**STAFFORD.**

The cold weather still continues, mercury going down to 15 degrees above on Sunday night.

We are sorry to hear that Mrs. Leeaman, of Willamette, formerly of Frog Pond, where she has many warm friends, and in Stafford also, has contracted pneumonia. She has been ill for some time with the typhoid fever which has been so prevalent in Willamette, but we hope to hear of her complete recovery soon.

Wm. Schatz and sons are making quite a clearing on the side hill, also Mr. Nussbaum and Adolph Delbak, and their lot fires at night make one think of old times when we boys used to delight in roasting ears, and popcorn by just such fires.

We hear that the fever still clings to Ernest Kruse, but hope to hear there is a turn for the better soon. Mrs. Athy, widow of Ben Athy, who was a pioneer in this part of the county, is having a serious siege with an attack of pneumonia.

The spring coil playfully turned and kicked him, the blow landing square on his new watch, denting it in and stopping the works, and the case could not be opened. He took it to a jeweler, but we have not heard how badly it was crippled. However, all agree the watch saved the boy's life.

Mr. Hartley, who was stricken with heart failure as he was helping a neighbor butcher hogs last Monday, had a great many old neighbors and friends from his old home in South Dakota, who were shocked by the news of his sudden death, and all who were able attended the funeral at Tualatin and followed him to his last resting place.

John Tiedeman, who had a severe cold last week, returned to his work at Mr. Gage's this week.

At the present writing the days are beautiful, but pretty cool for Oregon, and we enjoy the cool weather about as much as Texas and Arizona does. Seems like Cook and Peary had sent a portion of the North Pole down here to prove they found it. There seems to be many Doubting Thomases in the world.
