When You-Think

Of the pain which many women experience with every month it makes the gentleness and kindness always asspectated with womanhood seem to be almost a miracle While in general no woman rebels against what she refords as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick womer well, and gives them freedom from pain. It establishes regularity, subdues inflam-mation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free, All correspondence strictly private and sucredly co-ifidential. Write without fear and without fee to World's Dispensary Med-ical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing anty, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser-revised, up-to-date edition, in paper covers. A SHORT EXPLANATION OF THE CHECK ACCOUNT

You deposit whatever money you wish in the bank, and a specimen of your signature is taken and filed. The bank will furnish you with a Pass Book in which the amount of your deposit will be entered, you will also be furnished with a book of blank checks, no charge being made for these books. You are now prepared to issue a check at any time, or place, for the amount you wish to pay. Having the money in bank, and the signature to the check corresponding with that on file, the amount will be paid to the person named therein, upon his signing his name on the back of the check. The amount of the check is then charged to your account, and the check is canceled and filed away to be returned to you when your Pass Book is written up. In this manner you have a complete record of the transaction and a receipt for the money paid. You will find the Check Account simple, convenient and a safeguard for your payments.
