

CANBY AND SOUTHERN CLACKAMAS

Rhubarb and Asparagus Successfully Raised in Canby.

There is no doubt but that some of the finest rhubarb and asparagus that is raised in the state of Oregon is that raised in Canby. Among those who are making a specialty in these two varieties of vegetables, and who are making a success of it are A. M. Vinyard, Fred Hampton, A. R. Cummings

and Mr. Douglas. Large quantities are being cut each day and shipped to Portland and local markets, where there is a steady demand at good prices.

The above illustration is that of the Riverside Farm owned by A. R. Cummings, who is one of the most successful farmers in the county. His ab-acre farm shows energy and enterprise, it being well kept, well farmed,

and there is every evidence of scientific knowledge of farming. Last summer he shipped over nine tons of rhubarb from his Riverside farm, which is shown in the above picture.

This is now a busy season for the asparagus and rhubarb growers, and it is estimated from present indications that many hundreds of pounds will be shipped from here to the Portland markets.
