OUR PUBLICITY WORK.

There is a grave fear expressed that the publicity work of the Oregon City Commercial Club will be abandoned. It is certainly apparent that the real spirit of harmony does not exist in the governing body on the fourth floor of the Masonic Temple and that the idea of co-operation with President Randall is not uppermost.

This is a matter that the members of the Commercial Club should immediately make a fight for. Either we are going forward, or we are going the other way, we are not going to stand still in this day and age and Progress will march past unless we are hospitable. If the reports that leak out of the executive chamber of the Board of Governors are correct, then that body should meet in the open club rooms, where the members can learn what is going on.

The appointment of a new committee to take charge of the distribution of the funds subscribed for publicity work has been held up through the action of the Board of Governors of the Commercial Club in declining to confirm the committee named last Tuesday night by Tom P. Randall, the new president of the club. Accordingly Mr. Randall, who was treasurer of the former publicity committee, has, at the request of the Board of Governors, transferred the balance of the money on hand, amounting to \$1192.85. Mr. Randall is expected to insist upon the appointment of the men he wants for his publicity committee and while the names of the suggested committee have not been made public, it is understood that Attorney O. D. Eby is to be the chairman. There seems to be a disposition on the part of the new Board of Governors to undervalue the work of the publicity department and this sentiment is very generally deplored. President Randall, himself, who has been connected with the publicity work in Oregon City ever since the work was started, is a firm believer in the efficiency of advertising of this character.

The high price of nearly everything that one eats is producing an agitation throughout the land. There is no state, town or community in which the subject is not felt and discussed. It may well be a matter of popular concern, for within the memory of an overwhelming majority of people now living, the cost of food stuffs to the consumer have well nigh doubled. It is said and believed that the original producer is getting but little more for the products of the farm, the truck garden, the orchard, and the dairy than he did years ago. Various causes are given or guessed for the increased cost to the consumer. Great quantities of food are held in cold storage elevators and otherwise for increased prices. The commission merchants and green grocers are coming in for a deal of criticism. The Secretary of Agriculture says that there are too many crooks. Senator Dooliver says that too many men and women are living in the cities, and all say that this country through extravagance and prosperity has encouraged high prices and wastefulness until the means of life are more difficult here than in those countries that we once referred to with pity and contempt as the "effete monarchies."

PASSING AWAY OF MRS. D. O. LEAVENS

HIGHLY RESPECTED WOMAN IS VICTIM OF TYPHOID FEVER.

Mary Helen, wife of D. O. Leavens, a highly respected woman of Willamette, passed away at the Good Samaritan Hospital, Portland, Monday evening at 5 o'clock, after a five weeks' illness of typhoid fever. Mrs. Leavens had been confined in the hospital since her illness, and was improving until erysipelas complications set in, which was the immediate cause of her death. Mrs. Leavens' maiden name was Mary Helen Nicholson, and was born March 4, 1851, at Muscatine, Iowa. In May, 1874, she was united in marriage to D. O. Leavens, and with her husband came to Cascade Locks 20 years ago, where they resided until six years ago, when they came to Willamette, where they have since made their home.

Besides the husband, the deceased leaves six children: Fred, of Portland; Mrs. Mamie Wallace, of Seattle, Wash.; Mrs. Rose Wallis, Mrs. Daisy Twombly, Elmer E. and Willie Leavens, of Willamette. During her residence in Willamette and at Cascade Locks, Mrs. Leavens has made a host of friends by her kindly disposition and her death is mourned by all who knew her. The funeral services were held here Wednesday afternoon at 2 o'clock from the Methodist church, Rev. R. C. Blackwell officiating. The interment was in the Mountain View cemetery.

PASO ROBLES SPRINGS

WOMEN AT THE VERGE OF DEPAIR ARE RESTORED TO FRESH HEALTH.

The Hot Springs at Paso Robles, California, are beyond doubt the greatest natural active agency in America for the restoration of female health. Most women today are suffering silently pain, unhappiness and disappointment because of their inability to cure themselves of woman's ills. They have drugged themselves and have tried other means for relief, but are still hopelessly seeking health in the same channels year after year. Paso Robles waters contain all that seems to be required by the system to regulate the delicate machine of woman, while the perfect air, the beautiful scenery and pleasant surroundings bring peace and quiet to the sensitive nerves of women so necessary to her health. In the hotels and boarding houses one meets people of all degrees, for these springs know no class, quality or station of life. Paso Robles gives health to all who seek its waters and its air. The bath houses are wonders of modern science and comfort.

For such nervous, suffering women, no matter what condition of health they may be in, Paso Robles is a refuge for certain health. No one, unless he or she be afflicted with tuberculosis or some unclean malady, is denied the use of the baths. All of our descriptions can be had—sulphur, mud, vapor, hot, steam and cold while the drinking of the waters serves to bring relief for all manner of stomach, neurotic, kidney and other troubles.

Paso Robles is not a dream of some far away Mecca where health awaits at the end of a costly journey, but in a spot within California where health may be had free for the asking and man and woman may be cured if they will but try. A small book, neatly illustrated, has been recently published by the management telling the story of the Hot Springs in a most interesting manner and giving complete information. Send for it, either to Wm. McMurray, General Passenger Agent of the O. R. & N., Portland, Ore., or Dr. F. W. Sawyer, Manager, Paso Robles, Cal.
