But I've always been strong for havin' my own home bright and cheery as well as sanitary. And if it will help you any to know how to make your homes the same, take it from me, I did it by usin' the real housecleaners—paints, varnishes, stains and enamels. I'm here at this store representin' the Sherwin-Williams line of established paints, varnishes and Brighten Up Finishes. My mission is to assist the housewife in the use of the line I represent. #### Paint Brushes

Good brushes are as necessary to a good job of painting as good paint—and a good painter.

We carry the Adams brushes—the best made. While they are the highest grade brushes made in the world, the prices are not high. We sell a one-inch varnish brush good enough for any small job of staining or varnishing for 10 to 15 cents, and a brush good enough and big enough to paint a house with for \$1.

Expert painters demand higher priced brushes up \$2.50 and \$3. We have them.

#### SPRAY NOW

Every dollar you spend in careful spraying now will be returned to you a hundredfold.

Now is the time to kill the insects. Agricultural Colleges and U. S. Experiment Stations recommend Arsenate of Lead as the most effective insecticide or insect killer.

We have the very best Arsenate of Lead made—Sherwin-Williams. Because of its peculiar preparation it clings longer to the foliage, is a more effective killer and is economical to use. 1lb jars to 50lb kegs.

If you only knew how simple and easy is the kodak way of taking good pictures, you would not deprive yourself of that pleasure any longer. Let us show you.

Brownie Cameras.....\$1 to \$9  
Pocket Kodaks.....\$10 to \$25

All the new things from Kodaktown.

#### VICTOR

\$1 A WEEK

Makes you the owner of the greatest musical instrument the world has ever known—The Victor. Come in and hear it and ask about our "Easy Payment" plan. Or take one home and try it a week free if you wish.

#### Nine Out of Ten

Of our customers that ask for a cough remedy instinctively say "a 25c bottle of Huntley's White Pine Balsam." We believe the other one would say "White Pine," too, if he knew what a fine cough remedy it was. It's safe for the baby, as well as the grown-ups. Buy a bottle, and stop coughing.

#### Good Paint

Sherwin-Williams Paint

There's economy in it. Saves the painters' time by spreading easy.

Saves the cost of material by covering most surface to the gallon.

Saves in final cost by wearing longer.

With linseed oil at 97c and lead at 84c, S-W. paint at \$2 per gallon it is 20 per cent the cheaper. Send for color cards.

#### Filling Prescriptions

Is the most important part of our business. Few stores in Oregon are as well equipped for this important work as is ours.

Four competent registered druggists do the work; careful supervision of the quality of all drugs that enter our prescription department; careful checking of all work that goes out; honest prices. We want your prescription work, whoever is your doctor.

**Complete** That's the word for our paint store. We take the same pride in having our paint store complete as our drug store. Every article of merit that should be in a fully equipped paint store is here.

Equally important is the fact that our paint man knows his business; the information and advice that you get here can be relied upon.

Finally, our prices are as low as those of any paint store in Portland; lower than many—and you save the freight. Have a talk with our paint man; it places you under no obligations to buy of us.
