Drying preparations simply develop dry catarrh. They dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and restores. Ely's Cream Balm will master catarrh of the head easily and pleasantly. All druggists sell the 50 cent size. Ely Brothers, 65 Warren Street, New York.

The Balm is used without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieves immediately the painful inflammation. Ely's Cream Balm contains no opium, mercury or other harmful drugs.
