WEALTH OF ROSES.

The fourth annual Rose Show of the Clackamas County Rose Society will open this afternoon in Woodmen of the World hall, and a wealth of beautiful blossoms will be on display.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent dizziness and invigorate the whole system.

Bumper crops throughout the Willamette Valley in hay, grains and fruits are reported.

An event of interest to the whole state is the quarter centennial jubilee of the Oregon Agricultural College to be held on the college campus June 10-14.

Queen Rhododendra has ruled during the past week at Florence, Or., where the annual festival of flowers has been under way.

Portland has now the biggest bank in the Pacific Northwest. The First National of that city has lately increased its capital stock from \$500,000 to \$1,500,000.

Do You Want to Buy? Tell you what it's for its name tells, Dr. Bell's Pine-Tar-Honey is the best cough medicine and several million people already know it.

Arrangements are in progress for the biennial banquet of the Clackamas County Democracy, which will be held Saturday evening, June 18, in Woodmen of the World Hall.

Do You Get the Best? If you have a cough, cold, asthma, croup or any throat or bronchial trouble and use Dr. Bell's Pine-Tar-Honey, you do. Look for the Bell on the Bottle. Sold by Jones Drug Co.

Do You Get the Best? If you want old newspapers call at Enterprise office. Free.

A SURPLUS FROM YOUR DAY'S WORK

- Have you any good reason for not saving? Ask yourself and find out if you have. By saving you provide for the future by storing up the surplus of each day's labor. This surplus is practically a mortgage on the future, a source of additional income. This surplus, saved now, will be of much greater value to you in the future, through its accumulations, than if spent now in dribbles.

THE BANK OF OREGON CITY

VALUE OF GOOD ROADS.

They Would Tend to Lower the Cost of Living.

The 2,000,000 miles of unimproved roads which the country has to its discredit are as heavy a burden upon the unfortunate "ultimate consumer" as is an excessive tariff.

For instance, it costs an average of almost 2 cents more to haul a bushel of wheat from the farm to the station nine miles away than it does to ship a bushel of wheat from New York to Liverpool, 3,100 miles away.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent dizziness and invigorate the whole system.

Good Highways Uplifting. There is nothing that contributes more to rural uplift than good roads. For social and economic improvement communication must be easy.

The Best Remedy. For all kinds of sore eyes is Sutherland's Eagle Salve.

Build For Permanency. Land and property, said a speaker at a good roads convention, were valuable in proportion to their accessibility to market or pleasure, and wherever adds to the accessibility enhances value.

Can be cured without cauterizing or scarifying by the use of Sutherland's Eagle Eye Salve. We guarantee it to cure. 25c everywhere. Sold by Jones Drug Co.

A Unique Improvement Scheme. Says a recent writer: "I know of a local paper whose editor interviews all the mail carriers when the roads are in good condition to drag after each rain and secures the names of all the men who donate work on the road.

Don't be Annoyed. With skin troubles, chaps, pimples, blackheads, eczema or sores. When one 25c box of Dr. Bell's Antiseptic Salve will cure you. Try it at once. Sold by Jones Drug Co.

TO FORCE ROAD BUILDING.

Negligent Supervisors Will Be Prosecuted by Altoona Autoists. Finding that requests and entreaties had failed, officials of the Altoona (Pa.) Motor club have been instructed to take legal steps to compel road supervisors to clear the public roads of loose stones and put the highways in good condition.

Do You Get the Best? If you have a cough, cold, asthma, croup or any throat or bronchial trouble and use Dr. Bell's Pine-Tar-Honey, you do. Look for the Bell on the Bottle. Sold by Jones Drug Co.

MILWAUKEE and Northwestern Clackamas

MILWAUKEE. Geo. Hively sold his home in Milwaukee to Mr. F. Arrh. Mr. Arrh bought the place as an investment. Mr. Hively has resigned as carrier on Route No. 2, and soon as his successor is appointed, he will move his family to his farm on the Clackamas, where they will make their future home.

The Associated Catholic Societies of Portland held a picnic at Crystal Lake Park on Decoration Day. About 4000 people enjoyed the beauty of the park. There was a well played ball game between the Fulton Stars and the C. Y. M. team in the afternoon and dancing in the evening.

The Milwaukee Juniors won the game from the Sellwood team on Decoration Day by a score of 9 to 5. Mrs. Katherine Witte and grandson, Irving Witte, are spending a few weeks with Mr. and Mrs. O. F. Witte. Snyder's Bakery caught fire Tuesday morning and but for the prompt action of those present would have burned down.

Mr. Charles has been on the sick list this week. Henry Phillips who was ill for several days is able to be around again.

It is now six months since the supreme court granted the 5 cent fare to Milwaukee and the 10 cent to Oak Grove, but through the technical tactics of the O. W. P. Co. the case is still in the supreme court. It does not seem possible that the supreme court will permit the company to keep the people of Milwaukee out of their just rights much longer.

The graduating exercises will be held in the assembly hall of the school Saturday evening. Prof. J. H. Ackerman will make the principal address of the evening. County School Superintendent T. J. Gary will also make a short address. It is expected that Philip Strieb, chairman of the Board of Directors, will be home from his trip east and will present the diplomas.

Milwaukee and Northwestern Clackamas

MILWAUKEE.

Owing to the rainy night, the lawn social which was held at Stone Gables on Saturday evening was not very largely attended, but the tables for ice cream and berries were placed in the dining-room and living-room and a jolly good time was had by the thirty who were present. A great deal of fun was had by the younger set on the sleeping balcony, which was decorated with lanterns for the occasion.

A neat sum of two numbers in the dollars place was realized by the club. A vote of thanks was extended to Portland friends who kindly donated the lanterns and helped the club so generously in other ways.

Mr. and Mrs. Grant Lewis are enjoying camping life among the beautiful trees near Mr. L. Wilcox's home. Mrs. Harless, of Molalla, who visited her sister, Mrs. H. J. Rier, last year, at the Lodge, passed away very suddenly at home last week.

Mr. Phillips, of Forest Grove, was a business caller at the Lodge and while here took the contract for the lighting system to be placed in Walter Beckner's new home. At present Mr. Beckner is busily engaged in staving his house.

P. D. Newell is having a barn built on his fruit ranch at this place. David Clarke is doing the carpenter work. L. Shenfeld's new home is being rapidly completed and the family will remove to their new home this week.

Rev. J. A. Goodie, of Lents, will lecture at the church on "Temperance" next Sunday night. All are cordially invited to attend.

Miss Susie Tracey, from Portland, is visiting at the home of Miss Ollie Patton.

Barth Luther was brought home last Saturday from the hospital and is able to walk around.

C. G. Millard, wife and family, left for Cornelius last Friday morning, returning Sunday. They had been to visit with relatives.

Miss Bertha Rosenau visited with Miss Hulda Kenne Saturday.

The basket social given by the Harmony Nine was well attended, and the proceeds from the sale of baskets and ice cream netted the boys about \$25 clear. Good for the boys.

Last Saturday the baseball game between Harmony and Alberta was a well played game, the score being 12 to 14 in favor of Alberta.

Children Cry FOR FLETCHER'S CASTORIA

E. L. Toedemeier, a prominent farmer of Sherwood, was in Oregon City on business Thursday.

Strawberry boxes and crates at the Oregon City Commission House.

Mild Sensation at Council Meeting. There was rather a mild sensation at Wednesday night's meeting of the city council, when E. R. Case, who conducts a saloon at Main and Fifth streets, was brought before that body by Chief of Police Burns to answer a complaint that liquor was being sold on Sundays in a restaurant under the same roof as the saloon.

Wool sacks for sale at Oregon City Commission House.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. The liniment is not only prompt and effective, but is in no way disagreeable to use. Sold by all dealers.

With Linseed Oil selling at wholesale for 104 cents per gallon and White Lead at 8 1/2 cents per pound no one can afford to mix their own paint when they can buy Sherwin-Williams at \$2.00 per gallon.

At this price S. W. P. costs no more than hand made paint and will give you at least two years more wear. We have just had notification of the second advance in price of Sherwin-Williams paint but we shall continue the present retail price as long as we can or at least until we have to buy more stock at the advanced price.

Why not get your paint now because it is sure to go higher soon. Commonwealth Barn Red is made by S. & W. for a good low priced paint—one that anyone can afford to use.

\$1.00 Per Gallon HUNTLEY BROS. CO. The Rexall Store

would not undertake it. The usual procedure of the Government in case of a failure to agree on the price to be paid for the locks provides that a survey for a new canal be made which would include all or a portion of the present canal. This would result in the Government's starting condemnation proceedings, thereby leaving it to the United States courts to fix the value of the present canal and locks.

"It cured me," or "it saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval.

The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

So prompt was the assistance and so thorough the surgeon's work, that Engle was almost as well and strong as the physician who attended him, and care in the healing of his other lesions is all that is required to have him on his feet within a week or two.

Stitches of the heart, now not uncommon in medical practice, were until late years considered impossible. The first successful operation recorded was achieved by Rehn, a German surgeon, not many years since. His patient was a gardener who had sustained a stab wound in the heart. Defying precedent, the surgeon made an incision five inches long and tried to lift out the edges of the pericardium with forceps, but it tore. The wound could be seen only at the diastole, and stitches were taken at the top of one beat and tied at the next. The patient fully recovered.

Since then there have been 66 cases collected by one author on the subject, of which 26 recovered. Great impetus has been given to this branch of surgery by researches made at the Rockefeller Institute in New York, and the maximum skill of the human hand is the only limitation to the feats that may be accomplished in suturing wounds of this nature.

WONDERFUL OPERATION (Continued from page 1)

In the point of the heart, not deep enough to affect the flow of blood through the valves of the heart, but practically sure to cause a rupture of the organ if not quickly attended to. The bullet had ranged on into the muscles of the back and search for it was not prosecuted. Then the wonderful skill of the modern surgeon was seen at its maximum efficiency. The beating heart was raised through the opening in the chest wall and held in one of the surgeon's hands, while the fingers of the other held a surgical needle equipped with silk thread. As the heart came to rest after its diastole or first beat, the needle was quickly slipped through the lips of the wound. Then came the systole, or second beat, and the surgeon waited, all attention.

When the heart again came to rest, the thread was tied with one swift motion of the fingers. Then

MARKETING by TELEPHONE YOUR Faithful Bell Telephone, always at your elbow, steadily increases in usefulness. It does a score of errands while a messenger is doing one. You come to accept telephone service as a matter of course, like the air you breathe or the water you drink.

Your Bell Telephone performs these daily services of neighborhood communication, and it does more—it is a unit in the universal system and enables you to reach any one any time within the range of the Long Distance Service.

Pacific Telephone and Telegraph Co. Every Bell Telephone is the Center of the System

FREE LOCKS ASSURED (Continued from page 1)

1902 the General Electric Company offered to sell the locks to the Government for \$1,200,000, which was not even considered by the War Department, as it was held to be out of all proportion to their value.

Years ago the chief engineer estimated that the new locks could be built for \$450,000, but on account of the great increase in the cost of labor and materials it is not believed that the present system of locks can be duplicated at this time for less than \$600,000, the amount which will be in the hands of the Secretary of War after the passage of the River and Harbor bill.

It is not believed that the problem of free passage at Oregon City will be solved by building new locks on the east side of the river. The cost of a right-of-way would in all probability be so great that the Government
