Huntley; piano selections, Humoresque Op. 6 No. 1 and 2, Nuptials, Lyrical Pieces, Santa E. Minor, Allegro, Moderato, Andante, Minuetto, Finale, by Miss Louisa Huntley. THE GRANGE FAIRS.

They Are Growing in Popularity Every Year.

Some Suggestions in the Line of Making These Fairs Most Profitable—The Young People Should Be Given Special Consideration.

[Special Correspondence.] There is a great opportunity for subordinate granges to do a good work by creating an interest in grange fairs, which are becoming more popular each year—no fairs got up by many days of planting and of hard work, but fairs got up for a day or an evening in a very simple manner.

There have been both benefit and pleasure derived from studying the exhibits which were brought in and arranged as the members came to the regular meeting. A part of a day spent in arranging the exhibits of members living nearest the hall would of course make it possible to have them arranged more artistically, and the woman's work committees would be the ones to have it in charge.

Do not try to give prizes to the older members, as it would take much time and trouble to judge the exhibits and award so many prizes, and much valuable discussion among the members concerning the different varieties of fruits and vegetables and the best methods of growing them would be lost, for no one would know to whom the different exhibits belonged if the names were left off so that they might be judged, but begin right now to interest your grange in offering first and second prizes to the children for a few things to be grown by them this year and exhibited at a grange fair next fall.

Have a special committee appointed to name some half dozen things to be grown by them, such as carrots, beets, popcorn, squash, sunflowers and asters, and to take charge of the purchasing of the premiums, which need not necessarily be expensive in order to please the children. Let them have a special table for their exhibits, and do all that you can to make it interesting for them, and you will be doing something toward helping to keep the boys and girls on the farm. Exhibits of fancy work and of old relics have been made very interesting in many granges where they have room to display them properly.

LIZZIE A. BREADS.

France's Woman Judge. Mme. Clemence Jusseau, the first woman in France to be invested with judicial honors, is remarkable in her way. She began her career as a couturiere, or dressmaker, and for the last dozen years she has been unremitting in her efforts to serve the toiling masses of which she is a member. By dint of argument and persuasion she succeeded in organizing the dressmakers into a syndicate, and she is secretary of the society. She is at that post every morning with the regularity of the clock. Her jurisdiction on the bench is confined to passing upon questions of wages of the laboring class where the laborer has been dismissed without the customary week's notice. Unless the wages exceed \$30 her decision is final.

CITY WILL BUILD NEW WATERWORKS

SPECIAL MEETING OF COUNCIL FOR PURPOSE OF PLANING NEW WORK.

AURORA, Or., Jan. 13.—The city council of Aurora met in special session Monday evening for the purpose of discussing the problem of erecting a new tower and tank to supplant those already in use. Recorder Fry and President Miller were appointed as a committee to ascertain data necessary and report at the next regular meeting, to be held the first Monday in February. An ordinance will be drawn and submitted at that time covering the entire subject. Bids for the contract will be asked, council members reserving the right to reject any or all of those received, should they prove unsatisfactory in any way. As published some time ago the exact size of the new structure has not yet been determined, but the tower will probably be about 80 feet in height supporting a tank with a capacity of about 30,000 to 45,000 gallons. Sufficient apparatus is already on hand to furnish water to the tank. The added security and advantage gained by this new water system is well worth the necessary outlay.

Real Estate Transfer.

The H. J. Ehlen place of 43 acres, two miles west of Aurora, was sold this week through A. F. Will to E. M. Welch, of Portland. Twenty acres lying one mile west of Hubbard was also taken over by Mr. Welch. Mr. Will engineering the deal. Phil Graves, who some time ago sold his property near Liberal has purchased 40 acres of an adjoining farm for his future home.

Miss Winchell, of Hood River, will replace Miss Stewart here, who is very generally liked by all who have come into contact with her during the period of her stay in this city.

He will move to Woodburn in the near future and make that place his home. The small child of Allie Welch, who has been so seriously ill for some time, has, under the efficient care of Dr. Benny, improved to such an extent that they expect to move it to Portland soon. No more trouble of this sort is expected now, as the child is rapidly convalescing.

Delbert and Gerald, the small children of Mr. and Mrs. Gould, who recently came here from Coquille City, are now improving from the typhoid fever and will again be around soon. Mr. and Mrs. Gould are from Dufur originally but sold their holdings there and are now looking for a suitable location. Mrs. Gould is a sister of Mrs. Higgenbotham, of this place.

Mrs. A. D. Yergon, of Yergonville, is in Portland this week. Frank Kraxberger, the mail carrier, is on the sick list and during his illness his daughter is attending to the mail route. Smith & Goebel recently disposed of the rest of their 1909 hop crop to the firm of Klaber, Wolf & Netter, who some time ago purchased the largest part of their holdings.

Charles Crittenden, of Hubbard, was in Aurora Tuesday looking up the real estate situation. James A. Miller, who is employed by the Southern Pacific Company at San Francisco, is spending a few weeks at the home of his parents, Mr. and Mrs. Geo. Miller, in Aurora. On Saturday evening last, the Pythian Sisters, of which lodge James is a member, gave him a surprise party that will long be remembered as one of the most pleasant he ever experienced. Those present were: Mr. and Mrs. Geo. Miller, James, Alvin, Ida, George, Jr., and Andrew Miller, Mr. and Mrs. H. A. One may always know that when the Aurora Pythian Sisters undertake anything there will be nothing left undone.

George Miller received a letter Monday morning appraising him of the death of Mrs. Fred Schlittler, at Elk Grove, California, January 8th, of heart failure. Mrs. Schlittler, with her husband, left Winlock, Washington, their home, about five weeks ago for the purpose of visiting a daughter at Elk Grove. While there Mrs. Schlittler took sick and died Monday morning with the body of his wife en route to Winlock, where interment took place in the family cemetery near their home, Tuesday. Mrs. Schlittler is a cousin of the Giesy family at Aurora, and visited here last summer.

Sam Miller's Black Mare Does Some Tail Bucking, but Alan Stays. Alan Gribble was the main attraction of a Wild West Show on a small scale held on the streets of Aurora Sunday. Sam Miller furnished the horse and gave a piece of money to stay with her until she did all the "spiking" she wanted to. Some very pretty riding ability was displayed and to the people of these parts it was a treat indeed. No difficulty was experienced in saddling the animal, but when the rider was up, there was a certainly "something doing" for a few minutes or until the beast was winded. Alan stayed with his place, however, and scratched her up the ribs in lively fashion. Another was then found, which was supposed to be un-ridable, but did not have the ginger of the first.
