

NATURE'S GREAT HEALTH FOUNTAINS

THEY ESPECIALLY BENEFIT THE WOMEN.

Are Declared by Scientists to be the Real Curative Means for Ill Health.

Recent scientific comparisons in Europe of the world's mineral springs are particularly interesting at this time.

Each of the European health resorts are given great detail of worth, both as to quality of water and air, treatment and patronage.

The famous health waters of Asia, India, Japan and the South Seas are given much attention and consideration but what is particularly interesting to Americans and especially to Californians and the people of the Pacific Coast is the fact that Paso Robles Hot Springs is recognized as the ideally perfect health resort and its cures are most miraculous.

Paso Robles has long been known to Californians, for here it was that the Indians for centuries came to treat their sick, even making dangerous journeys for hundreds of miles, fighting their way through hostile tribes to reach these waters.

The town of Paso Robles is located on uplands of great beauty. It lies 20 miles from the sea, is 750 feet above sea level and is sheltered round about by a perfect wall of mountain ranges so that the sea air is tempered with hot land winds, filtered and cooled and given to Paso Robles in a perfect state.

The waters at the springs come forth both hot and cold. Here is mineral mud also and other forms of water treatment recognized by science for curative purposes.

Rheumatism, gout, stomach and kidney diseases seem to be the most prevalent at Paso Robles, although the waters are unfailing for female complaints and all forms of nervous disorders.

Paso Robles is not a resort like those of Europe where only the rich attend. You may find scores of poor people living in tents or in lodging houses, who come here and are cured with little cost except that necessary to keep them under shelter and to furnish meals. No one is denied use of its waters, except those suffering with tuberculosis or unclean disease.

The rich have their exclusive and luxurious hotel and private baths, while the medium purse may select comfortable and desirable quarters in hotel, or private boarding house.

Paso Robles Hot Springs is indeed worthy of the estimate placed upon it by foreign thinkers, as it cures and its generous policy towards health seekers make it a spot worthy of America and California.

A small book, neatly illustrated, has been recently published by the management telling the story of the Hot Springs in a most interesting manner and giving complete information. Send for it, either to Wm. McMurray, General Passenger Agent of the O. R. & N., Portland, Ore., or Dr. F. W. Sawyer, Manager, Paso Robles, California.
