping in Oregon City, where many farmers desire to transact business before going on to Portland. The South bound train leaves Portland at 6:30 P. M., also stops at Oregon City. The new order went into effect Wednesday of last week. When the new Silverton local was first put on several weeks ago, Oregon City was left off the schedule, but the company has concluded the place is too important to be overlooked.

VERA ORR ASKS FOR DAMAGES FOR INJURY

BRINGS SUIT AGAINST RAILWAY COMPANY FOR \$1500 IN CIRCUIT COURT.

Vera Orr has filed a suit against the Portland Railway, Light & Power Company for \$1500 damages alleged to have been sustained on December 1 last, while Mrs. Orr was getting off a car at Parkplace Station. She was riding from Oregon City to Parkplace and while she was leaving the car, the motorman turned on the controller, and she was thrown from the steps down an embankment. Mrs. Orr was employed in the Cascade Laundry at \$1.25 per day and she was to have received an advance to \$1.50 per day. She values her loss of time, pain and suffering at \$150. Her attorney is George C. Brownell.

Stone Breakwater at Basin.

A solid stone breakwater is under construction by the P. R. L. & P. Co. on its property in the South end of Oregon City where the river overflows the tracks when high. This work is expected to be completed in about 60 days and will prevent the water from interfering with the running of cars to Canemah at all times.

Several scores of students from the University of Oregon at Eugene, the Oregon Agricultural College at Corvallis, Pacific College at Newberg, Willamette University at Salem, McMinville College at McMinville, Albany College at Albany and the Oregon State Normal School at Monmouth arrived home Saturday for their holiday vacation and will remain here until after New Years.

RESTORATION PLANS READY

McLOUGHLIN ASSOCIATION HAS FILED ITS ARTICLES OF INCORPORATION.

Committee to Draft By-Laws—Membership Will Be State-Wide and Annual Fee is \$1.00.

Articles of incorporation of the McLaughlin Memorial Association were drawn up and agreed upon Tuesday night and will be filed this week. The articles contain the signatures of E. G. Canfield, George A. Harding, A. Hillebrand, Joseph E. Hedges, Charles H. Canfield, C. H. Dye, William Sheahan, E. E. Brodie, J. U. Campbell and W. E. Carl.

With the preservation of the historic home of Dr. McLaughlin assured, the officers and directors of the Association are now ready to proceed with their plans to restore the interior of the house, which stands in a slightly spot on the city park block at the end of the bluff overlooking the city. E. G. Canfield, C. H. Dye, and Rev. A. Hillebrand have been appointed a committee to draft by-laws that will be submitted at a meeting to be held between Christmas and New Years. It is proposed broadly to have a state-wide membership, with a fee of \$1 per year for the support and maintenance of the association. The articles of incorporation contain admirable patriotic sentiments, and follow: "Inasmuch as Oregon City is the most historic town in Oregon, and the original capital of the entire Pacific Northwest, to which tourists continually come to view its historic landmarks, as significant to us as Plymouth Rock and Jamestown to the Atlantic Coast, the undersigned, for the purpose of forming a body corporate, under and by virtue of the laws of the State of Oregon, having for their plan the preservation and marking of these and other sources of history, do hereby make and subscribe to the following Articles of incorporation, to-wit: "The name assumed by this society and by which it shall be known is the 'McLaughlin Memorial Association'—and its duration shall be unlimited.

"The object of this corporation is not gain but to teach patriotism, by cultivating admiration for the self-sacrificing heroism of the pioneers of early Oregon, who laid so broad and deep the foundations of this, our beloved commonwealth, and especially to honor Dr. John McLaughlin, whose unusual sympathy and broad humanity, saved many of those old heroes from want and possible starvation; to this end it is the purpose of this organization to preserve the old home of Dr. John McLaughlin as a memorial to him, and as a historic reminder of the struggles and hardships of the early pioneers, and to gather therein such relics and mementoes of that old time as may remind us of the heroic sacrifices made by them to found a great State on the Pacific frontier.

"It shall have for a further object the preservation of such other historic monuments, place and relics, as seems to it will best cultivate in our children and future generations love and veneration for our heroic past, and awaken in them a desire to imitate its virtues and heroisms.

"The association shall not be confined to the objects above enumerated, but shall have the power to erect commemorative monuments and buildings and locate memorial tablets and inscriptions, designating heroic deeds, places and events. Any building, so erected and preserved may be used as museums, libraries, rest rooms, reading rooms, art galleries, or to put to such other public purposes as the organization may deem proper.

"The estimated value of the property and money possessed by this society at the time of making these articles is the sum of \$100 and the sources of its income are the annual dues and voluntary contributions of its members, and the contributions of such other persons as are pleased with its purposes and wish to aid in its patriotic endeavors.

"The officers of this corporation shall consist of nine or more trustees, who shall be known as the trustees of the McLaughlin Memorial Association, and they shall be elected annually from the members thereof to hold office until their successors are elected and qualified. The number of trustees above nine may be increased or diminished at the pleasure of the Association.

"The location of this Association shall be at Oregon City, Oregon."
